Report of Audit

1350 South 1st St.
Louisville, Ky.
July 15th, 1970

Mr. Theodore A. Sanford, Secretary and Treasurer,
Kentucky High School Athletic Association,
Lexington, Kentucky

Dear Mr. Sanford:

Pursuant to instructions received, we have made an Audit of the Books and Records of the KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION for the period of one year, beginning July 1st, 1969, and ending June 30th, 1970. In addition we have prepared and attach hereto Statements of Receipts and Disbursements which, in our opinion, reflect the true financial condition of the association as of June 30th, 1970.

The Cash Funds and the U. S. Savings Bonds Account were found to be correct and verified by letter from your depositories.

We find the records presented to us for the purpose of Audit to be in agreement and in good condition.

Respectfully Submitted
Huet L. Johnson,
CERTIFIED PUBLIC ACCOUNTANT

Football Clinics

The 1970 clinics for football officials and coaches will be conducted by Assistant Commissioner Billy V. Wise. The dates and sites of the clinics are as follows: August 10, Bell County High School, Pineville, 7:30 p.m.; August 11, Hazard High School, 7:30 p.m.; August 12, Prestonsburg High School, 7:30 p.m.; August 13, Paul G. Blazer High School, Ashland, 7:30 p.m.; August 17, Henderson High School, 7:30 p.m.; August 18, Reidland Community Bldg., Paducah, 7:30 p.m.; August 19, Mayfield High School, 7:30 p.m.; August 20, Hopkinsville High School, 7:30 p.m.; August 21, Reservoir Hill, Rec. Center, Bowling Green, 7:30 p.m.; August 25, Kentucky Hotel, Louisville, 7:30 p.m.; August 26, Transylvania College, Lexington, 7:30 p.m.; August 30, Campbell County High School, Alexandria, 2:00 p.m.

Registration of Officials

Football and basketball officials previously registered have received their renewal application cards for the 1970-71 school year. Three hundred seventy-three of these officials failed to file their 1969-70 reports on or before the deadline set by the Board of Control for the submitting of reports, and it was necessary to impose fines on these officials who failed to comply with Association rules. It is an Association requirement that each registered official attend the clinic in the sport in which he is registered. Thirty-five football officials, one hundred thirty-seven basketball officials, and sixty-four baseball officials were suspended in 1969-70 for failure to attend clinics.

Attention, Principals!

Each principal of a K.H.S.A.A. member school will be supplied during the forthcoming school year with a card which will say: "Kentucky High School Athletic Association—This will introduce (name of principal), (name of school)." The card will be signed by the Commissioner. Most administrators of Association member schools admit to their home contests fellow administrators as a matter of school policy. However, many times these visitors hesitate to identify themselves to the ticket takers. The card mentioned will assist in this identification.

The identification cards are not to be considered as regular season passes to home games of member schools of the K.H.S.A.A. The determining factor in the cards being accepted as passes is the policy of the individual school.

The identification card may be used for admission to all events at the state level except the State Basketball Tournament. A different plan for issuing these passes, along with passes to the district and regional basketball tournaments, is provided in basketball tournament regulations.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. office, Lexington, on Thursday morning, June 4, 1970. The meeting was called to order by President Ralph C. Dorsey at 10:00, with Board members Morton Combs, W. H. Crowdus, Don Davis, Tom Mills, and Richard Vincent; Commissioner Theo. A. Sanford, and Assistant Commissioners J. B. Mansfield and Billy V. Wise present. The invocation was given by W. H. Crowdus.

Don Davis moved, seconded by W. H. Crowdus, that the reading of the minutes of the April 16th meeting be waived since members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner presented certain suggested changes in K.H.S.A.A. regulations. These were: In Girls' Track, eliminate the 75-Yard Dash from the list of events, change 70-yard Hurdles to 80-Yard Hurdles, and add the Mile Relay;

Change Gymnastics Rule VI, Scoring, to read as follows: "The scores earned by the top three determine the team score for that event. The event score, excluding the All-Around score, shall be added to determine the final team score. An individual's scores in the Olympic events (six for men—floor exercise, horizontal bar, long horse vault, parallel bars, rings, side horse; four for women—balance beam, floor exercise, side horse vaulting, uneven parallel bars) shall be added to yield the individual's All-Around score."

W. H. Crowdus moved, seconded by Richard Vincent, that the rules changes recommended by the Commissioner be adopted. The motion was carried unanimously.

W. H. Crowdus, a member of the Retirement Committee, made a report for his committee in the absence of Chairman Foster J. Sanders. He presented a Pension Plan Agreement for executives which had been prepared by the Retirement Committee with the assistance of Attorney Calvert T. Roszell. Copies of the agreement were given to members of the Board. Mr. Crowdus explained the plan and was assisted by the Commissioner in answering questions concerning the agreement. After a discussion of the plan, W. H. Crowdus moved, seconded by Tom Mills, that the Pension Agreement for executives prepared by the Retirement Committee be accepted by the Kentucky High School Athletic Association through its Board of Control; that the plan be put into effect as of June 5, 1970; and that the funds presently in the K.H.S.A.A. Retirement Fund, in the approximate amount of \$63,000.00, none of which has been allocated to any express retirement plan, be applied for the purpose of funding this Agreement. The motion was carried unanimously.

It was suggested at this time that the Board go into executive session for discussion of salaries. At the conclusion of the session, after the return of Messrs. Sanford, Mansfield, and Wise, Richard Vincent moved, seconded by Morton Combs, that Commissioner Theo. A. Sanford be re-elected for a period of one year, beginning July 1, 1970, at an annual salary of \$21,500.00; and that the annual salaries of Assistant Commissioners Mansfield and Wise be set respectively at \$18,500.00 and \$13,500.00. The motion was carried unanimously.

Speaking for the Personnel and Policy Committee, Richard Vincent moved, seconded by Morton Combs, that a transfer of \$10,000.00 be made from the General Fund to the Retirement Fund. The motion was carried unanimously.

The Commissioner stated that in June of 1969 the Personnel and Policy Committee, acting under a directive of the Board of Control, had employed

Billy V. Wise as an Assistant Commissioner for a period of approximately four years, said action of the Committee having been approved in the Board meeting of August 16, 1969. He recommended that the present term of Assistant Commissioner Wise be considered as terminating on June 30, 1973, this to allow the terms of all executives to expire at the ends of the fiscal years involved. Tom Mills moved, seconded by W. H. Crowds, that the recommendation of the Commissioner be accepted. The motion was carried unanimously.

The Commissioner presented to the Board the 1970-71 K.H.S.A.A. budget, the budget being amended to include the salaries for the executives mentioned. The estimated receipts are \$240,950.00, and estimated disbursements are \$240,350.00. Don Davis moved, seconded by W. H. Crowds, that the 1970-71 budget as presented be adopted. The motion was carried unanimously.

Chairman Don Davis of the Building Committee made a report for his committee. He stated that the Building Committee had been negotiating with the University of Kentucky for a building site of approximately one acre in size on which to construct a new K.H.S.A.A. office building, the site involved being on Cooper Drive near the present E.T.V. Building. He stated that the K.H.S.A.A. needed to expand its facilities, and that the University of Kentucky was interested in purchasing the present K.H.S.A.A. Office Building to expand its educational facilities. Mr. Davis further stated that appraisals on both properties had been made by appraisal firms representing the University of Kentucky and the K.H.S.A.A., and that the purchase prices had been agreed upon by the Building Committee and by certain representatives of the University of Kentucky. Don Davis moved, seconded by Tom Mills, that the K.H.S.A.A. Building Committee be directed to have plans and specifications prepared for the proposed new K.H.S.A.A. building, and that the President and Secretary be authorized to sign for the Board of Control and the K.H.S.A.A. a sale and purchase contract with the University of Kentucky for the transfer of certain property owned by each party, said sale and purchase contract having first had the approval of the Association's attorney. The motion was carried unanimously.

The Commissioner discussed with members of the Board a request of Ath. Dir. Pete Grigsby, Jr., of the McDowell High School, that K.H.S.A.A. Basketball Rule IX, Section C, be amended to provide district tournament seeding of the two top teams in each district; and that seeding by conference standings be included in the rule as a fifth

The Thomas Jefferson High School Rifle team won the 9th State Rifle Championship on April 25, with the team score of 1363. It was the first state win for the Jefferson County school. Paul Pasky of the Seneca High School won individual honors with 284 points.

Five teams competed in the tournament, which was held at the Thomas Jefferson High School. Major Russell Bittle of the Louisville Male High School managed the tournament. Male High School was second in scoring with 1342, and Paul Blazer High School was third with 1307. Team and individual scores were as follows:

Thomas Jefferson (1363)—Ray, 276; Volz, 273; Farmer, 273; Webb, 271; Pittelko, 270.

Male (1342)—Mullen, 282; Reed, 276; Miller, 266; Woods, 262; Malone, 256.

Paul Blazer (1307)—Stamper, 271; Daniel, 269; Wessel, 266; Caldwell, 253; Calvert, 248.

Owensboro (1298)—Matthews, 276; McGehee, 270; Reel, 268; Pate, 243; Williams, 232.

Seneca (1266)—Pasky, 284; Aydt, 258; Trask, 255; M. Demuth, 242; J. Demuth, 227.

method of seeding. It was the opinion of Board members that seeding may work out very well in many districts, but that it would not be advisable to amend the rule involved so that seeding the two top teams in each district would be mandatory. The Commissioner pointed out that the four methods of seeding listed in K.H.S.A.A. Basketball Rule IX-C are only suggested methods, and that seeding by conference standings could be done in any basketball district by majority vote of the school representatives involved.

The Board set October 3 as the date for its fall meeting.

Tom Mills moved, seconded by Richard Vincent, that all bills of the Association for the period beginning April 1, 1970, and ending May 31, 1970, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

Minutes of Meeting

K.H.S.A.A. Gymnastics Meeting
Lexington, Ky., May 26, 1970

The Kentucky High School Athletic Association Gymnastics Committee met at the KHSAA Building, Lexington, Kentucky, on May 26, 1970. The meeting was called to order by the Chairman, Bernard "Skeeter" Johnson, at 7:29 p.m. Present at the meeting were Susan Burckle, James "Cap" Caudill, Andrew "Andy" Hopkins, George Jefferson, Bernard "Skeeter" Johnson, Sheila Kuhlman, Jim Nance, and Ted Sanford.

The Chairman announced that Barney R. Groves had resigned as a member of the committee since he was leaving Kentucky to accept a position in Richmond, Virginia.

Mr. Sanford stated that the State Gymnastics Meet would be held on February 20, 1971. The February date was set so as not to conflict with other KHSAA activities.

After a brief discussion, the Committee decided that the 1971 KHSAA Gymnastics Meet would be held in Lexington with a recommendation that it be held in Louisville the following year.

The Committee revised the K.H.S.A.A. Gymnastics Rules and made the following changes:

1. Tumbling, Trampoline, and All-Around will be Special Events. (These events will not be included in team points.)
2. Team scores will be determined by calculating the top three individual scores for each event, excluding Tumbling, Trampoline, and All-Around scores.

3. Each participant must have represented his school in at least one interscholastic gymnastics meet during the year to be eligible to enter the State Gymnastics Meet. (Must be between schools.)
4. The table of difficulty for vaulting was updated. The height of the horse for boys vaulting was set at 53". Two vaults per person will be executed and the best score will be the final score.
5. The Girls' rules will be taken from the Division of Girls' and Women's Sports (DGWS) 70-72. The Committee recommended that coaches use the Federation International Gymnastics (F.I.G.) Code of Points for more detailed information concerning Gymnastics competition.
6. The low bar of the uneven parallel bars may be adjusted (length and/or width). (Two uneven parallel bars will be made available to facilitate time problem. While one person is performing, the next person will adjust the other set of uneven parallel bars.)
7. The head spring vault will not be accepted as a vault for girls.

The meeting adjourned at 9:20 p.m.

Respectfully submitted,
Bernard M. Johnson

In Support Of Ankles

The wisdom of wrapping or taping of ankles as a measure to prevent serious ankle injury is currently being re-examined, on the grounds that such measures are not effective in preventing serious sprains, fractures and dislocations. The questioners point out that such injuries occur anyway in players whose ankles had been wrapped or taped. They contend further that the ability of the ankle joint to undergo inversion (inward turning) and eversion (outward turning) is one form of projection to the knee joint also when the foot is fixed to the ground while the weight of the body is turned against the lower extremity.

Wrapping or taping of the ankle — so that argument goes — serves to limit its mobility and thereby places a greater strain on the knee and favors more serious injuries to that joint. Finally, one critic insists that neither taping nor wrapping exert any appreciable limitation on ankle motion for more than the first ten minutes of exercise anyway (this point appears to contravene the allegation that wrapping or taping poses a serious threat to the knee).

There is very scanty statistical observation or experimental evidence to confirm or deny these allegations. What little there is, however, tends to confirm that the common practice of wrapping and taping ankles is truly a measure of significant value in the prevention of serious ankle, and perhaps even knee, injuries.

These studies are on record dealing with the effects on ankle action of wrapping and taping the ankles, all in 1962 and 1963. In one, three different taping techniques were used and ankle motion measured before and after a specified exercise by means of an electric goniometer. In the second, the resistance of four different adhesive strapings to a force of plantar flexion and inversion was tested before and after exercise for ten minutes. The third used the same means of testing the resistance of the ankle ligaments to stress when the ankle was unwrapped, or in a cloth wrap or taped over stockinette, or taped directly to the skin. Measurements were taken before and after a standard exercise carried on for five minutes.

To summarize these three studies briefly: (a) the feasibility of restricting lateral motion of the

ankle without impairing plantar flexion and dorsiflexion was demonstrated; (b) adhesive tape applied directly to the skin was superior to any other method, and cloth wrapping the least effective; and (c) a significant amount of restriction of ankle movement could be maintained with adhesive strapping after ten minutes of vigorous movement. Of the various adhesive strappings tested, the basket weave with stirrups and heel lock seemed to provide the best protection and maintained 60 per cent of its effectiveness after ten minutes of vigorous exercise. Even at that time the protection it afforded was superior to that provided by the cloth wrap before exercise.

To revert to the commonality of experience, the observed occurrence of ankle dislocations and fractures is relatively small in football when one considers the major forces involved. On the other hand the number of ankle sprains is relatively high. It is therefore entirely conceivable that many of these sprains would have become fractures or dislocations were it not for the restraining effect of the taping or wrapping applied to the ankle.

Any change in the present practices of taping and wrapping ankles, other than in improving them; should be avoided until substantial proof can be presented to indicate that these practices are wrong.

Football Examination

Part II of the National Federation Football Examination for officials will be given in Kentucky on Monday, September 21. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the Approved rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. After an official has received the Certified rating, he continues to receive this rating each year provided that he attends the clinic for that year and has worked in at least six first team high school football games during the previous year.

Sports Injuries: Football

Wednesday evening, August 26, at 9:30, most ETV stations in the state will carry a program fifty-two minutes in length concerning sports injuries in football.

The tapes for the program were produced by the Medical Television Network, and the sponsor is the U.C.L.A. School of Medicine. In the program are on-the-scene demonstrations of pre-scrimmage prophylactic taping and conditioning, training techniques and equipment standards, details of specific injuries and their initial treatment, and practical procedures for the general practitioner who occasionally functions as a local team physician.

CAN ATHLETIC INJURIES AND COST OF ATHLETIC INSURANCE BE REDUCED?

HERE ARE SOME SUGGESTIONS THAT WILL HELP:

1. Secure a team physician. Your local Medical Society can advise on this.
2. Require players to be physically fit and well conditioned before engaging in contact.
3. Do not allow a player with an injury to participate until he has medical approval to do so.
4. Make sure equipment is adequate, in good condition, and that it is properly worn.
5. Consider carefully the length of practice sessions. The latter part of lengthy sessions produces the most injuries.
6. Require injuries to be reported to you promptly and refer those needing attention to the physician at once.
7. Get your players interested in injury prevention and fitness. Any player is more valuable without casts and crutches.
8. Our Cooperative Football Plan and Student Insurance provide excellent coverage, service and economy.

FILMS

The films listed below are in the Film Library of the University of Kentucky College of Education. The code letters, "e, j, s, c, a," refer to elementary, junior high, senior high, college and adult audiences who may enjoy the particular film listed. The rental prices shown do not apply to schools which use one of the special subscription service plans offered by the Bureau of Audio-Visual Material.

Football

BALL HANDLING IN FOOTBALL, j-s-c-a, 1 reel, \$2.00.

Fundamentals of ball handling are stressed; stance, grip, "feel" of the ball, fingertip control adjustment before throwing or kicking, receiving passes from center or from a back, catching passes and punts, ways of carrying ball, and changing from one hand to another. Game shots are presented, using slow motion and stop action techniques, and superimposed animation to illustrate principles.

BLOCKING IN FOOTBALL, j-s-c, 1 reel, \$2.00.

Fundamentals of good blocking are taught in this film: position, speed, drive, follow-through, timing, and body control. Describes shoulder and body blocks, demonstrating several varieties of these. Importance of good physical condition, practice, and experience are emphasized. Special photography used to illustrate different points.

FOOTBALL BY THE RULES, e-j-s-c-a, 3 reels, (30 min.), color, \$1.00.

The film will give the viewer a better understanding and a keener appreciation of football. Modern photography presents many play situations that portray the guidelines used by officials in making judgment decisions so necessary in this sport.

KNOW YOUR FOOTBALL, e-j-s-c-a, 3 reels (30 min.), color, \$1.00.

Gives a visual approach to the written rules. Play situations challenge the viewer's knowledge and clarify many rules interpretations. Recommended for fans, officials, coaches and players.

TACKLING IN FOOTBALL, j-s-c-a, 1 reel, \$2.00.

Tackling properly is shown as the result of application of certain fundamentals: good physical condition, speed, body placement, drive, sure grip, timing, and body control. Shoulder and cross body tackles are demonstrated in various ways, with special instruction for safety and means of reducing shock.

THIS IS FOOTBALL, e-j-s-c-a, 3 reels, color, \$1.00.

Centered around the four S's—science, speed, skill and safety. Demonstrations cover basic rules that will aid the official, coach, players, and fan. Play situations are used to establish standards.

Attention, Principals!

A list of registered football officials appears in this issue of the ATHLETE. Principals and coaches should study the current list to determine whether or not all officials with whom contracts have been signed have registered this fall. Supplementary lists of officials will appear in subsequent issues of the magazine. By-Law 22 provides that member schools shall use registered officials in all football, basketball and baseball games, and that failure to comply with this regulation makes the home school liable for suspension. If there is any question about registration, the official should be asked to present his card.

Don Davis
President

W. H. Crowdus
Vice-President

Assistant Superintendent Don Davis of the Kenton County Schools was elected President of the Board of Control at the summer meeting of the directors, held on August 1, 1970. W. H. "Johnie" Crowdus principal of the Franklin Junior High School, was elected Board Vice-President.

Mr. Davis, a graduate of the Dayton High School, holds degrees from Cincinnati and St. Xavier Universities. A college letterman in football, basketball, and baseball, he has coached these sports in high school as well as track and swimming.

Mr. Davis is affiliated with numerous professional educational organizations. He is a Past President of the Bellevue Rotary Club, a charter member of the Campbell County Youth Advisory Committee, and a Past Chairman of the Bellevue Youth Advisory Committee. He was in the service during the 1941-46 period, being discharged with the rank of First Lieutenant in the Coast Artillery Anti-Aircraft. Since that time teaching and coaching assignments have been at Wellston (Ohio) High School, Dayton High School, and Holmes High School. From 1957 to 1962 Mr. Davis was Principal of the Bellevue High School, and he was named Assistant Superintendent of Kenton County Schools in 1962. He is married to the former Mary Louise Byland. They have four children, one boy and three girls.

Mr. Crowdus was a member of the Board during the 1954-62 period, and was Board President in 1961-62. A native of Franklin, he received degrees from Western Kentucky University and Indiana University.

From 1935 to 1942 Mr. Crowdus worked at Western as trainer and assistant in the Physical Education Department. He served in the U. S. Navy during the 1942-45 period. In Franklin Junior High School he started teaching in the field of Health and Physical Education. He became principal of the school in 1953. He has coached high school football, basketball and golf.

In 1942 Mr. Crowdus married Miss Ina Bledsoe of Hiseville. He is a past chairman of the Franklin Methodist Church Official Board and is current associate district layleader of the Bowling Green district. He is a past president of the Franklin

Rotary Club. In May of 1961 he received from Radio Station W.K.A.Y. at Glasgow a plaque for being the Southern Kentuckian who had done the most for sports in 1960-61. He is chairman of the new Franklin-Simpson Memorial Hospital Board. He is a member of numerous professional organizations.

New Regulations

The 1970 Delegate Assembly wrote three changes into the regulations of the Kentucky High School Athletic Association. These were:

1. Units of credit were substituted for studies in By-Law 3.
2. Units of credit was substituted for studies in By-Law 5-4.
3. K.H.S.A.A. annual dues now become due on September 1.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Kenlake Hotel, Kentucky Lake State Park, on Saturday morning, August 1, 1970. The meeting was called to order by retiring President Ralph C. Dorsey at 9:30. Present were Board members J. C. Cantrell, Morton Combs, W. H. Crowdus, Don Davis, James T. Dotson, Tom Mills, Richard Vincent, and Roy L. Winchester; Commissioner Theo. A. Sanford, Assistant Commissioners J. B. Mansfield and Billy V. Wise, and former Board member Foster J. Sanders. The invocation was given by Mr. Sanders.

Tom Mills moved, seconded by Richard Vincent, that the reading of the minutes of the June 4th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

Mr. Dorsey welcomed to membership on the Board the two new members, Messrs. Cantrell and Winchester. He and Mr. Sanders made appropriate remarks of appreciation concerning their eight-year tenure on the Board of Control, pledging their continued support to the program of the Association.

President Dorsey stated that the next order of business was the election of President and Vice-President of the Board. Morton Combs moved, seconded by James T. Dotson, that Don Davis and W. H. Crowdus be elected respectively President and Vice-President of the Board of Control by acclamation. The motion was carried with Messrs. Davis and Crowdus not voting.

Before he relinquished the chair, Mr. Dorsey spoke at length concerning the expanding program of the Association, making several suggestions for future consideration by the Board.

In accepting the presidency of the Board, Mr. Davis pledged to do his best in attempting to improve the program of the Association. He and Mr. Crowdus made appropriate remarks concerning their new duties as Board president and vice-president.

The Commissioner made a report on Association receipts and disbursements during the 1969-

Attention, Officials!

The attention of all registered K.H.S.A.A. football, basketball and baseball officials is called to By-Law 29, Section 9, which provides that the officials shall be supplied with an emblem which he shall wear on his shirt or sweater. This rule will be enforced strictly in 1970-71 as it has been in recent years. The emblem is to be worn on the left shoulder shirt sleeve approximately one and one-half inches below the shoulder seam. The Approved or Certified bar should be worn below the emblem. Failure to wear the emblem will make an official liable for suspension from the Officials' Division of the Association.

Recommended uniforms are as follows:

Football—black and white striped shirt (long or short sleeves), black baseball cap with white piping, white knee pants, black belt, black stockings, black shoes and laces;

Basketball—black and white striped shirt (short sleeves, long sleeves by special permission), black trousers, black belt, black shoes and laces;

Baseball—navy blue or black trousers, black athletic leather shoes (not football shoes), navy blue coat or jacket, navy blue shirt if working coatless, white shirt if wearing coat or jacket, white shirt on bases if all base umpires are dressed the same, umpire's navy cap (no player caps), indicator and mask of choice, inner protector or inflated protector (inflated type if official desires to purchase), black belt, black shoe laces, black tie with white shirt.

Basketball Clinics

The 1970-71 required rules meetings for basketball officials and coaches will be conducted by Assistant Commissioner Billy V. Wise. New Basketball Film

A new basketball film, BASKETBALL BY THE RULES, has been produced by the National Federation of State High School Athletic Associations. The film was released in July of this year. Three prints of the film (16 mm, twenty-eight minutes, sound film in color) have been secured by the K.H.S.A.A. and placed on loan with the Film Library, College of Education, University of Kentucky.

The film is designed to provide the viewer with a better understanding of the rules and a finer appreciation of basketball as played at the inter-scholastic and intercollegiate levels. Through the use of slow motion photography, stop action and instant replay, colorful play situations illustrate the guidelines used by officials in making those tough judgment decisions that constantly occur in basketball.

BASKETBALL BY THE RULES presents the more pertinent areas of the rules code in an entertaining and informative manner. The screening principles are explained in scenes showing the blind, visual, and moving screens. A blocked field goal, the closely guarded player and the mid-court restrictions are shown as each applies to a held ball situation.

BASKETBALL BY THE RULES shows the action governed by the center division line such as a legal return to the back court, a return following a jump ball or a throw-in, and the floor position of player in the air. The jump ball restrictions in regard to the jumping circles, the jumpers and the non-jumpers are illustrated.

The film explains legal and illegal contact between players by showing incidental contact and pointing out the player responsible for illegal contact. Violations of the free throw rule by the defense and offense are explained along with the boundary lane and space restrictions. Illustrated in the film are situations involved in timing such as the status of the ball when the clock stops and starts, when the ball becomes alive and dead, and when there is a try-in-flight as a period ends.

A portion of the picture is devoted to the mechanics of officiating. The positions of the lead and trail officials are outlined. The signals for violations and fouls are given along with other information to help the referees and enlighten the fans.

Correction

In the 1970-71 booklet, Green County was listed incorrectly as being in Basketball District 20. Green County is in District 18.

Attention, Football Officials!

Assistant Commissioner Billy Wise in his Pineville and Hazard football clinics gave an incorrect interpretation of Rule 4-2-2a, based on information which he had received from the National Federation office prior to the clinics. A bulletin correcting the interpretation reached the K.H.S.A.A. office in time for the correct interpretation to be given at the subsequent clinics.

It had been previously stated in the first two clinics that, on an extra point attempt, if the holder fumbles the ball while his knee is on the ground, upon regaining possession he may still

hold for a kick, or he may stand up and run or pass the ball. **The correct interpretation** by National Federation Secretary Clifford B. Fagan is that, if the holder fumbles the ball while his knee is on the ground, upon gaining possession he may still hold for a kick **but he may not get up and legally advance.**

 Gentlemen:

At the request of your Secretary, Mr. Joe Ohr, I have made an annual examination of the records of your ALL STAR account covering the period March 1, 1969 to February 27, 1970.

Consolidated and classified receipts and disbursements are shown on the attached schedule of receipts and disbursements. The bank balance of \$22,446.48 has been verified as being on deposit in the First Security National Bank & Trust Company, Lexington, Kentucky.

Net receipts have been verified as deposits into the Bank and all disbursements have been substantiated by canceled checks.

There is attached hereto a separate schedule of the four Savings Accounts showing the financial institution involved and the balances in each account. This is self-explanatory and the balances shown have been verified with the appropriate savings firm.

I believe this letter and the attached schedules properly reflect the various transactions for the period involved.

Respectfully submitted,
 William Sexton, Jr., Auditor

BOARD MINUTES

(Continued from Page One)

70 year. Copies of the audit, recently prepared
by Huet L. Johnson, Certified Public Accountant,
were presented to members of the Board.

The Commissioner, speaking for the Building
Committee, stated that Attorney Calvert T. Ros-
zell had filed with the Fayette City-County
Planning Commission an application for a zoning
change which would allow the K.H.S.A.A. to con-
struct its proposed new building on Cooper Drive.

Messrs. Davis and Sanford reported on the re-
cent National Federation Annual Meeting which
had been attended by the K.H.S.A.A. adminis-
trative staff and most Board members. Mr. Davis
stated that most of the program had been very
good, and that the speakers at the general ses-
sions had been quite outstanding. The Commis-
sioner reported on the business meeting of the
National Council.

The Commissioner stated that several high
school competitors who possibly might have rep-
resented K.H.S.A.A. member schools in one or
more athletic contests had been engaged in the
United States Youth games, either at the state,
regional, or national level. He asked that he be
given delegated authority by the Board of Con-
trol to restore to eligibility any participant who
may have made himself or herself ineligible by
taking part in the United States Youth games.
James T. Dotson moved, seconded by W. H.
Crowdus, that the request of the Commissioner be
granted. The motion was carried unanimously.

President Davis announced the personnel of
four committees, stating that the membership
of the Swimming, Wrestling, and Gymnastics
committees would be determined at a later date.
The committees as announced for 1970-71 are as
follows:

Personnel and Policy—Chairman Richard Vin-
cent, James T. Dotson, Roy L. Winchester (The
President and the Commissioner are ex-officio
members of this committee.)

Building—Chairman Tom Mills, J. C. Cantrell,
J. B. Mansfield (The President and Commissioner
are ex-officio members of this committee.)

Trophy—Chairman J. B. Mansfield, Theo. A.
Sanford, Billy V. Wise (The President is an ex-
officio member of this committee.)

Retirement—Chairman W. H. Crowdus, Morton
Combs (The President is an ex-officio member
of this committee.)

James T. Dotson moved, seconded by Richard
Vincent, that all bills of the Association for the
period beginning June 1, 1970, and ending June
30, 1970, be allowed. The motion was carried
unanimously.

There being no further business, the meeting
adjourned.

KAPOS NEWS

ATTENTION: Principals and Coaches

Please announce to your cheerleaders and to
your sponsor that there will be a one-day clinic
for all cheerleaders and non-cheerleaders wishing
to learn something about cheerleading.

If your squad did not get to attend a summer
clinic, this is an opportunity for them to get some
help from a well qualified teaching organization,
the N.C.A. of Dallas, Texas; and, if your squad
did get to attend a summer clinic, this is the op-
portunity to be evaluated as well as to learn some
different routines.

KAPOS is hosting this clinic in order to help
cheerleaders and to make money for their scholar-
ship program.

A brochure giving more details of the clinic will
be in the principal's office prior to the date of the
clinic. In the meantime, be making your prepara-
tions to attend.

DATE — September 26, 1970

PLACE — Transylvania College, Lexington,
Kentucky

COST — \$3.00 per cheerleader-Sponsors are ad-
mitted free. You are asked to bring a sandwich.
Drinks and cookies will be free!

REGISTRATION — 8:00 A.M. to 9:00 A.M.

THE KENTUCKY

High School Athlete

The Sportsman's Creed

The Player . . .

1. He lives clean and plays hard. He plays for the love of the game.
2. He wins without boasting, he loses without excuses and he never quits.
3. He respects officials and accepts their decisions without question.
4. He never forgets that he represents his school.

The Coach . . .

1. He inspires in his boys a love for the game and the desire to win.
2. He teaches them that it is better to lose fairly than to win unfairly.
3. He leads players and spectators to respect officials by setting them a good example.
4. He is the type man he wants his boys to be.

The Official . . .

1. He knows the rules.
2. He is fair and firm in all decisions. He calls them as he sees them.
3. He treats players and coaches courteously and demands the same treatment for himself.
4. He knows the game is for the boys, and lets them have the spotlight.

The Spectator . . .

1. He never boos a player or official.
2. He appreciates a good play, no matter who makes it.
3. He knows the school gets the blame or the praise for his conduct.
4. He recognizes the need for more sportsmen and fewer "sports."

VOL XXXIII—No. 3

OCTOBER, 1970

\$1.00 Per Year

A Decade of Progress

By Assistant Commissioner J. B. Mansfield

In an effort to determine how the high school football program in Kentucky has progressed, a comparison has been made between the number and enrollment of the schools playing in 1960 and 1970. In 1960, the second year after the playoffs were started, 148 teams participated in the playoffs. Eleven years later, eighteen of these schools have been absorbed into other schools with no schools replacing them, seventeen were consolidated into eleven schools, and six schools still in existence dropped the sport. These figures show that today if no progress had been made there would be (148 less 30) only 118 schools with teams.

In 1970 there are 184 schools fielding teams. The difference between 184 and 118 shows that 66 schools have come into the program. This has been a result of smaller schools being consolidated or from new schools coming into existence. This amounts to an average increase of about six teams a year even though the total number of schools is decreasing. Four hundred thirty-four schools joined the Association in 1960, and in 1970 there will be approximately 352. The percentage has increased from 31.6 in 1960 to 52.3 in 1970.

In order to get approximately the same number of schools in Classes A and AA, the breaking point was 275 pupils in Grades 10-12 in 1960. In 1970 this figure was 485. Certainly, as the number of students in a school increases so will the caliber of the team. The merging of the smaller schools has resulted in better facilities, as playing fields, seating capacity, dressing rooms, etc., have improved. It has resulted in a greater number of coaches per squad, thus promoting more efficient training and coaching.

The statewide improvement in the football program has been due to the improvement of the educational program in general. The people of the state, the legislature, the boards of education and school administrators have been responsible for this. As progress has been made consistently through these past years, there is no reason to doubt that it will continue until every boy has an opportunity to participate in the kind of program he deserves.

Off Season Conditioning

A year around program of physical conditioning should be advocated for all those interested in athletics. The end of an athlete's "season" should not end the training regimen completely. To remain in condition and continue to reap the values of athletic training, depends on the extent to which the athlete continues to exercise and to follow the principles of healthful living.

Maintaining strength, endurance, and agility make possible high performance levels and eli-

KAPOS Winner

Miss Deborah Stanley of Melvin, Kentucky, graduate of the Wheelwright High School, received the 1969-70 \$500 scholarship award from the Kentucky Association of Pep Organization Sponsors (KAPOS). Pictured above, reading left to right, are Miss Stanley; her mother, Mrs. Willard Stanley; and Mrs. John Compton of the Bryan Station Senior High School faculty, President of KAPOS.

minate the necessity for the frustrating early season period of crash-conditioning. This is the period when techniques and skills are foremost in everyone's mind. Too much valuable time is spent in the pre-season workouts on conditioning. If the athlete comes to practice "ready to play" he can concentrate all his time learning the game. While learning he will be keeping in shape.

To assure a carry-over of training practices the athlete needs to be oriented to the principles involved rather than to the specific practices to follow. The more he can translate these principles to everyday living, the more he will be inclined to continue to train.

The training schedule, broadened in perspective, is actually a comprehensive health education program, dealing with desirable attitudes and behaviour. The training "curriculum" covers principles involved in personal hygiene, first aid, medical and dental care, rest and exercise, communicable disease control, environmental hazards, and preventive procedures. The coach as an educator should be concerned with the carry-over of these principles as a way of life as well as for the next season.

Because of their tremendous appeal for youth, athletics can exercise a profound impact on the later life of participants. This is not automatic, however, and will occur only when:

NCSSAD Conference

The National Council of Secondary School Athletic Directors, a structure of the Division of Men's Athletics of the A.A.H.P.E.R., is sponsoring a regional conference in Indianapolis in January, 1971. The K.H.S.A.A. is one of the co-sponsoring organizations.

The purposes of the conference are:

1. To recommend administrative procedures that will add greater significance to the contributions of the interscholastic athletics program in meeting the purposes of secondary education.

2. To provide a regional forum for the ex-

change of current practices in secondary school athletic administration.

3. To discover current and evolving trends in athletic administration.

4. To discuss the role of the NCSAD and the state athletic directors associations in cooperative projects with other national and state associations.

New Swimming Film

The National Federation of State High School Athletic Association has produced a film entitled, **SWIMMING AND DIVING BY THE RULES**. A print of the film, a 16 mm, 17-minute sound film in color, has been secured by the K.H.S.A.A. The film may be obtained for showing by writing to the Film Library, College of Education, University of Kentucky.

SWIMMING AND DIVING BY THE RULES is the first film ever produced to demonstrate the interpretation of the rules of swimming and diving. It is recommended for all levels of amateur swimming.

The film stresses that as competitive swimming increases there is a greater than ever need for good officiating. The rules must be rigidly and uniformly observed and enforced. Starting, timing, and judging must be completely consistent and accurate so that competitors can be guaranteed credit for their best performance.

The duties of all the officials are illustrated. The referee is in charge of all activities. He settles any questions of procedure or rules application. The announcer plays an important role in the smooth running of the meet as he directs the swimmers to the clerk of the course when the race is called.

The film shows the position of the starter and the stroke judges as they look for stroke infractions and rule on the legality of the turns.

Proper execution of the backstroke, breaststroke and butterfly are shown, and legal strokes and kicks are emphasized. A number of violations of stroking and kicking are demonstrated for each event. Correct rules of turning and touching are described.

The things that a diving judge must look for are illustrated and discussed in detail. These include a smooth forceful approach, a well controlled hurdle, a forceful take-off, the position of the body during passage through the air, and entry into the water. A number of common faults committed during a dive and the points to be deducted for each are shown.

SWIMMING AND DIVING BY THE RULES may not guarantee a competitor a win but it does guarantee that he will not beat himself. The officials have an obligation of guaranteeing every competitor all the credit he deserves, no more and no less, for his best effort.

FILMS

The films listed below are in the Film Library of the University of Kentucky College of Education. The code letters "e, j, s, c, a" refer to elementary, junior high, senior high, college and adult audiences who may enjoy the particular film listed. The rental prices shown do not apply to schools which use one of the special subscription service plans offered by the Bureau of Audio-Visual Material.

Basketball

BALL HANDLING IN BASKETBALL, j-s-c, 1 reel, \$2.00

Teaches fundamentals of basketball handling including stance, grip, control, adjustment, before shooting, catching the ball, and other points. Presents game shots, using special photographic techniques to illustrate principles.

BASKETBALL BY RUPP, j-s-c-a, 2 reels, \$3.00

Animated play diagrams, slow motion photography, and action shot are combined in this new film prepared under the personal direction of Mr. Rupp especially for coaching use. Among the drills and plays covered in this film are: pivot man's slide into the basket; Play No. 6, the famous Kentucky basket marker; legal screening; penetration zone defense; and the Kentucky fast break.

BASKETBALL BY THE RULES, e-j-s-c-a, 3 reels (30 min.) color, \$1.00

Penetrates beneath the surface of the game to provide a thorough examination of the playing rules and officiating procedures. It will aid the fans as well as officials, coaches and players to better understand those difficult judgment decisions that occur constantly. (KHSAA)

BASKETBALL FUNDAMENTALS — INDIVIDUAL TECHNIQUES, j-s-c-a, 1 1/4 reels, \$2.50

Branch McCracken, Indiana University basketball coach, used his team to demonstrate the fundamentals of basketball. Slow motion photography is used to break the various court techniques down into easily grasped essentials.

Central High School of Louisville won the State Championship by defeating Ohio County, 101-72, in the final game. Central eliminated Richmond Madison, Hopkinsville, and Maytown to reach the championship game. (KHSAA)

RICHMOND MADISON VS. LOUISVILLE MALE (1970 Basketball Finals), j-s-c-a, 4 reels, (40 min.), color, silent, \$1.00

The bulldogs of Male outlasted the scrappy Purples to win the championship, 70-69. Madison led the first half but Male was overpowering to take the title in an exciting finish. (KHSAA)

RUPP'S PARADE TO THE NATIONAL CHAMPIONSHIP of 1958, j-s-c-a, 4 reels, \$4.50

This film presents the highlights of all the games, both regular season and tournament games, which led up to the U of K's Wildcats winning the NCAA basketball crown.

SHOOTING IN BASKETBALL, j-s-c-a, 1 reel, \$2.00

Concentrating on the set shot, this film pictures the action of the throw, stance, aim, trajectory, and fingertip control. Special attention is given total body coordination, especially inward rotation of the hand and arm making the throw.

THIS IS BASKETBALL, e-j-s-c-a, 3 reels (33 min.), color, \$1.00

Interpretation of play situations goes beyond the letter of the rule and gives guidelines to better understanding of blocking, charging, basket interference, goal tending, screening, and play violations of the free throw, jump and boundary lines.

Golf

BUILDING YOUR SWING-UNIT II, j-s-c-a, 3 reels (27 min.), color, \$7.50

Shows how the swing is developed. Stance, rhythm, movements of upper and lower body explained with unusual movie techniques. Students will identify themselves clearly with examples on the screen as they build controls into their natural swings.

PITCHING. PITCH AND RUN AND SAND SHOTS-UNIT III, j-s-c-a, 1 1/4 reels (12 min.), color, \$4.50

Teaches fundamentals of pitching, pitch and run and explosion shots out of sand traps. Carefully demonstrates the important differences in arm and wrist action for approach shots.

PUTTING-UNIT IV, j-s-c-a, 1 reel (10 min.), color, \$4.00

Demonstrates and teaches several approved techniques. Wrist and firm wrist swings, tap and stroke methods of applying momentum to the ball and how to play uneven greens.

SAVING STROKES WITH SAM SNEAD, s-c-a, 1 reel, \$2.00

Golf champion Sam Snead illustrates his grip, his stance, his swing on each of several types of golf situations. Slow motion and "freeze" shots help to clarify the instruction. Shots and driver, brassie, and various irons for difficult lies are illustrated and finally his putting technique is shown.

WELCOME TO GOLF-UNIT I, j-s-c-a, 1¼ reels (13 min.) color, \$4.50

Motivates the student to want to play golf. Shows him how to learn and what is expected of him. Helps him understand the game, the golf course and the equipment.

Gymnastics

BEGINNING TUMBLING, j-s-c-a, 1 reel (11 min.), \$2.00

Presents the two basic progressions in tumbling—the inverted balance and roll progressions. Accompanying demonstrations of flips and stands (singly and in combination) emphasize skillful execution.

GYMNASTICS, PART I, j-s-c-a, 1½ reels (17 min.), \$3.00

Introduces the basic principles of gymnastics and follows the routines developed by polished performers on the parallel bars, the rope climb, and the long horse. Attention is given to the rolls, handstands, and handsprings, twists, and somersaults that are basic to tumbling. (Hoefer)

GYMNASTICS, PART II, j-s-c-a, 1½ reels (17 min.), \$3.00

Introduces the gymnast to the fundamentals of free exercise routines. Stresses the importance of smooth action as well as strength, form, balance, and ability to develop the difficult routines. Demonstrates rings, side horse, and the high bar. (Hoefer)

INTERMEDIATE TUMBLING, j-s-c-a, 1 reel (11 min.), \$2.00

Demonstrates twenty stunts in handspring, balance, and somersault progressions and safety precautions are given to prevent accidents or injuries while teaching technique and form.

SIMPLE STUNTS, e-j-s-c-a, 1 reel (11 min.), \$2.00

Provides instructions in the healthful group activities that require little or no equipment. Demonstrates simple stunts for strength and skill and emphasizes safety precautions.

TUMBLING FOR PHYSICAL FITNESS: COMPANION STUNTS, j-s-c-a, 2 reels (20 min.), \$1.00

Seventeen stunts are demonstrated and the importance of coordination and timing is emphasized.

Injuries

TEAM PHYSICIAN, j-s-c-a, 3 reels (28 min.), color, \$1.00

The message is aimed at physicians, coaches, athletes and parents. Includes five regulations which are concerned with preventing injuries as well as treating them when they occur. (KHSAA)

Swimming

BEGINNING SWIMMING, e-j-s-c-a, 1 reel, \$2.00

Through scenes photographed both above and beneath the surface of the water, basic techniques of swimming for beginners are demonstrated. Land and water drills involving kicking, breathing, floating, paddling and stroking and pulling with the arm practiced separately, then coordinated as the swimmer learns the American crawl. The back float, back stroke, and breast stroke are also illustrated and explained.

BREAST STROKE, SIDE STROKE AND UNDERWATER SWIMMING, e-j-s-c-a, \$2.00

This film presents the conventional breast stroke, timing and strokes, and the kick.

CHAMPIONSHIP SWIMMING: PERFECTING TECHNIQUE, e-j-s-c-a, 2 reels, (19 min.), color, \$5.50

Outlines briefly the program and training methods used by the Santa Clara Swim Club that may be used by anyone to train swimmers. The

techniques illustrated, such as weight, training, circle training, pace clocks, bench and stroke work, and interval training, when properly applied in the appropriate circumstances, will all prove beneficial in perfecting swimming style.

CRAWL STROKE, e-j-s-c-a, 1 reel, \$2.00

The basic principles of the stroke are presented in this film. The arm stroke, the kick, and the breathing are demonstrated. This film also includes slow motion shots underwater.

DIVING FUNDAMENTALS, j-s-c-a, 1 reel, \$2.00

After a brief history of the sport of diving, the following points are explained and demonstrated: the hurdle jump, determining the correct distance, proper arm action, correct way of landing on the feet, proper takeoff and lift, correct entry into the water. The backward dive is also taught, including lift, arching the body, and entry into the water. The motion is stopped at various points to enable detailed study of form.

DOLPHIN KICK, e-j-s-c-a, 1 reel, \$2.00

An excellent swimmer, an underwater camera and carefully devised teaching demonstrations introduce the new swimming techniques known as the dolphin or fishtail kick. Analyzing the body movements used in the dolphin kick, the film stresses the importance of practice for mastery of this efficient speedy kick.

I'M NO FOOL IN WATER, p-e-j-a, 1 reel (8 min.), color, \$3.00

Jimmy Cricket illustrates the "do's" and "don'ts" of water safety precautions. Points out the basic rules: wait at least two hours after eating, stay out when water is too cold, never swim alone, and dive only when you know the water is deep enough.

SWIM AND LIVE, j-s-c-a, 2 reels, \$2.00

Men of the Army Air Force at Miami are taught to swim from floating to swimming through burning oil. The film is useful for pre-induction instruction and for safety classes as well as for general programs.

Tennis

ADVANCED TENNIS, e-j-s-c-a, 1 reel, \$2.00

While working with a tennis pupil, Bill Tilden narrates and demonstrates, showing advanced techniques of tennis.

BEGINNING TENNIS, e-j-s-c-a, 1½ reels (14 min.), \$2.50

Shows how the tennis instructor teaches tennis to beginning and advanced students. Includes an analysis of the basic fundamentals of tennis—serving, forehand and backhand drive, forehand and backhand volley, and the smash. Shows actual play situations in which these fundamentals are emphasized, and also includes individual demonstration and analysis.

Track

THE BROAD JUMP, j-s-c-a, 1 reel, \$2.00

Controlled speed-timing and coordination—development of legs and torso—mobility of pelvis and hips, one, two, three style—footroll—single and triple air stride—soft versus hard take off—arm position.

DISCUS, j-s-c-a, 1 reel, \$2.00

Principle of centrifugal force—muscle development for side arm throw—grips—finger roll—heel of thumb pressure—finger exercise—clockwise spin—hip snap—reverse and non-reverse styles.

DISTANCE RACES, s-c-a, 1 reel, \$2.00

Races from 1,000 to 10,000 meters and steeple chase are demonstrated. Style of distance runner is contrasted with that of dash man. Difference in typical physiques are shown. Slow motion photography is used to analyze movements.

DISTANCES, j-s-c-a, 1 reel, \$2.00

Style—developing stamina — calisthenics — avoid shin splint—controlled tension—forward knee reflex—straight line running—automatic stride.

THE HURDLES, j-s-c-a, 1 reel, \$2.00

Basic hurdling styles—rear hip and leg action—rhythmic running—hurdling, calisthenics, body balance—correct clearance—circular stepover action—adapting styles of physiques.

JUMPS AND POLE VAULT, s-c-a, 1 reel, \$2.00

Demonstrations from actual competition are shown for running high-jump; running broad jump; hop, step and jump; and pole vault. Slow motion photography is used for detailed study of form.

MIDDLE DISTANCES, j-s-c-a, 1 reel, \$2.00

Sprinting techniques—ball of foot running—Automatic stride—pendulum and bicycle stride—exercise—counterbalanced arm action—push drive—jockeying for position.

POLE VAULT, j-s-c-a, 1 reel, \$2.00

Basic vaulting principles—importance of exercises—running action—grip—selecting the pole—take-off—Western and Eastern style—slotting—novice training.

THE RELAYS, j-s-c-a, 1 reel, \$2.00

Passing—visual pass—blind pass—right and left exchange—merging of runners speed—baton grips—relay starts, under hand action—cup style—overhead sprint pass—fly scoop—practice and team work.

THE SPRINTS, j-s-c-a, 2 reels, \$3.00

Fundamentals of 100 yard and 200 yard dash—impact style and natural stretch stride—synchronizing leg and arm action—conditioning exercises—starting techniques—slow motion of muscular utilization and coordination.

SHOT PUT, j-s-c-a, 1 reel, \$2.00

Fitting styles to physiques—tension control—one, two, three rhythm—exercises—finger and hand grip—finger and wrist snap—foot positions—progressive tension and effort—explosive hip snap.

THIS IS TRACK AND FIELD, e-j-s-c-a, 3 reels, color, \$1.00
Uses the Olympic motto "Citius-Altius-For-tius," "Swifter-Higher-Stronger," to introduce a variety of track and field situations. Helps officials, coaches, participants and fans to better understand the basic rules of running, jumping, vaulting and throwing.

Wrestling**JIU JITSU, j-s-c-a, 1 reel (13 min.), \$1.00**

Demonstrates the effective, dangerous Jiu Jitsu defenses against knife, gun, club and mugging attacks.

WRESTLING BY THE RULES, e-j-s-c-a, 2 reels (18 min.), color, \$1.00

Devoted to rules interpretations and officiating procedures. A visual approach to the written rules is shown in sixty scenes. Guidelines for officiating such areas as takedowns, reversals, stalling, technical violations and illegal holds are presented. (KHSAA)

WRESTLING CHAMPIONSHIP 1969, PARTS I & II, j-s-c-a, 8 reels, color, silent, \$2.00

Shows the final matches in each of the twelve weight classes. North Hardin High School won the championship. Ed Brandon, a member of the winning team, was the most outstanding wrestler. (KHSAA)

WRESTLING OFFICIATING ILLUSTRATED, i-s-c-a, 2 reels, color, \$1.00

Interpretations given in Wrestling Officiating Illustrated have been made by the National Fed-

eration members of the Joint Rules Committee. The film covers takedowns, reversals, escapes, leaving the mat, stalling, scoring and illegal holds such as body slam, bar arm, full nelson and chicken wing. Guidelines for officiating and interpreting the rules are provided. In all there are sixty separate scenes of wrestling. This film will provide the much needed guidance and proper interpretations for interscholastic competition.

OFF SEASON CONDITIONING

(Continued from page one)

- The potent motivation of sports is utilized for self-discipline;

- Satisfying experiences result from having attained a high level of fitness;

- The training program is regarded as an educational process for effective living;

- The adults associated with the program provide an example with which the athletes can desirably identify.

Athletes should be reminded that there is no substitute for athletics. Weight training is an adjunct to be used in the off season as are jogging and other periodic workouts. Neither should the athlete be led to believe that he must taper off after the season. There is no physiological evidence to support this notion. He must be sold on the idea that there are benefits to being in shape—even during his "off season."

Most of all the athlete must remember that if he intends to perform on the field he must be ready—just as someday his employer will expect good performance on the job. Good physical condition will help him to a better performance because he will never be on an OFF SEASON.

Limitations of Awards

By N. F. Secretary Clifford B. Fagan

AWARDS HAVE BEEN AND, PROBABLY, ALWAYS WILL be an integral part of athletics. An award acknowledges achievement in a special area of endeavor and although this practice has been expanded into many other areas, there is little doubt that it had its beginning in the field of athletics. The first athletic award was probably the presentation of a laurel or olive wreath by the ancient Greeks. Since that time it has been a universal practice to recognize athletic performance with some kind of an award. Now the school letter has replaced the olive wreath. Nevertheless the letter and wreath represent almost identical qualities, namely, participation in an organized program of achievement which has been accomplished through effort and sacrifice.

ONE WHO RECEIVES AN AWARD IS BEING RECOGNIZED as superior in some area of the competition. That athletics are well ahead of other areas of education when it comes to recognizing the gifted, has long been demonstrated. The symbolic aspect of recognition can be satisfied completely with a charm, a picture, a plaque, a ribbon or a trophy. No constructive educational purpose is realized if the participation is based upon the desire to win a valuable award. This is professionalism and this attitude causes all the benefits which are attached to a program of amateur athletics to be lost.

EARLY IN THE HISTORY OF INTERSCHOOLASTICS, sports awards became somewhat standardized depending on the type of competition. Track and field was the principal activity in the athletic program of most schools. In some communities, merchants supplied funds for medals and ribbons to be presented to those who prevailed in the inter-community competition. The host community's name was prominently displayed on the medals and ribbons, thereby bringing favorable attention to the donor. During the early years of intercollegiate competition the practice of giving athletes a blanket, a lettered jersey or monogrammed sweater as evidence of participation "on the varsity" became the practice. This custom was later adopted by the high schools. The lettered blanket or monogrammed sweater gave the athletes a certain recognition in the community which, in retrospect, had many desirable attributes.

IT IS APPROPRIATE TO TAKE REASONABLE COGNIZANCE of participation in an inter-school athletic program particularly when the participant has honorably represented his school. However, at one stage of athletic history, valuable awards were given to the high school athlete to partly compensate him for "the sacrifices he had to make in representing his school." In other circumstances, recognition of athletic accomplishment turned into a kind of adulation by fellow students and the interested public. When an individual or team was not successful, according to the criteria

for winning, the practice of the loyal supporters, both in and out of school, was to praise them, not for their success but, for their dedication to the program of athletics, and for their loyalty and devotion to the school. In these situations it became customary, in certain communities, to furnish awards as a reminder or "compensation to" the athlete for bringing favorable attention to the school. Interscholastic awards are not for these purposes. The student has no obligation to compete. Awards are not to pay him for loyalty or sacrifice.

ALL ORGANIZATIONS ADMINISTERING AMATEUR ATHLETIC PROGRAMS have award limitations. These are for the protection of both the athlete and the sponsoring organization. The limitations depend upon the level of competition and the purposes of the program. However, it is significant in every case, and with no exception, that the amateur awards are basically symbolic.

THE DESIRABILITY, THE NECESSITY AND THE REASONABLENESS OF LIMITING THE TYPE AND VALUE OF AWARDS resulting from participation in amateur athletics is frequently questioned. The athletes' parents, civic leaders and media frequently ask why amateur athletes may not accept any award made available to them. When, from the standpoint of winning, a team has completed an outstanding season, or an athlete has placed high in some state competition, interested groups are inclined to become enthusiastic and to attempt to demonstrate their appreciation of the team's or the individual's effort by the presentation of an expensive award. These groups are anxious to see to it that the athletes receive all the special honors and recognition possible.

THE MEDIA ALWAYS SUPPORT A GENEROUS AWARD PROGRAM, because it gives them something to talk or write about, thereby making their reporting job comparatively easy. Civic groups relish the opportunity of being in the reflected limelight as a result of special presentations they may make. Therefore, it is not at all unusual for such clubs to raise rather large amounts of money in an effort to provide each member of a state championship team with a diamond ring or a colored television set. These groups feel that generous recognition of accomplishment brings attention to the school and to the community as well as demonstrating appropriate appreciation of the athletes' accomplishments. It is readily apparent that if there were no standards, competition among those giving awards would soon develop and go beyond reasonable limits.

WITHOUT AWARD LIMITATIONS, competition to give the "biggest" award develops between interested groups. Abuses in this area became common in the early development of the interscholastic program. The awards soon lost their symbolic nature and, in fact, the program was frequently taken over by non-school interests in the community. As has so often been the situation,

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, on Saturday morning, October 3, 1970. The meeting was called to order by President Don Davis at 9:00, with all Board members, Commissioner Theo. A. Sanford and Assistant Commissioner J. B. Mansfield present. The invocation was given by W. H. Crowds.

W. H. Crowds moved, seconded by Roy L. Winchester, that the reading of the minutes of the August 1st meeting be waived, since members of the Board had received copies of these minutes. The motion was carried unanimously.

Chairman Tom Mills of the Building Committee reported that negotiations were continuing with the University of Kentucky for the possible securing of a site on which a new Association office building might be constructed, and that the architectural firm of Marye and Bond were in the process of preparing preliminary floor plans for the building.

The Commissioner reported that attorneys for the Board and the University of Kentucky are of the opinion that the duties and powers of the Board of Control, with respect to Board members serving as trustees of real property, should be more clearly outlined in the K.H.S.A.A. Constitution. The Commissioner stated that it was his opinion that the Board already has the authority to purchase and dispose of real property under authority given in Article IV, Section 3-d-1, of the K.H.S.A.A. Constitution. However, he saw no objection to a constitutional amendment upon the advice of the attorneys mentioned, and he recommended that the Board authorize him to submit to Association member schools for a referendum vote the following: Add Paragraph 10 to Article IV, Section 3-d, of the K.H.S.A.A. Constitution, outlining duties and powers of the Board of Control, to read "Have authority, as trustees, to purchase or otherwise acquire real property, and to sell, exchange, lease, mortgage, or in any manner dispose of any real property upon such terms and for such considerations as the trustees consider proper." James T. Dotson moved, seconded by

Richard Vincent, that the Commissioner be directed to send out for a referendum vote the constitutional amendment proposed by the Commissioner. The motion was carried unanimously.

Chairman Richard Vincent of the Policy Committee stated that it was the recommendation of his committee that a series of area meetings be held across the state during a two-year period, to which K.H.S.A.A. member school principals and superintendents would be invited, for the purpose of discussing the present and future program of the Association. There was a discussion concerning this matter, with certain dates for the 1970-71 meetings being suggested. Richard Vincent moved, seconded by Roy L. Winchester, that the Commissioner be directed to set up sectional and/or regional dinner meetings across the state during the school years 1970-71 and 1971-72. The motion was carried unanimously.

There was a discussion concerning certain needed changes in the Football Playoffs regulations.

The Commissioner recommended that, for the football seasons of 1971 and 1972, 525 be substituted for 485 in I-A-2 and I-A-3; and that I-C be amended accordingly, with enrollments based on the 1969-70 figures. He also recommended that Football Rule III, Section A, be amended to read as follows: "In Class AAA the winners of District 1 and District 2 will play and the winners of District 3 and District 4 will play on the third weekend prior to Thanksgiving. The following weekend the winners will play for the regional championship. The regional winners will play the following weekend for the state championship." Roy L. Winchester moved, seconded by Tom Mills, that the recommendations of the Commissioner be accepted and made a part of the football regulations. The motion was carried unanimously.

The Commissioner asked Assistant Commissioner Mansfield to present the recommended football classes, districts and regions for 1971 and 1972. After Mr. Mansfield had made his presentation and after considerable discussion, Morton Combs moved, seconded by J. C. Cantrell, that the recommendations of the Commissioner and Assistant Commissioner concerning the 1971 and 1972 football districts and regions be accepted. The motion was carried unanimously.

The Commissioner stated that he had scheduled tentatively the Class AAA Football Finals to be played in Louisville on November 20, and the Classes A and AA Football Finals to be played in Lexington on November 27. Richard Vincent moved, seconded by James T. Dotson, that the schedule of the football playoff games, made by the Commissioner, be approved by the Board. The motion was carried unanimously.

President Davis announced the appointment of the following committees for 1970-71:

Swimming — Chairman Alfred M. Reece, Mrs. Wilbur Bell, E. W. Craik, Don Davis, Miss Sheila Gilreath, Ron Huebner, Miss Dot Kirkpatrick, Edgar McNabb, Jack Thompson.

Wrestling — Chairman Orville Williams, Jerry Abney, Will D. Evans, Marshall Patterson, Robert Weenolsen, Bro. Joseph Wilhelm.

Gymnastics — Chairman Bernard Johnson, Mrs. Susan Burckle, James "Cap" Caudill, Andy Hopkins, George Jefferson, Mrs. Sheila Kuhlman, James Nance, Bob Wason.

W. H. Crowdus moved, seconded by James T. Dotson, that the date of December 19, 1970, be set as the date for the next Board meeting. The motion was carried unanimously.

James T. Dotson moved, seconded by W. H.

Crowdus, that all bills of the Association for the period beginning July 1, 1970, and ending September 30, 1970, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

National Federation Basketball Test

Part II of the National Federation basketball examination will be given all over Kentucky on Monday, December 7, to officials who wish to work for the Approved and Certified ratings. The examination sites will be determined by the Commissioner. Officials registered with the K.H.S.A.A. for the first time this year and who have not been registered previously in any other state association, are not eligible to take the test. Those interested should advise the State Office immediately in order that necessary arrangements can be made with the school administrators who will supervise the taking of the exam. Officials living in Kentucky need not suggest the name of the examiner. The Approved rating does not carry forward from year to year, but must be earned each year.

Wrestling Regions

Minutes of Meeting

K.H.S.A.A. Wrestling Committee

Lexington, Kentucky, October 24, 1970

The K.H.S.A.A. Wrestling Committee, meeting in the Association office on October 24, 1970, was called to order at 9:30 A.M. by Chairman Orville Williams. The reading of the minutes of the previous meeting was waived since the minutes had appeared in the *ATHLETE*.

Under the heading of old business, the following points were made: (A) Michigan riding time will be used again this year. (B) Weight certification starts December 1. If a wrestler is not certified in December, he must certify at base weight for his first meet after January 1. After that he may take his weight allowance of 2 lbs. in January, 1 lb. in February, and one additional pound for each day after the first day of tournament participation. (C) The four Regions will remain the same with the exception of new teams. The Region Chairmen are: Fort Campbell — Marshall Patterson, Fort Campbell High School; West Jefferson County — To be Announced upon election; Lexington Region — Brother Joseph, Newport Catholic High School, and Jerry Abney,

Campbell County High School; East Jefferson County — Robert Weenolsen, Westport High School. (D) Wrestle-backs are the option of the Region Chairman, but are required in the State Tournament. (E) The number of teams has remained about the same in number as we had last year, but the caliber of wrestling is much finer. (F) It was agreed that last year's State Tournament was well run for the most part. A big THANKS to Bud Williams, our State Chairman, from the Committee. The problem of referees was discussed. (G) A reaffirmation was stated in regard to the standardization of fees paid to officials as agreed upon at last year's State meeting. (H) The method of choosing officials for the State Tournament will remain the same. The three steps are: 1. Coaches make suggestions to Region Chairman; 2. Region Chairman submit these names to the State Chairman who in turn submits them to the K.H.S.A.A.; 3. The Commissioner will make the final selection. (I) A discussion was conducted on the subject of the conduct of coaches at the State Tournament. The Wrestling Committee wishes to encourage the officials to assert the authority of their office under RULE 10, sections 2, 3, and 4. A motion was made to this statement by Jerry Abney, seconded by Brother Joseph, and the motion was unanimously carried.

Under new business new rules changes were reviewed. The new weight classes will be used for 1970 - 1971 season. Clinics will be held this year to help interpret the rules. The dates of the clinics are as follows: November 7, Fort Campbell, 1:00 P.M.; Louisville at Seneca, November 9, 8:00 P.M.; Campbell County at Campbell County High School, November 14, 10:00 A.M.; Lexington Lafayette, November 14, 3:00 P.M.

The sites of the Regional Tournaments were suggested. The sites are: East Jefferson County at Westport; Fort Campbell at Fort Campbell; West Jefferson County at St. Xavier (tentative); Lexington Region, site tentative). The State Tournament will be held in the new facilities at Seneca High School in Louisville. Seeding for the State Tournament was then drawn by Commissioner Sanford.

The Commissioner announced that forty-four principals had stated that their schools would sponsor wrestling teams this year. The assignment of these schools by regions will appear in a forthcoming issue of the ATHLETE.

Qualifications for Region seeding will follow the seeding formula of 8-5-4-4-2. A contestant must have wrestled a minimum of 8 matches, 5 of these between different opponents. Four of the 8 must be wrestled in his region; 4 of the 8 must be with different opponents in his certified weight class, and 2 of these 4 must be with opponents in his region and at his certified weight class. Certification forms must be signed by the referee, visiting coach for that meet, and the coach of the team. Send these forms to your Region Chairman.

There being no further business, the meeting was adjourned at 11:45 A.M.

Robert O. Weenolsen, Recording Secretary

The Game Guy Award

The K.H.S.A.A. will continue to give the Game Guy Award. School representatives and registered officials may make nominations for the award. The eligible person should be a pupil at the junior or senior high school level who has overcome great physical handicap in order to take part in athletics. Letters of recommendation should be addressed to "Game Guy Committee, K.H.S. A.A., P. O. Box 1173, Lexington, Kentucky 40501." Deadline for the 1971 nominations is April 1.

Limitations of Awards

(Continued from Page One)

restrictive standards in awards were developed as a result of abuse and exploitation. One of the first standards adopted by almost every state high school association was limitations on awards. These standards go back to the turn of the century and a good bit of athletic history is always contained in this particular rule. With the adoption of standards, control of this aspect of the program returned to the institution and it eliminated competition between institutions with similar programs. Therefore, the result had a desirable effect on the budget, and it helped reestablish athletics in its proper place in the curriculum.

THOSE RESPONSIBLE FOR DIRECTING THE INTERSCHOLASTIC PROGRAMS must make certain that the student body, the media, and the public, completely understand the awards program and its underlying philosophy. Publicizing the limitation on the awards, and the reason why there is a limitation, is an effective means by which athletic programs of any school can be kept in its proper place in relation to the other educational phases of the curriculum. This information helps to keep athletics on an even keel no matter whether a school team wins or loses its games. It greatly reduces the possibility of wrestling sports control from the school.

WORLD SERIES OF 1966, j-s-c-a, 4 reels, color, \$1.00

The Baltimore Orioles amazed the sports world as they defeated the Los Angeles Dodgers in four straight games to win the world championship. Even the great Sandy Koufax and Don Drysdale could not silence the bats of Frank Robinson and Brooks Robinson. Show the action plays in all four games. (KHSAA)

WORLD SERIES OF 1967, e-j-s-c-a, 4 reels, color, \$1.00

The St. Louis Cardinals need the full seven games to win the championship over the Boston Red Sox. Harry Carey narrates the play as Jim Lonborg, aided by slugger Carl Yastremski, wins two games for the Sox but cannot match the three wins by Bob Gibson of the Cards. (KHSAA)

WORLD SERIES OF 1968, e-j-s-c-a, 4 reels (44 Min.), color, \$1.00

The Detroit Tigers, playing in the World Series for the first time in twenty-three years, beat the St. Louis Cardinals by four games to three. The Cardinals took a 3 to 1 lead but the Tigers came back to win the series. Mickey Lolich won three games for the Tigers. Bob Gibson won two games for the Cardinals but was the loser in the final game. (KHSAA)

WORLD SERIES OF 1969, e-j-s-c-a, 4 reels, (44 Min.), color, \$1.00

The New York Mets, National League Champions, defeated the American League winner, Baltimore, for the world championship. The Mets won four straight games after the Orioles took the first one at Baltimore. Shows dazzling defensive plays which highlighted the series. (KHSAA)

Values of Authority

By Dr. Rhea H. Williams

There are many values which accrue through properly directed interschool athletics. One of the most important of these is the opportunity to learn respect for constituted authority.

There are many trends in our present-day society which indicate that there is a definite lack of respect for constituted authority on the part of the public and students. This is exemplified daily in the many instances of disrespect and outright

antagonism toward our peace officers, game officials in athletics and others who have been designated to enforce certain rules which have been agreed upon in advance.

Respect for Law In recent weeks throughout the state of Texas there have been many newspaper reports dealing with attacks on peace officers by laymen who undoubtedly are guilty of such items as speeding, drinking and other law violations but who resent and do not respect constituted authority.

Decisions Made The game officials are invited by a school to work their game. Both schools have agreed that the game will be played under a certain set of rules, and yet when any decision is made with which they do not agree they immediately begin to rebel. In most cases the complaints are verbal, but unfortunately in a few cases there are physical attacks on officials by laymen or school personnel which cause penalties to schools and cause embarrassment to all parties involved.

Constituted Authority If coaches, administrators and fans are to fulfill one of the major objectives of athletics which is to teach respect for constituted authority, then they must indoctrinate and educate the athletes under their control in this direction. There are ample experiences available in the athletic program for this.

Perhaps one of the most important of these is the ability of an individual player to learn to respect the constituted authority which resides in the coach as a teacher.

Rights of Others There is a feeling among many of our people that democracy means that each person or group has a right to their own beliefs and actions, regardless of the rights of others. Nothing could be farther from the truth, as this would be anarchy. In democracy the rights of other people must be respected, and a democracy is government by law and elected representatives of the majority. Athletics offer one of the greatest opportunities to develop in youth a respect for law and a respect for constituted authority.

It is up to our coaches, teachers and interested laymen to see that this spirit is inculcated in the youth of our state, and only by setting the proper example of respect for authority can we expect our high school athletes to receive this most valuable attribute from our interschool athletic program.

Good or Bad Athletics are very similar to atomic power in that they can be used for either good or bad, depending on the leadership provided by the coach, the school and the community. Athletics can, therefore, create in the boy the proper respect, the proper regard and the proper prestige for constituted authority; or it can create in the boy disrespect and a complete lack of respect for constituted authority.

Because of the emotions which are so closely integrated with athletics, there is always the possibility for this lack of respect to flare out sporadically unless careful and continual guidance is provided for our youth.

Only by the proper direction and supervision can we justify our athletic program. It is up to everyone interested in athletics to see that the proper respect for constituted authority is provided in all areas of our life.

— Interscholastic Leaguer

SINCE WE PROVIDE COVERAGE FOR ABOUT 50% OF THE SCHOOLS IN THE STATE, WE DO HAVE A COMMERCIAL INTEREST IN THE ACADEMIC AND ATHLETIC PROGRAMS OF ALL OUR SCHOOLS.

BUT OUR REAL INTEREST IS MUCH DEEPER. WE ARE VITALLY CONCERNED THAT GOOD CITIZENSHIP, A SPIRIT OF FAIR PLAY, AND A REAL SENSE OF PERSONAL RESPONSIBILITY BE INSTILLED IN THE YOUTH OF OUR DAY.

WE BELIEVE THESE ARE THE QUALITIES THAT HAVE MADE AMERICA GREAT, AND ARE THANKFUL FOR OUR SCHOOLS AS THEY WORK TO CONTINUE THAT GREATNESS.

Conduct and Ethics of Officials

EDITOR'S NOTE: For many years the principal requirement of a football official was that he know the rules their interpretations, and be able and willing to apply them fairly. In more recent years much attention has been given to the mechanics of the officiating so that there can be optimum coverage of all situations. Presently matters of conduct and ethics are being brought to the attention of officials. The following presentation by Frederick L. Daffler, assistant commissioner of the Ohio High School Athletic Association, is addressed to these subjects and is both well stated and timely.

Clifford B. Fagan
N. F. Secretary

Over the years, as athletics has grown in interest, the officiating of games has likewise experienced a corresponding increase in interest. Through local rules meetings of a formal nature and informal meetings among small groups, improvement in officiating mechanics and knowledge of rules has taken place.

During these years of growth, some groups of officials felt a need to set minimum standards in regard to the conduct and actions of their associates. These have been commendable efforts, but have fallen short because of many factors.

It would seem that although officiating athletic contests is an avocation to the great majority of officials, the conduct of the official before, during, and after the contest must be a continuing and full time effort. As an official becomes better known, his actions off the field or floor assume greater importance because he is seen by many who recognize him.

It is hoped that the thinking of all officials can be stimulated to recognize the importance of their actions in regard to their influence on adolescent youth.

Before the game begins, usually months and sometimes years, a contract is issued or the officials are assigned in some manner to officiate a game. Of primary importance at this point are two things—How did the official receive the contract and what is his feeling of responsibility now that it has been accepted?

There is absolutely nothing wrong with an official advertising his availability and interest in officiating. This advertising may be done by telephone, or letter, or personal contact. The method is unimportant as long as the approach is honest, truthful, and straightforward. The official who uses half-truths or exaggeration to convince a coach or athletic director of his ability can hardly be expected to administer the rules of the game in a fair manner.

Some schoolmen appreciate the personal contact as they are able to meet the person they may employ. It should be remembered, however, that they have teaching responsibilities in many cases. Interrupting them while they are teaching in order to sell oneself is not considered to be ethical and in the best interests of the school, students, coaches, or officials.

The contract is only a piece of paper with printing and signatures on it, but it is a legal, binding contract. Each official should feel that he is morally responsible to honor that contract if humanly possible. The official who is offered a more prestigious game or one for more money and

who requests release from a contract should be removed from the officiating ranks. There is no moral justification for such action.

The school contracted for your services in good faith. The official must honor that trust.

Closely allied to this is the official who obtains another official to replace him in the game without the permission of the school that contracted for his services. This is breaking the contract even as requesting release to take another game is breaking the contract.

That contract is offered to the official and to him alone by a school. Only that school can release him. If the official cannot fulfill it, then he must contact the principal or athletic director and tell them so. Each year there are cases of this type and the guilty official is legally liable for the amount of the contract. But even worse, such action can only cause that official, in particular, and all other officials, general, to be looked upon with suspicion by the schools involved.

A week or two before the game, the official should notify the game management by mail that he will be present, what time he plans to arrive, and other pertinent information. On the day of the game, he should leave early enough to arrive by the time he said he would. Provide extra time in case an emergency occurs. In case such an emergency does arise, attempt to notify the game management immediately. It is difficult for all other officials, coaches, athletic directors, and players if an official is late or doesn't arrive at all. The official that dresses at home and arrives late without notifying his fellow officials is doing them a disservice.

The good official will set up consistent patterns of bookkeeping and arrangements so that he knows where he is to officiate on a given night and so that others will know also. It is difficult to understand how any official can have a schedule of games and in an emergency, he, or his wife, does not know when or where he is to officiate. With the number of calendars available for such purposes, it is a small expense of time and money to keep it current. In addition, the official should be sure his wife or friends can find it if something should happen to him, you might say it is like designating a beneficiary on your life insurance policy.

On the night of the game, everything an official says and does is under scrutiny by many people. The official should be polite and courteous to all, but he should not be overly friendly with anyone, even his closest friends. This is especially true if his friend is a coach or school official with one of the teams.

The language used by an official is under close scrutiny by coaches, players, and fans. What is said and the manner of saying it is especially important.

"His language should show reasonable conformity to grammatical principles and also to the game terminology. A 'flat pass' should not be referred to as a forward pass to the exterior. The 'tail back' should not be called the offensive man

In Memoriam

James Lee Cobb

James Lee Cobb, 71, retired Newport school superintendent and former member of the Board of Control, died on November 28 after suffering a heart attack on his farm near Walton.

Mr. Cobb came to the Newport system in 1924 as a science teacher and a coach of football and basketball. He was a graduate of Georgetown College and the University of Cincinnati. From 1933 to 1963 he was principal of the Newport High School, and during the 1963-69 period he was superintendent of the Newport City Schools. He served as a member of the State Testbook Commission for more than twenty years, and was the oldest member of that commission in point of service.

Because of his great interest in high school athletics, Mr. Cobb was appointed a member of the committee which in 1947 recommended to the delegate assembly of the K.H.S.A.A. numerous changes in the Association's regulations to provide for the setting up of a eight-man Board of Control which would elect a full time Commissioner of the Association. In 1947 he was elected to membership on the Board of Control where he served with distinction for a period of eight years.

Mr. Cobb was a past high priest of the Knights Templar and a member of Newport Masonic Lodge No. 358. Survivors include his wife, Mary Elizabeth Green Cobb; a son, James L. Cobb, Jr., Covington attorney; two sisters, Mrs. Cecile Howard, Lexington, and Miss Pluma Cobb, Fort Mitchell; and three grandchildren.

CONDUCT OF OFFICIALS

(Continued from Page One)

in the posterior. The official can anticipate the items he will have to explain and he should carefully select the words for each situation or play. Explanations should be short, uninvolved, and decisive. They should be positive and direct, not uncertain, inconclusive or negative. Sarcasm is bad and profanity is taboo. To wisecrack is usually poor taste. A flash of humor helps to relieve a tense situation if it is applied skillfully. It is often a way of implying sympathy and understanding in the midst of difficulty." (1)

Drinking of any type of alcoholic beverage by an official immediately prior to, or during, a game is inexcusable. Such an official should be barred from officiating. In addition, smoking of any type in public at the site of the game is not in the best interests of the game.

Clarke, Coach E. Selliers, Coach L. Ray.

Your appearance is especially important. Dress so that you will be respected by those you meet. The National Alliance Officials Manual states the following:

"Appearance: The official's appearance will affect the conduct of the game to a great degree. A sloppily dressed official will find he has difficulty in having his decisions accepted on the field. On the other hand, the man who wears the proper uniform, which is neat, will foster proper attitudes from all concerned. The physical condition of an official is definitely part of his appearance. The man who carries himself in a military manner, moves quickly from one position to another, and who has stamina to last throughout the game, will have more success than the official who does not possess these qualities. Officiating is strenuous, exhausting work. In order to meet the challenge, the official must have obtained a thorough annual physical examination and be in good physical condition. Adjuncts to good condition are proper rest and care in eating prior to a game. Game officials should look like athletes. That is to say, the chest should protrude farther than the stomach and he should be able to hustle as the situation necessitates. The individual who is out of condition more often than not does a poor job of officiating simply because he is unable to cover the play. The appearance of this type of official on the field detracts from the coaches' and players' confidence in the officiating team." (2)

During the game, be prepared to give your best for the entire game. The official that is unable to do so should not be officiating. The coaches and players who have worked long hours in preparation for the game deserve competent officials who have a complete understanding of the letter as well as the spirit of the rules. They deserve officials who treat them with respect, who answers questions courteously, who make no complimentary remarks, and who work to make the game the "only" game for them. Interest in other

games at other sites certainly is out of place during the game you are officiating.

Your attitude and actions toward your fellow officials are also extremely important.

"Cooperation: Officiating is a team effort and each individual must perform his specified duties and cover his outlined areas if the crew is to be successful. Team work is essential, it is necessary that all individuals function as a unit, working closely together and cooperating with one another. In order to be most efficient each member of the team must perform his duties proudly and thoroughly. Each one must be willing to accept responsibility and never attempt to shift the blame to another member of the crew. Through actions and words, each man will endorse and support decisions of his fellow team members. By doing this, individual members develop mutual respect and there is no embarrassment to any one official." (3)

"Loyalty to fellow officials implies an active, intelligent desire to carry out the intent of the rules by a well coordinated team. There should be no press or radio interviews about a game worked by the official nor any public criticism of a fellow official." (4)

When the game is over, leave the playing site as quickly as possible with your fellow officials. Do not visit or argue with coaches, fans, or others at the game. Proceed to your dressing room and prepare to leave the site.

Coaches or disgruntled fans should not be permitted in your dressing room. If they insist upon berating you, ask for help in removing them if necessary. On the other hand, a coach who wishes to discuss a situation, and who is not angry or belligerent, should be treated courteously and his question answered if possible. Again, the Officials Manual has good advice.

"Arguments with a player, coach, or team representative do not settle anything. After a game, if a coach asks what happened on a certain

play, your explanation should be the extent of your conversation. It is unprofitable to try to convince him he is wrong. An easy way to end the conversation is to say, "Well, coach, if it happened the way YOU say it did, I must have missed it." (5)

When you have dressed, go to your car and leave the vicinity of the game. Do not seek athletic directors or coaches and ask for an evaluation of your efforts, nor ask for contracts for future games. If they are offered to you, accept them in good grace, but do not seek them.

If you wish to eat after a game, you should do so in a place where fans from neither school will be present. In small communities, leave the community and drive several miles. In the larger cities, it is not difficult to find a place not frequented by team followers. Above all, avoid coaching personnel and game administration of either team.

In conclusion, if you have been ready to officiate, if you have done your best, if you have treated others as you would wish to be treated, and avoided possible embarrassing situations, your work will be rewarded. If no other way, you will have the personal satisfaction of knowing that you have contributed to the enjoyment of many young people. You will know that it was a wholesome experience for them as well as you, and that you have helped to teach them to play by the rules.

Cross Country Champions

Andy Hartlage

Maxie Hadley

Pictured above are Andy Hartlage of De Sales and Maxie Hadley of Adair County who were respectively individual champions in the Class AAA and Class AA cross country meets held at Bellarmine College on October 31, 1970.

All-Americans

Jack Thompson, long time K.H.S.A.A. State Swimming member and manager for many years of the Class AAA State Swimming meets, writes that he had just received the information that several high school swimmers and drivers made the 1970 High School All-American Team. The schools represented, swimmers, and events are as follows:

Eastern High School—Susie Shields, 100 yard butterfly

Waggoner High School—Laurie Paine, diving
Westport High School—Robin Wright, 100 yard backstroke; Mary Bridgers, diving; Sue Peters, diving.

Referendum

On October 6, 1970, the Commissioner mailed to the principals of K.H.S.A.A. member schools, by direction of the Board of Control, a constitutional amendment. The amendment proposed to add Paragraph 10 to Article IV, Section 3-d, of the K.H.S.A.A. Constitution, outlining duties and powers of the Board of Control, to read: "Have authority, as trustees, to purchase or otherwise acquire real property, and to sell, exchange, lease, mortgage, or in any manner dispose of any real property upon such terms and for such considerations as the trustees consider proper."

A two-thirds majority of all votes cast is necessary to amend the K.H.S.A.A. Constitution. The amendment passed by a vote of 238-13.

Approved Wrestling Officials

Since this is the second year of registration for officials in the sport of wrestling, the highest rating that may be attained by an official registered in that sport is Approved. The following officials have received this rating for the 1970-71 school year: Jack D. Cline, Richard S. Colyer, Dan Easley, Gary J. Ingraham, Randolph F. Scholtz, and Robert O. Weenolsen.

I'll Watch Schoolboys

By Bob Schlesinger

EDITOR'S NOTE: The reasons why millions of basketball fans prefer the game at The Interscholastic level are described by sports writer Bob Schlesinger of the Cleveland Plain Dealer. The significance of Mr. Schlesinger's point of view, to athletic administrators, is to make sure we preserve the qualities of our game which make it the most interesting.

To explain the main reason why high school basketball is better than either the pro or college variety requires borrowing a term from competitive diving.

The term is degree of difficulty. It means that a competitor receives a higher score for completing a difficult dive, one requiring a couple of nifty flip flops, than for an easy one, like where he just holds his nose and falls into the pool.

A successful basket stuffed in by a seven-footer with his hands directly above the rim has about the same degree of difficulty as sinking a five-foot putt . . . into the Grand Canyon.

And the degree of difficulty of an eight-foot jump shot by a 6-6 guard is about the same as kicking an extra point.

THE TWO SHOTS I just mentioned are the basic ones in pro basketball except for the foul shot. And foul shots are something that I've seen pounchy old men, fighting the Battle of the Bulge at the local YMCA, execute about as well as the average pro cager.

Much of the rest of the pro game consists of eight guys watching two guys play one-on-one, a silly situation made possible by the rule prohibiting zone defenses.

This rule means that most teams' best offensive strategy in the late stages of a game is to send four guys off in one corner some place where four rivals must dutifully follow them. This leaves the team's best shooter (an Oscar Robertson or Jerry West) alone to score against a guy who can't possibly stop him without the help from his teammates, which he ought sensibly to be allowed to have.

The other problem of pro basketball is that the games and season are both too long. Thus, only the final few minutes of any one game are played at top speed.

Major college basketball is a slight improvement, because at least sensible defenses are permitted. But its problem is that it's really pro basketball under the guise of amateurism.

Even were we to concede that college basketball players don't receive under-the-table inducement to sign up with a particular college team (which would be like conceding that no one cheats on his income tax) the players still would be professionals.

They are getting free room, board and tuition, which amounts to at least \$3000 per year almost anywhere anymore.

The degree of difficulty problem is almost as severe in major college ball as it is in the pros too. One of this season's most successful teams is Jacksonville University.

THE REASON for this is that Jacksonville went out and hired itself a center and two forwards who average seven feet in height (actually bigger than any starting front line in the NBA). Needless to say, they are remarkably successful at dropping those five-foot putts into Grand Canyon.

Motivation is also a question mark. The college player is given a four-year contract upon entrance and unless his coach is particularly unscrupulous, it's his whether or not he plays well. There's no great reason for him to give 100 per cent each game.

In contrast, the high school player's "contract" can be terminated at any time if he misbehaves or otherwise displays a poor attitude.

BUT THIS really is almost never necessary. He's there without tangible reward because he wants to be. He usually loves the game and always is seeking the admiration of his peers.

The high school game and schedule is the shortest. It's possible for a player to go full speed every minute of every game and almost every one of them do.

The high school player also passes more, which gives the game the exciting rhythm it was intended to have. To the pros, passing is something they do with the mashed potatoes at the dinner table).

And most important, 5-6 high school players score from much farther out than their seven-foot professional counterparts.

Their game is equivalent in difficulty to sinking wedge shots and long putts into a standard cup instead of those gimmies into the canyon.

It's an accomplishment for a high school player to score, not an accident when he doesn't.

Which is why high school basketball's best.

The All-American Diet

The "All-American Diet" for athletes is composed of a wide variety of good foods. While there is no magic pill, wonder food, or sure-fire formula that will make a star out of a second-stringer, a proper diet will help keep a participant at his best.

A good food lineup to supply all needed carbohydrates, fats, proteins, minerals, and vitamins includes: Class A (bread-cereal group)—four or more daily servings of enriched or restored bread or cereal; Class B (milk group)—four or more daily glasses of milk, part of which may be replaced with cheese or ice cream; Class C (meat group)—beef, veal, pork, lamb, poultry, fish, eggs, with dried beans, peas, and nuts as alternates; Class D (vegetable-fruit group)—four or more daily servings to include one of a citrus fruit or other fruit or vegetable high in Vitamin C content, other fruits and vegetables, including potatoes, and, at least each alternate day, a deep-green or deep-yellow vegetable.

Sustained activity causes fatigue, partly because it drains the reserve of carbohydrates. Endurance sports call for a stepped-up consumption of carbohydrates, but consumption of excessive amounts serves no purpose.

Fat is oxydized ("burned") in increasing proportion in a proportion in a prolonged activity. Fat as a fuel is chiefly an alternate for carbohydrates.

Growing athletes engaged in strenuous sports need liberal quantities of protein but excessive amounts serve no purpose. If an athlete has a good all-round diet, no supplementary vitamins are needed unless a medically determined deficiency exists. In weather in which players perspire freely, extra salting of food may be desirable.

On the day of a game, a player is nervous in varying degrees, and attempts at changing his established food pattern may upset him. Easily digested "tried and true" foods taken three or four hours before the event are safest.

1971 Track Rule Changes

Definitions: Requires all participants to wear shoes while participating. Shoes are considered part of the official uniform.

1-4-2: Eliminates the use of sawdust in the high jump landing pit, effective with the 1973 season, and recommends the use of eighteen inches of commercially semi-compressed shock-absorbing soft material, or twenty-four inches of loose synthetic material, or foam rubber, or an air mattress inflated to twenty-four inches as a high jump landing pit. (This material will be required beginning with the 1973 season.)

1-4-4: Permits the use of cantilever standards in the pole vault. Paragraph 1-4-5: Permits the use in the light running long jump of a takeoff board manufactured of material other than wood.

1-4-6: Authorizes the use of a shot put stop-board constructed of concrete, fiber glass, metal, wood, or other hard-surfaced material.

2-1: Provides that the host school have spikes of a type to be used on all winter tracks and runways available for sale at the site of the meet.

4-5: Provides that a contestant who is disqualified for unsportsmanlike conduct in any event shall be denied future participation in that particular track meet.

7-2 and 7-4: Requires the competitor in the discus and shot put events to come to a stop after entering the throwing circle before beginning his throwing motion in these two events.

7-3: Specifies that a hurdler shall be disqualified if he fails to attempt to clear each hurdle during a given race.

8-2: Provides that qualifiers in preliminaries or semi-final heats in the sprints and hurdle races be assigned to lanes in the middle of the track.

8-3: Establishes exchange zone for shuttle relay races. These zones shall extend from four feet ahead of the starting line. The runner may leave the starting line when the incoming teammate breaks the line of the exchange zone with his torso.

Early Season Basketball Questions

EDITOR'S NOTE: These interpretations of the rules of the National Basketball Committee of the United States and Canada do not set aside nor modify any rule. The rulings are made by the National Federation of State High School Associations in response to situations presented.

CLIFFORD B. FAGAN, Editor, N. F. Publications

1. Play: With a few seconds clock time remaining in the first quarter, A1 makes a throw-in to A2 (clock not started—timer's error). A2 dribbles into front court and misses attempt. B1 recovers rebound and dribbles full length of court. As play passes bench, coach of team A notices clock has not been started and calls error to timer's attention, who then starts clock. With 1 second left on the clock in the quarter, A2 fouls B1. Time expires before timer can stop the clock.

Ruling: Assess A2 with a personal foul. Administer the free throw(s) before the intermission. Start the succeeding or next period with a center jump. Referee may not correct this timer's error because he (referee) did not know exactly how much playing time was consumed while the clock had been stopped.

2. Play: While try by A1 is on the basket ring, A2 jumps and: (a) taps ball into basket; or (b) forcefully stuffs or jams the ball down into the basket.

Ruling: In both (a) and (b) the ball became dead when touched by A2, therefore, there is no score. In (b) there is a double infraction. A2 not only committed basket interference, but he also dunked, the penalty for which is a technical foul. In (a) the ball is awarded to team B for a throw-in opposite the free throw line nearest A's basket. In (b) team B is awarded a free throw and the ball out of bounds at the division line.

3. Play: Twenty minutes prior to game starting time, during pre-game warm-up, several squad members of team A each dunk once with the officials, as well as the coach, as witnesses. When the coach submits his squad list to the scorer he deliberately omits the names of the violators.

Ruling: Even though the offenders' names are not included on the squad list, team A is assessed a technical foul for each act of dunking and the game starts with team B attempting the free throws. Anyone who participates in the pre-game warm-up is part of the squad, regardless of whether his name appears on the squad list.

4. Play: Shirts of team A include a proper number, however, on the shirts also appears the name of the school or the team nickname "Tigers" as well as the player's name. Will this be permissible beginning with the 1973-74 season?

Ruling: Yes.

5. Play: A6 reports to the scorer and is waiting to be beckoned onto the court which the official will be obligated to do the first time the ball is dead and the clock is stopped. Before this status

is reached, the coach directs A6 to return to his bench. The scorer sounds his horn. Coach of team A says A6 is not going to enter.

Ruling: This is legal.

6. Play: A1 tries for a goal and misses. B1 then gains control of the ball and throws a long pass. A2, in his front court, leaps, catches the pass and then alights in the back court of team A.

Ruling: Violation A2 had front court status when he gained control of the ball. When he alighted in his back court with the ball, he committed an infraction.

7. Play: Is this statement correct—"Only a player controlling a ball can be guarded."?

Ruling: No. The principles which apply to guarding a player who has the ball apply equally to guarding a player who does not have the ball, except in the case of switching to guard a player who does not have the ball. Thus, if B1 is guarding A1, who does not have the ball, and is in a guarding position (facing and in the path of A1), he may shift as A1 shifts to maintain his position in the path of A1. If B1 loses his position in the path of A1 momentarily, but is able to regain a guarding position at the last moment, B1 is employing legal guarding tactics. If A1 charges into B1 under these conditions, A1 is responsible for the contact. B1, of course, may not use any of the tactics prohibited by the first paragraph of Rule 10, Section 10.

8. Play: A1 is awarded two free throws for a personal foul committed by B1. While A1 attempts his first free throw which is successful, A2 and A3 are in the first lane space on each side of the free throw lane. No effort is made by B to enter either of these spaces nor does the official notice that the errors are taking place. After A1 has made the first free throw attempt and the ball is in the air during the second free throw, the official discovers the errors and sounds his whistle.

Ruling: Rule 2, Section 10, lists errors which may be corrected by officials. Part (e) provides that officials may correct an error if a rule is inadvertently set aside and results in erroneously counting or canceling a score. It also provides that if such error is made while the clock is stopped, it must be recognized before the clock is next started. In the above situation, the clock was stopped from the time that B1 committed the foul on A1. Since the error was discovered during the clock was still stopped, the official has the authority by Rule 2-10-(e) to correct the error. He shall cancel the successful free throw and disallow any score resulting from the second free throw. The ball shall be put in play at the involved free throw circle between any two opponents.

Approved and Certified Officials

A large number of K.H.S.A.A. registered officials qualified for the advanced rating of Approved and Certified as a result of the National Federation basketball examination which was given in Kentucky on December 7, 1970. Only officials receiving these higher ratings are eligible to work in the district and regional tournaments. Only Certified officials are eligible to work in the State Tournament.

Basketball officials who qualified for advanced ratings during the current season are as follows:

SPORTSMANSHIP AWARD

J. O. Lewis

The Western Athletic Conference during the 1970 football season initiated the J. O. Lewis Sportsmanship Award. Member schools and officials of the conference vote to determine the recipient of the award which is given to a conference school. Factors considered are the behavior and conduct of the coaches, players, cheerleaders, student body members, and other fans.

Fort Campbell High School was the winner of the 1970 award. Pictured above are Mr. J. O. Lewis, for forty-five years Director of Officials and conference Secretary-Treasurer for whom the award was named, and Coach Marshall Patterson of the Fort Campbell High School.

500 GAME WINNER

Denzil Halbert

Early in December Denzil Halbert, head basketball coach at the Martin High School, marked a milestone in his 24-year coaching tenure when he saw his team defeat the Betsy Layne team 73-65 for the consolation title of the Floyd County Pre-Season Tournament. This marked the 500th coaching victory for the affable Halbert, commonly known as "Hoss" to countless hundreds of Eastern Kentucky basketball fans who have watched his Martin teams perform since 1947.

The Martin native acquired the nickname "Hoss" while in junior high at the Floyd County school when a local merchant saw him hit a home run while playing with the community's summer-time baseball team. The nickname stuck and today many comparisons of his size are made with Dan Blocker, the "Hoss" Cartwright of TV's Bonanza, although "Hoss" Halbert may have the edge at 340 pounds.

Following impressive athletic achievements at Martin High School, Halbert earned eight letters at Kentucky Wesleyan College, playing basketball and baseball under the late Robert "Bullitt" Wilson. He returned home upon graduation and has guided the school's athletic teams ever since in addition to teaching Chemistry and Physical Science.

Nine of Halbert's teams have played in the 15th regional tournament, five as district winners and four as runners-up. His 1965 team won the coveted trip to the State High School Basketball Tournament.

Since the school's gymnasium burned in 1968, Martin has become a commuting cage team. All practice sessions since that time have been at the Lackey Grade School, fourteen miles away, or at the city park gymnasium in Prestonsburg, fifteen miles away. Home games are held at Maytown High School, five miles away. Who drives the bus to and from practice and games? Halbert, of course.

Halbert's non-school activities include a term as Mayor of the City and ten years at a city council member in which capacity he is still serving.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, on Saturday morning, December 19, 1970. The meeting was called to order by President Don Davis at 9:00, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioners J. B. Mansfield and Billy V. Wise present. The invocation was given by W. H. Crowdus.

W. H. Crowdus moved, seconded by Richard Vincent, that the minutes of the October 3rd meeting be waived, since members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner reported that the football championship playoffs continue to be successful. Financial reports have been received from eight game managers, indicating that all expenses have been paid with shares of profit having been sent to the schools involved. The AAA final game held in Louisville set a new record in receipts and attendance, with the receipts and attendance at the Classes A and AA finals held in Lexington being slightly under the comparable figures for 1969.

After a discussion concerning an additional amount to be allotted to each team taking part in a final game, in accordance with the provisions of K.H.S.A.A. Football Rule IV-C, J. C. Cantrell moved, seconded by Morton Combs, that each of the six teams involved shall receive an amount of \$1,000.00. The motion was carried unanimously.

Chairman J. B. Mansfield of the Trophy Committee reported that sealed bids for the 1971 district and regional basketball trophies were opened at the K.H.S.A.A. office on October 16, 1970. He stated that the Committee accepted the bids of Riherd's Sport Shop, Glasgow, Kentucky, for both district and regional trophies. The price per set of the district trophies was \$36.00, and the price per set of the regional trophies was \$52.95.

The Commissioner presented requests from Principal Winston Hamilton of the Mt. Sterling High School and Athletic Director Julian B. Cunningham of the Montgomery County High School concerning the placing of these schools in Football Class A, Region 3, District 2, for the seasons of 1971 and 1972. James T. Dotson moved, seconded by Tom Mills, that the redistricting request of the Mt. Sterling High School and the Montgomery County High School be granted. The motion was carried unanimously.

Richard Vincent moved, seconded by Tom Mills, that the next Board meeting be held in Louisville on January 23, 1971. The motion was carried unanimously.

The Commissioner reported that he had written to Prin. Foster J. Sanders of the Male High School on November 27, 1970, advising him that his school was being placed on probation with the Kentucky High School Athletic Association for a period of two years. The penalty came as a result of a violation of the Association's Sportsmanship Rule, By-Law 17, on the evening of November 7, 1970, during and following the Male-Trinity football game. Reports of the trouble which had developed were filed by the principals of the two schools and by the four officials who worked the game. The Commissioner stated that several other letters had been received from persons in attendance at the game who could describe in detail the incidents which were possible violations of the By-Law mentioned.

Superintendent Newman Walker, Assistant Superintendent Frank Yeager, and four members of the Louisville City Board of Education met with the Board of Control to discuss certain problems which had arisen in Louisville in the area of high school athletics. In a letter written to President Davis earlier, Superintendent Walker had stated that the Louisville Board of Education is committed to maximizing desegregation wherever possible, that one problem was a lack of black officials for athletic events held in Louisville, and that his Board "would like to discuss the problems created by the lack of blacks at the policy-making levels of the Kentucky High School Athletic Association."

The Commissioner stated that he did not have any figures on the number of black officials registered with the K.H.S.A.A. since the application cards signed by the officials do not give this type of information. He further stated that he would welcome more black officials into the K.H.S.A.A. as they become qualified under the regulations of the Association, and that it was his hope that the Louisville Board and other interested persons in the area would urge blacks to become registered officials in the K.H.S.A.A. Assistant Com-

missioner Wise, who is in charge of the registration and training of new officials, stated that the December 1st deadline for the completion of registration in basketball had been extended by the Commissioner to accommodate several prospective black officials in the Louisville area.

There was a general discussion concerning the procedure of election to membership on the Board of Control, as outlined in the regulations of the Association. The Louisville group was apparently under the impression that only principals of K.H.S.A.A. member schools were eligible for Board membership. Article IV, Section 2-a, was read, which provides that, to be eligible for membership on the Board of Control, one must only be actively engaged in the teaching profession (teacher, administrator, or supervisor) in his local section as a regular staff member in some official capacity.

James T. Dotson moved, seconded by J. C. Cantrell, that all bills of the Association for the period beginning October 1, 1970, and ending November 30, 1970, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

Coaches Never Lose

We don't know who the poet is but the Wilson Sporting Goods Co., River Grove, Ill., one of the largest firms manufacturing sporting goods, has recently been coming up with some very fine advertisements. We reprinted one several weeks ago in this column and the following bit of prose (or whatever you wish to call it), entitled, "Coaches Never Lose," was published in an advertisement in the April 8, 1968 edition of Newsweek magazine. We liked it. It goes like this—

A team can lose. Any team can lose. But in a sense a coach never loses.

For the job of a coach is over and finished once the starting whistle blows. He knows he's won or lost before play starts.

For a coach has two tasks. The minor one is to teach skills: to teach a boy how to run faster, hit harder, block better, kick farther, jump higher.

The second task, the major task, is to make men out of boys.

It's to teach an attitude of mind. It's to implant character and not simply to impart skills.

It's to teach boys to play fair. This goes without saying. It's to teach them to be humble in victory and proud in defeat. This goes without saying.

But more importantly it's to teach them to live up to their potential no matter what this potential is.

It's to teach them to do their best and never be satisfied with what they are but to strive to be as good as they can be if they tried harder.

A coach can never make a great player out of a boy who isn't potentially great. But he can make a great competitor out of any child. And miraculously he can make a man out of a boy.

For a coach the final score doesn't read so many points for my team, so many points for theirs. Instead it reads: So many men out of so many boys.

And this is a score that is never published. And this is the score that he reads to himself, and in which he finds his real joy, when the last game is over.

—Union Press-Courier, reprinted in The PA'THLETE

Correction

The Dickinson Football Ratings which appeared in the December issue of the ATHLETE showed the Burgin High School (Class A, Region II, District 2) with a 3-2-0 record. The correct record is 4-1-0, the Dickinson Rating changing from 17.00 to 19.00. This moves Burgin from sixth to fifth place in the district.

Basketball Questions

(Continued from Page One)

9. Play: A1 strikes B4 and B1 strikes A5 while the official is preparing to put the ball in play with a jump ball.

Ruling: Flagrant false double foul. A1 and B1 are each charged with a technical foul and then disqualified because it is flagrant. Any eligible member of either team could attempt the two free throws for his team, after which the ball would be put in play by a jump ball between any two opponents at the center circle.

10. Play: A1 is injured during a play in which he has been fouled. As a result, A1 cannot attempt the free throw awarded him. Substitute A6 replaces A1 and attempts the free throw which is successful. Substitute A7 replaces A6 before the clock starts.

Ruling: The procedure is legal.

11. Play: A1 is running toward his goal while looking back in anticipation of receiving a fast break pass-out. B1 takes a position in the path of

DAYTON—CLASS A, REGION 3, DISTRICT 1, CHAMPION

(Left to Right) Front Row: G. Carnes, M. Ackerson, P. Doyen, K. Schaub, B. Huff, R. Farris, J. Frank, D. Fry, J. McMillian. Second Row: G. Grimm, B. Slucker, J. Voller, M. Campoamor, D. Honaker, M. Heaton, B. Eddy, C. Campbell, B. Filch. Third Row: S. Carnes, D. Thacker, J. Perkins, M. Myers, M. Turner, J. Schultz, E. Schweinzer, D. Doud, R. Lightfoot. Fourth Row: B. Fleischmann, J. Walton, G. Leger, C. Westcott, R. Alcorn, C. Worthington.

A1 while A1 is more than two steps away from B1. (a) A1 runs into B1 before A1 receives the ball or (b) A1 receives the ball and before taking a step contacts B1.

Ruling: In both (a) and (b), A1 is responsible for contact. When B1 took his position in the path of A1, B1 was far enough away from A1 to avoid contact had A1 known B1 was in his path. Basic Principle 4 applies to this situation.

12. Play: A1 is running toward his goal but looking back to receive a fast break pass-out. Just before receiving the ball, A1 stops. B1 moves up to a position in the path of, and close to A1. After receiving the ball, A1 charges into B1: (a) during his first step; or (b) after taking one step.

Ruling: A1 is responsible for contact in both (a) and (b). Basic Principle 3 applies.

13. Play: A1 tries for a field goal. After ball leaves his hand, B1 illegally contacts him.

Ruling: If the contact occurs clearly after the ball is in flight, A1 has ceased to be a thrower. The penalty for the foul against a thrower does not apply.

14. Play: Team A is ahead in the score and is playing "keep away." B1, in order to break up the "keep away" tactics, gently grasps the arm of dribbler A1. Is this an intentional foul?

Ruling: Yes. After signaling the foul, the official should immediately indicate two free throws, so that it is known at the time the foul was committed that it was intentional. The signal giving the number of free throws should be repeated when the players have taken their positions along the free throw lane.

15. Play: A common foul is charged to A1: (a) while A2 has control; or (b) while A has team control but there is no player control; or (c) while ball is in flight on a try; or (d) when A2 has ball out of bounds for a throw-in.

Ruling: In (b), (c), and (d), A1 is charged with a personal foul and offended player is awarded a free throw (or bonus if applicable). In (a), A1 is charged with a personal foul and team B is

awarded the ball out of bounds nearest the spot of foul. In (a) there is no free throw.

16. Play: A2, in attempting to screen, establishes a stationary position in the path of moving B2. The position of A2: (a) is so close to B2 that B2 cannot avoid A2 and contact results; or (b) is far enough away so that B2, who is aware of the position of A2, has an opportunity to avoid A2 but still contact results.

Ruling: In (a), the foul is on A2 for blocking. In (b), B2 did not use the opportunity to avoid A2 and, therefore, he is responsible for the contact and is charged with a foul for charging.

17. Play: A1 and B1 are moving in identically the same direction and path. In (a), A1 has the ball; or in (b) he does not have the ball. In either (a) or (b), A1 shows his pace or stops so quickly B1 doesn't have an opportunity to change direction and B1 contacts him.

Ruling: Foul on B1 for charging or pushing in both (a) and (b).

18. Play: Dribbler A1 has established a straight line path to his basket. A2 trails A1 by about a step and stays between A1 and B1, who is attempting to overtake A1. A2 does not change his straight line path to his basket. (a) No contact ensues; or (b) contact does result.

Ruling: The action in (a) is legal. In (b), if illegal contact results, the foul is on player B1. This is true even if A2, who is in the path of B1, stops quickly.

19. Play: In attempting to secure control of a rebound, A1, while off the floor, taps the ball into the air and, before returning to the floor, taps the ball a second time, so that the ball strikes the floor. When A1 returns to the floor, he gains control of the ball and begins a dribble.

Ruling: All of the described action is legal.

20. Play: A1 is fouled while he is in the act of shooting and while the ball is in the air, A2 fouls B2. The try is unsuccessful.

Ruling: False double foul. A2 is given two free throws. The foul which A2 commits against B2

is a personal foul and it is penalized on the bonus basis and B2 may, therefore, be awarded either one or two free throws as the situation requires. Play will resume with a center jump following all the free throw attempts.

21. Play: During any practice or warm-up period, prior to, or during the game, a player leaps and: (a) grasps the basket ring or net; or (b) intentionally slaps the backboard forcefully; or (c) jumps and merely touches (does not grasp) the basket ring.

Ruling: In (a) the player is charged with a technical foul. It is the intent and spirit of the rules coverage to eliminate such action as may break or put the basket ring out of alignment. One of the principal reasons for prohibiting dunking and stuffing the ball into the basket was because these acts caused damage to the basket, the backboard, and its support. The rules coverage was intended to apply to grasping the basket ring, and the act is, therefore, to be penalized with a technical foul. In (b) intentionally slapping the backboard with force tends to loosen the basket ring from the backboard, it causes the backboard to vibrate and has generally an undesirable effect on basket attachment. The official should notify the squad that members are not to slap the board and that, if they persist in so doing, he shall assess a technical foul. A technical is called after the warning in (b). The purposeful act of slapping the backboard vigorously is usually characterized by repetition. Leaping and merely touching the basket ring, as described in (c) is not, of itself, a foul but must be discouraged because it leads to acts which are fouls.

Letter From The Commissioner

To The District Tournament Manager:

Will you please refer to your K.H.S.A.A. booklet which gives rules and regulations governing basketball tournaments. You should familiarize yourself with these rules, found on pages 31-39. Your special attention is called to the second paragraph of Tournament Rule VI-A-3, relative to the enrollment of your district coaches in the Kentucky High School Coaches Association.

The forms for your various reports are self-explanatory. The report of games should be mailed to the manager of the regional tournament not later than Monday, March 8. Send your financial report, your checked eligibility lists, and the second copy of the report of games to the Commissioner as soon after the tournament as possible. For your convenience, the following check list is given:

1. Invite member schools to your tournament AT ONCE, reminding each school to send each other member school in the district a COMPLETE preliminary list of players on or before February 1, and to send you THREE copies of a final list one week prior to the district tournament. See Rule VIII.

2. Announce the time of drawings in your letter. See Rule IX.

3. At your meeting, conduct the drawings and select the officials. The state plan for division of tournament receipts is recommended. If any other plan is used, a majority vote of the participating schools must be obtained.

4. Your attention is called especially to the last two paragraphs of Tournament Rule V-A, and to Tournament Rule V-C.

5. The following procedure has been established by the Board of Control in the selection of tournament officials under authority given in Tournament Rule V-A: (a) Each school represented at the meeting may submit the names of one or more officials. There shall be a minimum of eight names on the list of officials to be voted on. **NO NAME SHALL BE MARKED OFF THE LIST.** (b) Each school representative shall rank eight officials in the order of his preference, the first choice being assigned eight points, the second seven points, etc. (c) The tournament manager shall communicate at once with the highest ranking official or officials in the order of their rank. If the official who is selected can not be reached within one hour of the time of his selection, or if he is not available, the tournament manager shall attempt to employ the next official or officials on the list in the order of their selection. If the tournament manager attempts to contact the official by telephone and there is no answer, the manager should check with the operator for a possible change in the official's number. (d) If two officials are tied on points, the highest ranking official shall be determined by flipping a coin. (e) If none of the officials on the list is available, the tournament manager shall have the sole responsibility of securing an official or officials for the tournament.

6. Tournament Rule XV says: "The Board of Control is authorized to select, standardize, and purchase trophies for all district and regional tournaments and the cost of these trophies shall be borne by the respective districts and regions." The Board has contracted with Riherd's Sport Shop, Glasgow, Kentucky, to supply all of the official K.H.S.A.A. district first place and second place basketball trophies for the 1971 tournaments, each trophy complete with the Association seal and engraving. Your trophies will be shipped to you prior to March 1.

7. It is the responsibility of the tournament manager to secure adequate police protection.

8. **THE BOARD OF CONTROL HAS RULED THAT NOT MORE THAN TWELVE PLAYERS MAY BE IN UNIFORM FOR ANY ONE TOUR-**

NAMENT GAME, AND THAT OTHER SQUAD MEMBERS SHALL NOT BE ALLOWED TO PARTICIPATE IN WARM-UP EXERCISES, THIS BEING IMPLIED IN TOURNAMENT RULE XI.

9. Please ask your officials to designate the goals prior to the warmup time for each game.

10. You will receive three copies of a final eligibility list from each school. Have one of these checked by the coach of each competing team, before his team plays, for the twelve players he will use in each game. Use only one list for checking players on each team since the other two copies may be needed by the regional and state tournament managers. Send the Commissioner all of these checked copies with your other reports. Send the two unchecked copies of eligibility lists of the winner and runner-up to the manager of your regional tournament, along with one copy of your report of games, not later than March 8.

11. It has been ruled that the 2:00 o'clock mentioned in Tournament Rule IV-B may be considered Eastern Standard time or 1:00 P.M. CENTRAL STANDARD TIME. This information concerning the starting time of the regional meeting should be given to your winner and runner-up.

12. Send Secretary Ohr of the Kentucky Coaches Association the list of district coaches to be enrolled in his organization and remittance for these, and send the Commissioner the various reports mentioned above as soon as possible.

13. Tournament Rule VI-A-3 provides that the district representative to the annual meeting may be allowed for expenses an amount not to exceed \$75.00. Since this is a maximum and not necessarily a fixed amount, the delegate should be asked to submit an estimate of the cost of his lodging, transportation, and meals because of his representing the district at the annual meeting.

Ted Sanford, Commissioner K.H.S.A.A.
Attention!!!

The Board of Control has the authority to set the fees for district tournament officials. The following regulations for 1971 have been set by the Board: "The officials shall receive a fee of \$25.00 per game and a transportation allowance of 10¢ per mile for all necessary travel. In the event it is necessary for the official to remain overnight at the tournament site, he shall be paid an additional \$20.00 per day for lodging and meals."

Elmer Kelley of Madisonville, K.H.S.A.A. poet laureate, who for several years has written poems for state basketball tournaments, presents his poem about the forthcoming tournament.

Tourney Time Again?

It scarce would seem an hour or so since last
we penned a rhyme
In tribute to the schoolboy show that's known as
tourney time.
A year they say is in between the madness in
this place;
And yet familiar is the scene, each movement,
sound and face.
There's "Butch" and "Six" and all the rest
along the baseline row,
One-Two-Three the PA test, the scoreboard's lights
aglow,
Behind the ramp Joe Bill and Ted, J. D. and
dozens more.
It seems a moment since they said, "The greatest
one's in store."
Above the din I head a band, a cheer becomes
a roar.
I know a new one's near at hand, it's tourney time
once more.
There may be others far and near that prove
their money's worth,
But none to rival this one here, the Greatest Show
On Earth!

Major Activity of the 1971

Football Rules Committee

Anaheim, California, January 2-3, 1971

NOTE: This is a brief summary of the more important modifications to the football rules authorized by the National Alliance Rules Committee during its 1971 meeting.

QUESTIONNAIRES for the purpose of determining the acceptance of the committee's action in 1970 and for securing an evaluation of proposed changes were mailed to coaches and officials through state association offices, the National Junior College Athletic Association, and the National Association of Intercollegiate Athletics. Approximately 19,000 forms were distributed, and nearly 8,500 were returned and tabulated. The complete minutes contain a summary of the vote on each of the listed items, and a tabulation of the significant comments which were requested on the back of the questionnaire. The returns indicated a very high degree of satisfaction with the changes which had been made for the 1970 season. Providing that a charged time-out may be extended by an official's time-out for the continuance of a coach-official conference, or when a safety factor is involved, was favored by 96% of the respondents, as was defining a catch as securing possession of a loose ball in flight by a player who is in-bounds. Specifying the location of the line-to-gain equipment was approved by a ratio of over 9 to 1. Classifying intentionally kicking or throwing the ball from the playing field following any score as unsportsmanlike conduct, was favored by 86% of the respondents. Eighty-five per cent favored exempting a player who inadvertently contacts a goal post placed on an end line from illegal participation. Two revisions receiving the smallest percentage of acceptance, that being 80%, were requiring a replaced player to leave the field on the side of his team box and removing the loss of down from the penalty for an ineligible being illegally downfield during a forward pass which crosses the line. All the remaining changes were accepted by more than a 10 to 1 margin.

CRACKBACK BLOCKING, contributing to injuries, was mentioned as a major problem by almost one-third of the respondents and was most frequently mentioned as a major problem. Approximately one-fourth indicated that the use of striking blows by defensive linemen was a major concern. Closely related, and mentioned by slightly less than one-fourth of the respondents, was illegal use of the forearm in blocking. Illegal acts against potential offensive pass receivers, by the defense, was a problem indicated by 1,770 respondents, while 1,625 indicated that metal-tipped cleats were a major cause of injury. In spite of the fact that one of the Points of Special Emphasis in 1970 dealt with team boxes and explained their purpose, 1,616 respondents noted that coaches and players being out of the team boxes needed attention. Other items mentioned as problems were:

injuries resulting from butt blocking (908); and players lagging when moving into position for a kick-off following a try (783). The National Alliance Football Code already contains ample provisions to eliminate these problem areas if the rules are properly applied. The fact that respondents indicated that these were problems is an indication that games have not been well administered. It is the responsibility of those who train and supervise officials to provide adequate instruction, supervision, and evaluation which will insure the development of a greater degree of competency in officials.

COMMITTEE REPORTS:

THE NATIONAL FEDERATION office receives a number of suggestions for improving or revising the National Alliance Football Code every year. The majority of suggestions, naturally, are received during the football season. Each proposal, along with recommendations from voting delegates and advisory members and the items from Parts II and III of the National Alliance football questionnaire, is categorized and assigned to one of five standing subcommittees for study and consideration. Before any matter of rules revision may be brought before the National Alliance Football Rules Committee, it must have been considered in one of the subcommittee meetings and approved for presentation to the committee of the whole, or be considered by virtue of being included as an item on the questionnaire. Preceding the opening session of the Football Rules Committee meeting, each subcommittee met to consider items on its agenda. Subcommittee meetings were scheduled so that the delegates were privileged to attend two different sessions. During the first general session, reports from the standing subcommittees were presented to the committee of the whole and provided a wealth of material upon which to base consideration during the voting session. During this same session, the editor (committee secretary) reviewed the questionnaire items and the comments as submitted. Each voting delegate was reminded to submit any other items and/or minority reports to the chairman if they were to be considered without unanimous consent. A complete copy of each of the reports from the Equipment, Injury Data, Game Administration, Research and Statistical, and Safety subcommittees is to be included in the complete minutes.

AUTHORIZED RULES REVISIONS FOR 1971:

NOTE: The wording in the following statements is preliminary in nature and may or may not appear exactly in this manner in the 1971 Rules Book. The Editorial Committee has the responsibility of revising wording as necessary to correlate changes with other sections in the Code. Every effort is made to clearly and concisely represent committee action.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Stouffer's Inn, Louisville, on Saturday morning, January 23, 1971. The meeting was called to order by President Don Davis at 8:30, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioners J. B. Mansfield and Billy V. Wise present. The invocation was given by W. H. Crowdus.

James T. Dotson moved, seconded by Roy L. Winchester, that the reading of the minutes of the December 19th meeting be waived since the members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner recommended that the fol-

lowing regulations concerning the fees for district and regional basketball tournament officials be adopted: The district tournament official shall receive a fee of \$25.00 per game, the regional tournament official a fee of \$30.00 per game. The transportation allowance shall be 10 cents per mile for all necessary travel. In the event that it is necessary for the official to remain overnight at the tournament site, he shall be paid an additional \$20.00 per day for lodging and meals. Richard Vincent moved, seconded by J. C. Cantrell, that the regulations recommended by the Commissioner be adopted. The motion was carried unanimously.

Chairman Tom Mills of the Building Committee presented to the Board a rendering of the proposed new K.H.S.A.A. office building, plans and specifications for which are currently being prepared by the architectural firm of Marye and Bond. W. H. Crowdus moved, seconded by James T. Dotson, that the Building Committee be given the power to act with respect to approving plans and specifications for the new K.H.S.A.A. building, with the understanding that no contractor's bid would be accepted without the approval of the Board of Control. The motion was carried unanimously.

There was a discussion of possible new proposals to be submitted by the Board at the forthcoming 1971 Delegate Assembly. No action was taken on these proposals at this time.

The Commissioner brought to the attention of the Board all of the correspondence in connection with the Larry Grisham transfer case, this boy being currently enrolled in the Frederick Fraize High School. He had ruled Larry Grisham ineligible for athletic competition under his interpretation of the Association's Transfer Rule. It was the opinion of the Board that the Commissioner had ruled correctly in the case, and the Board was unanimous in its decision not to restore the eligibility of Larry Grisham under Article IV, Section 3-d-7, of the Constitution.

The Commissioner presented to the Board the request of Prin. Arthur J. Lloyd and Coach Jackie Jewell of the Wayne County High School, asking that in football the school be placed back in Class AA because of scheduling trouble. Tom Mills moved, seconded by James T. Dotson, that the request of the Wayne County representatives be granted. The motion was carried unanimously.

The Commissioner presented to the Board a letter and supporting material which he had received from Donald B. Mills of the Richmond Jaycees, suggesting certain changes in the football playoff system. The Board took no action on the suggestions made.

During the December meeting of the Board, the Commissioner had presented a request of Brother Charles Blavat, Principal of the Bishop David High School, that for the purpose of playing varsity football the Bishop David High School be moved "FROM THE CITY CLASS AAA LEAGUE TO THE COUNTY REGION, WEST DISTRICT, CLASS AAA LEAGUE." The Board deferred action until a later meeting. Attention was not called to the request of the Brother Blavat. The Board declined at this time to change the football region of the Bishop David High School.

James T. Dotson moved, seconded by J. C. Cantrell, that all bills of the Association for the period beginning December 1, 1970, and ending December 31, 1970, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

New Golf Film

The National Golf Foundation has produced a new film entitled *COURTESY ON THE COURSE*. A print of the film, a 16 mm, 17-minute sound film in color, has been secured by the K.H.S.A.A. and placed on loan with the Film Library, College of Education, University of Kentucky.

COURTESY ON THE COURSE illustrates and explains the ethics, courtesies, and customs of golf. The production of this film fills a long-standing need and will be of great assistance in teaching golf, both at the interscholastic and the physical education service course levels of the game.

COURTESY ON THE COURSE conveys a two-fold definition of golf etiquette through a positive presentation of procedures reflecting consideration of other players and concern for the golf course itself. In some situations it has been somewhat difficult to secure the use of a golf course because certain squads have misused them. The film content includes arrival and before-tee preparation; order of play; positioning and conduct; alertness to the ball in flight; "Fore!"; right-of-way on adjacent fairway; measures to speed play; divot replacement; sand bunker procedures; positioning of equipment; play-through procedure; violations that hinder play; green etiquette; ball mark repair positioning; flagstick handling; recording of scores.

Coach-of-The-Year Clinic

Charlie McClendon, Head Football Coach for the Louisiana State University has been named "Co-Coach of the Year" by the American Football Coaches Association and will headline an all-star group of coaches at the 1971 Kodak Coach-of-the-Year Clinic to be held in St. Louis at the Stouffer's Riverfront Inn on February 19, 20, and 21.

On the same docket with Charlie McClendon will be Stanford's Head Coach, John Ralston and his top assistants, Mike White and Roger Thedes from the Rose Bowl; Bob Devaney, from Nebraska, the coach of the number-one team in the nation, and winner of the Orange Bowl; and Bob Blackman, newly appointed Illinois University Head Coach and winner of the Lambert Trophy for 1970. Other outstanding coaching personalities include Ron Erhardt, of North Dakota State, 1970 Camellia Bowl winner; Eddie Robinson of Grambling; Prentice Gault, Assistant Coach at the University of Missouri, and Paul Martel from St. Louis University High School, St. Louis.

These All Star Clinic Coaches Lectures and Diagrams will be included in a CLINIC NOTEBOOK that may be purchased from the St. Louis Metropolitan Football Coaches Association, a group that will also be in charge of hospitality for visiting coaches.

This year's clinic will stress demonstrations of the different types of offensive and defensive

drills and techniques from the various parts of the country.

A special attraction of the 1971 Clinic will be a Song and Dance team called "Duffy's Darlings". Duffy's Darlings is a group of local high school coaches' wives that will kick off a party and panel discussion featured Saturday evening, February 20, at 7:30 pm.

Hosts and participants in the clinic will be the clinic's National Directors, Coach Charles E. "Bud" Wilkinson, formerly of Oklahoma, and Coach Hugh "Duffy" Daugherty of Michigan State.

Ed Velten, Clinic Manager, expects around

1,000 coaches from eight (8) states to attend the 10th Annual KODAK COACH-OF-THE-YEAR CLINIC. For further information call or write: Ed Velten, Ladue High School, 1201 South Warson Road, St. Louis, Missouri, 63124, Area Code 314-993-6447.

This clinic is not limited to High School and College coaches only, but is open to the General Public and all Little League coaches.

Registration fee is \$10.00 per person when paid in advance, and \$12.50 on the day of the clinic.

Basketball Questions

These interpretations of the rules of the National Basketball Committee of the United States and Canada do not set aside or modify any rule. The rulings are made by the National Federation of State High School Associations in response to situations presented.

22. Play: A coach, bench manager, player, squad member, substitute, or other team bench personnel is charged with his 3rd technical foul; or (b) A1 flagrantly fouls B1.

Ruling: In (a) the person charged with his 3rd technical foul is removed, by rule, from the vicinity of the court. This applies whether the offender is a coach, a player, a squad member, a substitute, a team manager, or other bench personnel. The official has no option and may not set aside the provision which requires removal from the vicinity of the court. In (b) the flagrant personal foul disqualifies A from further participation in the contest, but in ordinary circumstances, the offender would not be required to leave the vicinity of the court. However, in an unusual situation, an official has the authority to require that a person who has committed a flagrant technical foul must leave the vicinity of the court. Such banishment is necessary, when permitting a disqualified player to remain at courtside would tend to incite the crowd, to incite the opponents, or to subject the officials, opponents, or others administering the game, to unsportsmanlike harassment. In such circumstances, the official should require the player who has committed a flagrant foul to leave the vicinity of the court. It must be emphasized that an official does have this authority, when the circumstances resulting from any flagrant foul warrant the banishment.

23. Play: A3 is attempting to make a throw-in. He holds the ball through the plane of the end line. B3 grabs the ball and dribbles away for a lay-up and scores a field goal.

Ruling: A3 violates when he holds the ball through the plane of the end line on a throw-in, the violation prevents the ball from becoming alive. B3 has grabbed a dead ball. The ball will be awarded to team B for a throw-in at the spot of the violation.

24. Play: At the end of a dribble, A1 passes to A2 and A1 charges into B1: (a) simultaneously while making the pass; or (b) while the ball is clearly in flight; or (c) after the ball is touched by A2 and is rolling on the floor.

Ruling: A1 is charged with a foul in (a), (b), and (c). In (a), there is doubt as to whether A1 had control at the time he charged. This is interpreted to be a player control foul. No free throw is awarded and the ball is put in play by team B from out of bounds at the spot nearest the foul. It is not a player control foul in (b) and (c) and B1 is awarded the proper number of free throws.

25. Play: Team A has used its 5 permissible charged time-outs. During the 4th quarter, A1 is injured seriously enough that he cannot be removed from the floor during the 1 and 1½ minute period allowed for substitution.

Ruling: Team A is charged with a 6th time-out, and a technical foul is assessed even though the time-out is required by the injury. In the case of the injured player, only 1 time-out is charged, even though it takes several minutes to have him removed from the court and replaced.

26. Play: B3 breaks the plane of the free throw lane line with his foot during the free throw attempt of A3. The attempted free throw of A3 misses the rim.

Ruling: Double violation. Play is resumed by a jump ball between any two opponents at the nearer free throw line.

27. Play: The offensive man is standing still. May a defensive man move up close behind him, regardless of where the offensive man is standing?

Ruling: Yes. The defensive man (guard) may be as close as he desires to the offensive man, short of contact. Any member of the team with the ball (offensive man) can expect to be closely guarded, free throw situations excepted.

28. Play: B1 secures possession of a rebound from A's basket. B1 is in the front court of A (in other words, the back court of B). B1 attempts a long pass down the court to his teammate, B2. A2, standing in his front court close to the division line, leaps high in the air and intercepts a pass of B1 and then returns to the court, in the back court of team A with the ball in his control.

Ruling: A2 has caused the ball to go from the front court to the back court, and, therefore, has committed a floor violation. The ball is awarded to a nearby opponent for a throw-in at the out of bounds spot nearest the violation.

29. Play: A1 strikes A2 during a live ball.

Ruling: Even though this were to occur when the ball is alive, it is not a personal foul because opponents are not involved. Whether the officials would ignore the fact or whether A1 would be charged with unsportsmanlike conduct would depend upon the circumstances. Ordinarily unsportsmanlike actions are directed against an official or an opponent. Since opponents are not involved, it is quite likely the striking would be ignored, except in unusual circumstances where the spectators would be incited or the incident would provoke a delay of the game.

Comment: Unsportsmanlike tactics, in general, involve relationships between opponents, between the players and officials, between the spectators and officials, between the players and spectators, and between the coaches and spectators, and coaches and officials. In most situations, it does not apply to the relationship of a player to his teammates, nor to the coach and members of his team. However, these standards are not without exception. For example, profanity on the part of a participant, coach, or member of the squad is considered to be an unsportsmanlike act, whether or not the profanity is directed at any individual or merely is a means of "letting off steam."

30. Play: Player B1 takes a position 10 feet behind his stationary opponent, A1. Player A1 then closes this gap by backing to within a few inches of player B1. (Player B1 did not move, but merely held his position.) Contact results when A1 makes normal body movement.

Ruling: Since player B1 did not move he is entitled to his spot on the floor. If there is more than incidental contact, A1 has committed a foul.

31. Play: Dribbler A1 is moving parallel with an end line. B1 attempts to force him out of bounds by making slight contact as he moves with him.

Ruling: Personal foul by B1.

32. Play: A1 is in the act of rising from the floor and has started his arm motion for a try when B1 pushes him. A1 follows through with his arm motion and stuffs the ball forcefully through the basket.

Ruling: No basket. A1 is assessed a technical foul. A1 is awarded 2 free throws and team B is awarded 1 free throw. Ball is then put in play by a jump at center.

33. Play: While the ball is alive and the clock is running: (a) the coach of team A stands up to attract the attention of player A1 who is on the court and the coach then gives A1 directions; or (b) following an unusually fine effort by A2, in which A2 scores, or secures control of the ball from B1, the coach, along with the rest of the bench personnel, spontaneously rises from the bench and cheers. The coach and squad immediately and without leaving the bench area return to their seats.

Ruling: In (a) it is a technical foul on the coach. In (b) the spontaneous reaction of rising because of an outstanding play by a member of his team, after which the coach immediately returned to the seat on the bench, is not in conflict with the spirit and intention of the rule, and the spontaneous reaction in the specified situation is ignored.

34. Play: The ball has been placed at the disposal of A1 for the purpose of attempting a free throw. A1 then walks out of the free throw circle boundary at the side or rear, without breaking the plane of the free throw line, in either case. A1 confers with a teammate, after which he returns to the free throw circle.

Ruling: Violation.

35. Play: A1 is in the act of trying for a field goal. B1 pushes A1 after the ball has left the hand of A1 and the attempt is successful. Is A1 awarded the 1 and 1 bonus throw even though the foul was neither intentional nor flagrant?

Ruling: If the bonus rule was in effect, A1 would be awarded a bonus try if his first free throw attempt was successful.

36. Play: While A1 is dribbling he: (a) accidentally strikes the ball with his leg and then continues the dribble; or (b) muffs the ball as he attempts to catch it and then recovers it; or (c) permits the ball to bounce several times before touching it again. A2 commits a personal foul during (a), (b), or (c).

Ruling: Since in each of these situations there is a possibility of reasonable doubt as to whether there is player control, the foul must be ruled as a player control foul.

section, or at each end of the crossbar perpendicular to the ground when a single pedestal post is used. The crossbar shall be 23'4" long, and the distance between the outside edges of the uprights above the crossbar shall not exceed 24".

1-2-8: The horizontal crossbar and the uprights above the crossbar shall be free from any decorative material.

2-1-2: A ball in player possession is a ball held or controlled by a player after it has been handed or snapped to him, or which he has caught or recovered.

2-3-1: A catch is the act of establishing player possession of a live ball in flight. A catch of an opponent's fumble or pass is an interception. Securing possession of a live ball after it strikes the ground is a recovery. If a player attempts a catch, interception, or recovery while he is in the air, the ball must be in his possession when he first returns to the ground inbounds.

KHSAA AREA BASEBALL REPRESENTATIVES

Pictured above are nineteen baseball area representatives who are currently assisting the Kentucky High School Athletic Association in conducting the 1971 clinics for officials and coaches. They are (Left to Right) Front Row-James Johnson, Frankfort; Jerry Kimmel, Beechmont; Curtis Gaines, Henderson; Bunny Davis, Danville; James Mooneyhan, Franklin; Don Hardin, Morehead. Second Row-James Kidwell, Covington; Dale Griffith, Ashland; Eldridge Rogers, Hopkinsville; Carroll Elliott, Elizabethtown; Sonny Hubbs, Paducah; Shelby Winfrey, Campbellsville. Third Row-Richard Morgan, London; Kenneth Ashley, Science Hill; Robert Daniels, Van Lear; Al Giordano, Princeton; Roy Cline, Louisville; Bill Ring, Lexington; Buddy Roe, Isom. (Area Representatives W. P. Russell, Murray, and Ed Eyl, Louisville, were not present.)

2-3-2: A fair catch is a catch, beyond K's line between the goal lines, of any kick by a receiver under conditions in which the receiver forfeits his right to advance the ball in return for protection against being blocked or tackled by an opponent.

2-3-5: A simultaneous catch or recovery is a catch or recovery in which there is joint control of a live ball by opposing players inbound.

2-28: Spearing is deliberately and maliciously driving the helmet into a runner who is down, or who is held so that he is going down, or who is held so that his forward progress is stopped.

3-1-2: A period or periods may be shortened in any emergency by agreement of the opposing captains and the referee. By mutual agreement of the opposing captains and the referee, any remaining period or periods may be shortened at any time.

3-1-4: When weather conditions are construed to be hazardous to life or limb of the participants, the crew of officials is authorized to suspend the game.

4-2-2g: (The ball becomes dead and the down is ended.) g. Following a valid fair catch signal when the kick is caught or recovered between the goal lines by any receiver beyond K's line (unless

the kick has been touched by one of the kickers beyond the line):

9-1-3: A player on defense may use unlocked hand, hands, or arms to ward off an opponent who is blocking or attempting to block him, or push or pull him out of the way in an actual attempt to get at the runner or a loose ball. In no other case shall he grasp, hold, pull, or push an opponent other than a runner. No defensive player may add momentum to the charge of a teammate who is on the line of scrimmage by pushing (shoving) him. When a player on defense uses a hand or arm, the hand must be in advance of the elbow at the time of contact.

9-3-1i: (Examples of unsportsmanlike conduct are:) i. Whenever the ball becomes dead in the possession of a player for him to intentionally kick it, spike it into the ground, or throw it high in the air, or from the field of play, or fail to place the ball on the ground, or fail to return it to a nearby official immediately.

9-6-1b: (Unsportsmanlike conduct includes acts or conduct such as:) b. Holding conferences between a coach or coaches and a player or players unless during a charged time-out or the intermission between periods, the conference is on the field within 5 yards of the sideline and directly in front of the team box when one coach from each

team may confer with one of his players; or

10-2-4: When a dead ball foul follows a down during which there was a double foul, the penalty for the dead ball foul will be separately administered.

SIGNALS:

The Committee accepted a procedure for designating a dead ball foul. This will not necessitate the development of a new signal but rather will be a combination of signals currently in use. In order to designate a dead ball foul, the referee will use the dead ball signal preceding and following his signal to indicate the type of foul. Thus, if clipping occurs during a dead ball period, the referee will give Signal A, followed by Signal 6, followed by Signal A.

CASE BOOK SITUATION:

Interpretations for several listed situations were reviewed and revised. These will be included in the 1971 edition of the Case Book. Since the Case Book is a supplement to the Rules Book, the information contained therein is officially adopted by the Committee.

1. **QUARTERBACK:** Play 230F will be revised to indicate that the action of the quarterback in lifting his heel to start a teammate in motion does not constitute a false start.

2. **A DEAD BALL FOUL:** Case Book Situation 300A will be revised to clarify procedure to be followed in administering the penalty for a dead ball foul which follows a down in which there was a double foul.

3. **SPEARING:** Several play situations will be developed to call attention to the new definition of spearing and applying it to specific circumstances.

POINTS OF SPECIAL EMPHASIS:

Each year, the National Alliance Rules Committee specifies certain areas which are to be given special attention by all those responsible for teaching football rules. The 1971 Committee was no exception. Two items have been specifically designated to be placed in this category for this year.

1. **BUTT BLOCKING:** A complete description of action termed and designated as butt blocking will be developed and examples explained in light of the possibility of injury which may occur. It is possible that a new term may be devised to describe this action and combine it with stick blocking, face blocking, etc.

2. **ILLEGAL USE OF HANDS:** The National Alliance Code clearly differentiates between legal and illegal use of the hands, both by offense and defense. Acts other than those which are legal are properly described as fouls, and penalties are provided. The machinery for eliminating certain types of illegal use of the hands is available for officials to use. The fact that it is not used to the extent that it should be is the fault of the officials. The purpose of Points of Emphasis will be to call attention to this in a positive way so that officials will act more quickly in penalizing illegal use of hands.

GENERAL:

Editorial changes in the Rules Book, Case Book, Handbook, and the Rules Simplified and Illustrated to correlate rules and sections were authorized by committee action. The Editorial Committee was directed to revise the present language in order to increase understanding without changing the intent of the rules sections wherever feasible.

Modern Ides of March

The gym lights gleam like a beacon beam
And a million motors hum
In a good will flight on a Friday night;
For basketball beckons, "Come!"

A sharp-shooting mite is king tonight.
The Madness of March is running.
The winged feet fly, the ball sails high
And field goal hunters are gunning.

The colors clash as silk suits flash
And race on a shimmering floor.
Repressions die, and partisans vie
In a goal acclaiming roar.

On Championship Trail toward a holy grail,
All fans are birds of a feather.
It's fiesta night and cares lie light
When the air is full of leather.

Since time began, the instincts of man
Prove cave and current men kin.
On tournament night the sage and the wight
Are relatives under the skin.

It's festival time,—sans reason or rhyme
But with nationwide appeal.
In a world of hate, our ship of state
Rides high on an even keel.

With war nerves tense, the final defense
Is the courage, strength and will
In a million lives where freedom thrives
And liberty lingers still.

Let commies clash and empires crash
'Neath the wreck of a victory arch!
Let our boys tread where hate is dead,—
In this happy Madness of March!

I BELIEVE IN YOU

by James Jeffrey, Executive Director
Fellowship of Christian Athletes

EDITOR'S NOTE: James Jeffrey made the following presentation to the Lawrence, Kansas High School assembly in April, 1970. It expresses in Mr. Jeffrey's inimitable style a philosophy which everyone who is involved with students through academics, activities, or athletics must have.

What would you say is the greatest compliment that you have ever received? Would you think life's highest praise would be terms like you're the most beautiful or most handsome? You're the greatest athlete or intellect? I think the greatest compliment that a person can bestow upon another human being is to say sincerely, "I Believe In You!" To place one's faith in another is to transfer part of one's life to that person! Why? Because faith is the foundation of all reality; it is the bedrock of life. All knowledge, religion, philosophy, and science is ultimately grounded upon some kind of faith! Without faith governments fall, banks close, teams lose, and people commit suicide! With faith the weak become strong, the ignorant become learned, the failures succeed, and mankind rises to new heights.

I want to pass to you, the youth of America, the greatest compliment I know. I want to say with all the sincerity of my being that I Believe In You! This is not cheap easy flattery, for flattery insults. I say this out of years of working with thousands of young athletes throughout America. In fact I Believe In You so much that I have given my life, twenty-four hours of every day to serve, challenge, and motivate the youth of America. In reality I have bet my life on you. In the six and a half years that I have worked as Executive Director of the Fellowship of Christian Athletes, I would estimate that I have appeared before hundreds of thousands of the finest high school, college, and professional athletes from all over the United States. I have talked personally to multitudes of them. In addition to these athletes, I have spoken to or worked with students in public and private schools who were not athletes. Based upon experience and acknowledging that some youth like some adults are bad, I still have to say, "I Believe In You!"

Why do I believe in the youth of America when so many adults seem to have given it up as hopeless or "gone to the dogs"? Let me try to tell you why.

First, I believe in youth because of its spirit of enthusiasm. I have seen young people by the thousands become enthusiastic for the good and the wholesome. We often only see or hear the news about the small minority which catches attention by doing the unusual. But keep in mind that news is by its very nature the unusual! If it were the usual, it would not be news. A small percentage of America's young people may span the spectrum from draft card burning to parad-

ing in the nude, from school house burning to sex perversion, from shooting acid to rioting in the streets, but I happen to know that the great majority of America's youth do not engage in these activities. I have seen thousands find their thrills and get their kicks from wholesome athletic competition and good clean fun.

I truly believe we can capture the spirit of adventure and enthusiasm so innate to youth and channel it for constructive rather than destructive ends. And if we will do this, the future of our land is as bright as the promises of God.

Our problems are great; our times filled with tension; there is so much hatred where there ought to be love, that we must enlist the enormous energy released by enthusiasm if we are to improve our world. Ralph Waldo Emerson once said: "Every great and commanding movement in the annals of the world is the triumph of enthusiasm . . . nothing great was ever achieved without it." The young people of America have enthusiasm, and I for one dare to believe that it can be challenged to bless and not to blight mankind. Their great energy can be the hope of the world . . . for the word "enthusiasm" actually comes from two Greek words meaning "in" and "God" or "God in us". Enthusiasm then is basically a spiritual or religious quality, rooted and grounded in faith! True lasting, constructive enthusiasm must come from God Almighty, the Creator of all things.

Another reason why I believe in youth is its idealism. This seems to be just about as innate as their enthusiasm. They want a challenge! They like a dare! They dream for the perfect and hope for the best. They are impatient for the better! All these qualities are necessary and right if we are to improve life. However, in youthful idealism, many can be unrealistic and become disillusioned. Then bitterness and rebellion set in! But idealism does not have to be blindly unrealistic. It can set a high goal and inspire one to achieve it!

The desire to be and to do the best is a special quality about great athletes. Without strong motivations one does not become a world champion. I know of men who have overcome handicaps to become champions.

One such person is Raymond Berry, the former all-pro receiver for the Baltimore Colts. Raymond had some handicaps. He was not blessed with great speed. His eyes were weak, one leg was shorter than the other. Yet with real determination and dedication Raymond Berry, while playing with the Colts distinguished himself as the greatest pass receiver in the history of professional football.

Idealism does not deny problems . . . it admits them but believes there is hope and is willing to work to correct them. Idealism becomes unrealistic if it denies the reality of problems or if it offers naive, over-simplified solutions.

- June 8-10, State Baseball Tournament
- June 11-12, State Tennis Tournament

Attention, Principals!

Under the requirements of K.H.S.A.A. By-Law 29-3, head baseball coaches and registered baseball officials are required to attend at least one rules interpretation clinic. Baseball coaches, more than any other group percentage wise, have been careless in attending the first clinics conducted by K.H.S.A.A. area baseball representatives, making it necessary for additional make-up clinics to be held. In a few instances there has been no compliance with By-Law 29-3, this violation of the rule resulting in warnings being issued to the schools involved.

The schedule for the baseball clinics is given below. Principals of member schools sponsoring baseball teams should not allow their teams to begin their 1971 schedules unless there has been compliance with the rule mentioned.

In Memoriam

Elmo C. Head

Elmo C. Head, 53, president of the Farmers and Traders Bank of Shelbyville and a former University of Kentucky basketball player, died of a heart attack at his home in Shelbyville on January 8.

A native of Stamping Ground, Elmo Head was graduated from the University of Kentucky in 1938. He served as principal and basketball coach at the Irvine High School from 1938 to 1942. He was principal and coach at the Shelbyville High School during the 1943-1959 period, later serving for ten years on the Shelby County Board of Education.

During World War II Mr. Head served in a special athletic unit of the Marine Corps, in 1945 being voted the outstanding athlete on the West Coast while playing basketball with the Marines. He was a former Commissioner of the Kentucky Interscholastic Athletic Conference. For many years he was the head statistician for the Kentucky High School Athletic Association at the State High School Basketball Tournament.

Mr. Head was a member of the First Christian Church at Shelbyville. His survivors are his wife, Mrs. Thelma Renfro Head; two sons, Elmo Head, Jr., Fort Campbell and Randy Head, Shelbyville; and a brother, James E. Head, Lexington.

AAU National Tournament

President Lawrence Kuhl of the Laurel County Boosters Club states that the Laurel County High School gymnasium at London, Kentucky, has been selected as the site of the 1971 Basketball Tournament finals of the National Amateur Athletic Union. The dates are March 26-30. The tournament will be managed by Mr. Kuhl.

In a special sports release, Mr. Kuhl writes: "We are proud to have been selected by the AAU Committee to host the finals of the National AAU Basketball Tournament. The Tournament will represent the best sixteen (16) Amateur Teams throughout the entire United States.

"Some teams, as well as individuals, will be selected from this Tournament for the U. S. Olympic Team tryouts, International Tournaments and 'Good Will Tours,' overseas.

"We hope everyone in Kentucky will support this National Event by attending all eight (8) sessions, (two games per session). Friday, Saturday, and Sunday sessions, March 26, 27, 28, will start at 1:00 P.M. and 7:00 P.M.

Admission will be \$1.50 per session at the gate, or \$8.00 for an advance ticket to all eight sessions (a savings of \$4.00). Anyone may purchase an advance ticket by mailing an \$8.00 money order to the Laurel County High School."

Track and Field Today

TRACK AND FIELD TODAY is the title of a motion picture to be produced by Official Sports Films, Inc. to illustrate proper techniques and procedures of officiating track and field athletics. It is scheduled for release on July 1, 1971. Prints will be distributed through the various state high school associations as well as film libraries throughout the United States and Canada.

TRACK AND FIELD TODAY will be produced under the sanction and supervision of the National Federation of State High School Associations and allied groups. This film is the 30th in the series of official rules films and the second track and field film. It is made possible through the sponsorship of Desenex Foot Care Products and Wilson Sporting Goods Company.

TRACK AND FIELD TODAY will be filmed during the week of April 5, 1971 in Ontario, California. Team personnel will be chosen from Chaffey High School in Ontario and will be under the direction of Coach Carl Skvarna. To insure the authenticity of situations to be illustrated the National Federation has selected a technical staff consisting of representatives of National Alliance Track and Field Rules and Records Committee, as well as rules experts of national prominence. Outstanding track officials from California will also participate in the film.

TRACK AND FIELD TODAY is intended to

present guidelines which will aid the fans as well as coaches, officials, and participants in better understanding the bases upon which judgment decisions are made. It will provide a thorough examination of the rules and officiating procedures.

TRACK AND FIELD is probably man's oldest form of athletic competition, but is no less exciting now than it has been for centuries. The thrill of winning under fair and equitable circumstances is appropriate at any time. Athletic administrators acknowledge that without proper officiating it is not possible to have equitable competition. Therefore, the National Federation has authorized the production of TRACK AND FIELD TODAY in the hope that it will serve to improve this very important aspect of sports.

Letterman Celebrates Birthday

Wheaton, Illinois — LETTERMAN Magazine celebrated its first birthday in February with a gift to its readers: monthly publication.

With publishing offices based in this Chicago suburb, LETTERMAN is the only publication which is covering high school sports on a nationwide basis. What's more, it is written and edited for a prestige audience — high school athletes.

LETTERMAN is sent free of charge to the homes of more than 500,000 high school athletes throughout the United States. The potential circulation exceeds two million. Publishing costs are covered by advertising.

Paul D. Nyberg, publisher of LETTERMAN, launched the idea in 1969. Nyberg, for 11 years editor of the Christian Service Brigade publication, **Venture**, envisioned a magazine designed for high school athletes while working on his M.A. in Journalism at the University of California at Berkeley in 1968.

LETTERMAN began publication in February of 1970. The first issue featured a cover story on Tom McMillen, the controversial cager who prepped in Pennsylvania.

McMillen, measuring 6-11, was the most recruited prepster in the nation last season. He first announced he was attending North Carolina but later changed his mind and enrolled at Maryland.

The October-November issue of LETTERMAN featured Orrin Olsen, a senior at Orem High School in Utah. Olsen should make a big name in football just like his two brothers, Merlin, the all-pro veteran with the Los Angeles Rams, and Phil a collegiate all-American last year and the No. 1 draft pick of the Boston Patriots.

In the same edition was a story about the greatest prep passing combination in the nation. Playing for Bishop Amat High School in LaPuente, California, are quarterback Pat Haden and split end John McKay, Jr. If the name McKay sounds familiar, it should. John's father is head football coach at the University of Southern California.

Sports covered by LETTERMAN in its first four issues are basketball, football, wrestling, swimming, track and field, rifle shooting, cross country, tennis, baseball, gymnastics, rugby, soccer and golf. The February 1971 edition includes articles on two lesser-known sports, interscholastic skiing and water polo.

Among the more popular features in LETTERMAN are a question and answer column written by a high school coach, special "how-to" features which instruct athletes, training tips and brief

notes following the progress of top prep athletes all over the country.

Featured in the February issue were John Garrett of Peru, Indiana, and Les Cason of East New Rutherford, New Jersey. Both are cagers hovering around the seven-foot mark. Both will dominate the future college scene.

LETTERMAN's mailing list has been compiled with the help of high school coaches throughout the nation who returned roster sheets with names and addresses of their athletes.

KAPOS NEWS

ATTENTION:

Principals and Cheerleader Sponsors!

Is your school a paid-up member of KAPO? If you are, and your school is the winner of your region, your cheerleader squad will be eligible to compete for the top award: Outstanding Cheerleader Squad in the State Tournament.

Included in the packet that will be given (by the K.H.S.A.A.) to each winner in the regional tournament finals will be a letter pertaining to cheerleaders. The letter will contain the information concerning the basis of selecting outstanding cheerleader squads, and will request that the principal send written confirmation that the cheerleaders of his school are being chaperoned by a well-qualified, school-approved adult. The name on the sponsor should be included in this confirmation letter. This letter must be in the hands of the officially appointed KAPO Board Member prior to the time that your cheerleaders take the floor for their first cheer. The KAPO desk will be located in Freedom Hall on the main floor. There will always be some one there to take your letter and to counsel with you.

Registration for Cheerleaders

Please stop by the KAPO desk in Freedom Hall to:

1. Register your squad
2. Pick up your envelope which contains the KAPO handbook and other tournament information.

Along with a KAPO board member there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek you or your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides can not locate the desired person in time for the interview.

Hospitality Room

May we remind all sponsors and cheerleaders that KAPO has a Hospitality Room, located in Freedom Hall. Besides the opportunity to socialize with friends, exchange ideas, and perhaps get help with your problems, you can have free refreshments. Be sure to register when you come to the Hospitality Room.

State-at-Large and State Tournament Champions

Beginning with the District Tournaments, all squads that are paid up members of KAPO are eligible to compete for the honor of representing that District in their Region. The winner from

each Region is eligible to compete for the title of Champion-of-the-State-at-Large.

Judging for the State-at-Large winners will take place at 8:30 A.M. on Friday in the Atherton High School gymnasium. The school is centrally located at 3000 Dundee Road, Louisville. We are grateful to the administrators for their generosity in opening the doors of their school to us for this competitive event. We trust that they will have no cause to fault our behavior. All cheerleaders and guests will be expected to be remindful that they are guests in the "home" of Atherton School. Dressing rooms and corridors should be left in impeccable condition.

It is possible for the winner of the State Tournament to be also the winner of the State-at-Large. The judging instrument to be used for the State-at-Large competition will be identical to the one used in the region. The instrument to be used for the State Tournament will be enclosed in the packet given out by the K.H.S.A.A. officials to the respective winners of the sixteen regions.

Governor Nunn Declares Sportsmanship Week

While every week should be Good Sportsmanship Week, KAPO has always tried to put special emphasis on being a good sport at State Tournament time. Being a good sport is part of being a good citizen. KAPO doesn't believe that good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games, and that each individual can contribute to the success of the tournament if he will abide by the KAPO Sportsmanship Creed proclaimed by Governor Nunn.

Sportsmanship

There is more talk, more favorable publicity, and more recognition being given to the cheerleaders now than ever before. This is good, and as it should be, as their job is not an easy one. Their practice hours are long and strenuous. However, they should keep in mind that the fans come primarily to see the team perform. They are the "Big Show." The cheerleaders are only the "Barkers."

As with everything, there is a time and place for cheering. It is up to the cheerleader to develop a sensitivity as to when that time arrives. Many sponsors feel that unless cheerleaders learn to adhere to the rules of propriety and respect for the rights of others, they are in danger of losing the interest and cooperation of both coaches and fans.

The following is offered in the hope that, in learning to spell "Courtesy", cheerleaders will learn also to exhibit it.

C — is for COURTESY, which for the host school should imply a welcome cheer, one that says Hello, Welcome, Hi!

O — is for ONE, meaning one group on the floor at a time; you had your turn, now it is mine.

U — is for UNITY, all cheerleaders doing the same; be ready, alert, don't delay the game.

R — is for RUSH, hurry to get on the floor, there is but time for one yell, no more.

T — is for TIME-OUT, the referee has the ball; give a yell, be quick, don't stall.

E — is to ERR on the choice of your yell; if long and complicated it will delay the timer's bell.

S — is for SHARING every other time to give a cheer; adhere to this rule or else you will be unpopular, I fear.

Y — is to say YES, a pledge I will gladly make ever COURTEOUS to be, even though the championship may be at stake!

Junior High — Senior High Clinic

(Clinic I, July 11-15)

(Clinic II, July 18-22)

Both clinics will be held on the University of Kentucky campus. The two groups will be housed separately. Classes and lectures will be geared to the interest and ability of the respective groups.

Brochures giving details of the clinic can be obtained at the State Tournament KAPOs booth or by contacting Mrs. Grace Fragstein (Lafayette High School), Mrs. Milly Rodes (Transylvania College), and Mrs. Stella S. Gilb (University of Kentucky), all addressed to University Station, Box 650, University of Kentucky, Lexington, Ky. 40506.

Note to all Administrators

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively. Again, we need judges, motel chaperones, and personnel to man booths at the motel and at Freedom Hall. This involves at least 12 to 16 people. It is also backbreaking, tiresome work. However, we have many dedicated women who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOs board is seeking your understanding and cooperation should you be asked to release a teacher from her duties to help carry on the work that KAPOs is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

Awarding of Trophies

State Champion-at-Large: The winner will receive the Ted Sanford trophy while the runner-up will receive the Jane Meyer trophy. Ribbons will be given for honorable mention. These awards will be given during the halftime of the first game Friday afternoon.

State Tournament: Winner, first place trophy; runner-up, second place trophy; honorable mention, ribbon. These awards will be given at the close of the final game on Saturday night. All cheerleaders are asked to wear their uniforms and to assemble in the KAPOs Hospitality Room during the half-time of the final game. All Cheerleaders will then proceed to one of the end entrances where the winners will have easy access to the playing floor.

Sponsors of the competing 16 cheerleader groups are asked to come to the floor with their squads. Besides getting the recognition you so well deserve, it is another way of letting the public know that cheerleading is important enough in the school's curriculum to merit a well-qualified "sponsor-coach-chaperon."

Reminder

It is time to send in credentials for scholarship candidates. You too, may have a potential scholarship winner. Get your applications in early. Write our President, Mrs. John Compton, Bryan Station High School, Lexington, Kentucky, 40505, for application forms, or pick them up at the KAPOs booth in Freedom Hall.

Executive Secretary-Treasurer

ANNUAL MEETING SPEAKER

Bernie Saggau

Speaker at the dinner meeting of the Kentucky High School Athletic Association, scheduled to be held in the Ballroom of the Seelbach Hotel, Louisville, on Thursday evening, April 15, 1971, will be Executive Secretary Bernie Saggau of the Iowa High School Athletic Association. The title of Mr. Saggau's speech will be "How Many Lists Are You On."

Bernie Saggau was born in Denison, Iowa. He received his early education in that community, graduating from high school there in 1946. He attended Buena Vista College and received his BA Degree in 1949. He received a MA degree in Education from the University of Montana. He taught school and had eight years as a teacher, coach and principal before entering into private business.

Mr. Saggau joined the Iowa H.S.A.A. staff in 1963 and was appointed Executive Secretary in 1967. Prior to that time, he had achieved an enviable reputation of skill and competency as an outstanding basketball and football official on the high school and college level. He is presently on the Basketball Rules Committee.

Mr. Saggau's continuous personal effort has left little doubt in school men's minds as to the importance of the interscholastic athletic program and the roll it plays in the secondary education of schools today. He is a dynamic speaker as those who have heard him in national meetings will attest.

I Believe In You

(Continued from Page One)

There is a saying that "hope springs eternal" from the human heart. But hope itself must come from a deeper source than man alone. I believe we can have hope in our day because I believe that God is still at work in the world. I know there is a widespread feeling of hopelessness and despair in our world, but I have personally seen thousands of young athletes discover a power, catch a vision, and find a faith that changed their lives for the best! Because of what I have seen, I can say, "I BELIEVE IN YOU!"

Minutes of Meeting
K.H.S.A.A. Gymnastics Committee
Lexington, Kentucky, January 26, 1971

The Kentucky High School Athletic Association Gymnastics Committee met at the KHSAA Building, Lexington, Kentucky, on January 26, 1971. The meeting was called to order by the Chairman, Bernard "Skeeter" Johnson at 6:59 p.m. Present at the meeting were James "Cap" Caudill, George Jefferson, Bernard Johnson, Dick Jones, Sheila Kuhlman, Jim Nance, Ted Sanford, and Bill Wise.

After a brief discussion, the following facts were established:

1. The State Gymnastics Meet will be held at Bryan Station High School February 20, 1971.
2. Jim Nance was appointed meet manager.
3. Meet will start at 10 a.m. with practice starting at 9 a.m.
4. There will be a coaches' meeting at 9 a.m.
5. Boys' and girls' events will be conducted at the same time.
6. Tumbling, Trampoline, and All-Around will be Special Events. (These events will not be included in team points. There is no team championship for the Special Events.)
7. Fred Reece and Bill Wise will handle tickets for the meet.
8. Each participant must have represented his school in at least one interscholastic gymnastics meet during the year to be eligible to enter the State Gymnastics Meet.

Mr. Sanford informed the committee that the National Federation of State High School Athletic Associations has established a set of Gymnastics Federation Rules for both boys and girls. Rule books were passed out for review with the idea of study for the possibility of adoption next year.

The meeting adjourned at 8:10 p.m.

Respectfully submitted,
 Bernard M. Johnson

The "Good Guy"

According to the current accepted philosophy, everybody is striving to outdo the rest of the population in being the "good guy." From the cradle to the grave, some have never been told "no" in a way that could be understood. It is doubtful that the youth who was an alcoholic at 10, a drug addict at 11, and a corpse at 12 had ever been told "no" by someone who would stand up and back it.

Police are "pigs" in some areas until they are needed, like the area where a maniac killer has promised to carry out his threat to "wipe out" a bus load of school children by shooting out the

front tire of the bus then by picking off the youngsters as they come bouncing out. You can bet that the parents and the school children, with police riding the bus to protect them, will recognize the importance of the policeman. To them the baton will not be considered a pacifier; the badge, not something to spit at; the handcuffs, a cruel and inhuman device; and the gun, not an unnecessary show of police power. To them, the police will be the ones who, unhesitatingly, expose themselves to all the hazards of the job that has to be done because somewhere down the line, nobody wanted to say "no" in a way that could not be misinterpreted.

Never make the mistake of thinking that the younger generation is stupid, because they certainly are not. When they are allowed to grow without respect for their parents, schools, and our rules of society, they certainly will not, all of a sudden, develop respect for authority of any kind. In other words, someone has to be the "bad guy" and say "no" with firmness. We cannot tolerate driving that is hazardous to every other user of our thoroughfares; we cannot tolerate school behavior that is detrimental to every other student; we cannot permit psychic social tendencies to destroy society, and foster the breakdown of meaningful law enforcement. Someone must say "no" and take the chance of being a "bad guy". A study of history or a look into the future will show the validity of the statement that "everybody cannot be the "Good Guy."

W. P. Wheeler

William C. Doan

Prin. W. P. Wheeler of the Daviess County High School and Prin. William C. Doan of the Harrison County High School will represent Sections 2 and 5 respectively on the Board of Control for a four-year period, beginning July 1, 1971.

W. P. Wheeler was born in McLean County. He is a graduate of the Calhoun High School. He received his B.S. degree from Western Kentucky State Teachers College (Western Kentucky University) in 1949. He received his M.A. degree from this institution in 1954. He has done post-graduate work at both Peabody and Indiana University.

In 1949 Mr. Wheeler started his coaching career at the Utica High School, later becoming principal of the school. In 1958 he became principal of the Daviess County High School. He did his military service in the 13th and 82nd Airborne Division (Paratrooper).

In 1962 Mr. Wheeler was selected "Outstanding Young Man of the Year" for Owensboro and Daviess County by the Owensboro Jaycees. He is active in church and civic work, serves on the Board of Directors of Junior Achievement, and sponsors a "Hunting and Fishing" club at his school. Golf and bird hunting are his favorite hobbies.

William C. Doan was born in Harrison County. He graduated from the Harrison County High School in 1951 (First Class). He has a A.B. degree from Eastern Kentucky University, an M.A. degree from the University of Kentucky, with additional graduate work at U.K. and Miami of Ohio University.

During the 1956-58 period Mr. Doan was in the United States Army. Twelve of his thirteen years of professional school experience have been in the area of educational administration. He is completing his second year as Harrison County principal.

Mr. Doan is currently Vice-President of the Cynthiana Rotary Club, and is Church School Superintendent of the First United Methodist Church of Cynthiana. In 1966 he was voted the

Outstanding Young Educator of Clark County and he received a second similar award from the Kentucky Junior Chamber of Commerce. He is immediate Past-President of the Kentucky Audio-Visual Association. His avocational interests are livestock and tobacco farming.

Mr. Doan's wife, Janice, is a teacher. They have a son, Thruston, age 11, and a daughter, Karen, age 8.

1971 Annual Meeting

The business meeting of the K.H.S.A.A. will be held on Thursday, April 15, at 3:00 P.M., in Room 204, Convention Center, Louisville. The dinner meeting will be held at 6:00 P.M. in the Ballroom of the Seelbach Hotel.

As provided in Article IX, Section 1, of the K.H.S.A.A. Constitution, the following changes in the Constitution and By-Laws will be acted upon by the Delegate Assembly:

Proposal I

Prin. Byron H. Bell (Ahrens Vocational H.S.) as chairman of the Louisville Athletic Council composed of the seven high school principals of the Louisville Public Schools, proposes that the Board of Control be composed of ten members, one representative from each of the eight sections and two members to be appointed at large by the eight sectional members on the Board of Control (To assure minority representation, one of the two appointed members would be a member of the minority race if minority representation is non-existent among the eight sectional representatives).

Proposal II

Prin. T. G. Florence (Nelson County H.S.), Prin. Lloyd Sharp (Middlesboro H.S.), Prin. Art Draut (Waggener H.S.), and Prin. Henry Resch (Warren Central H.S.) propose that "high school principal" be substituted for "faculty member" in Article IV, Section 2-b, of the K.H.S.A.A. Constitution.

Proposal III

Prin. T. G. Florence (Nelson County H.S.), Prin. Lloyd Sharp (Middlesboro H.S.), Prin. Art Draut (Waggener H.S.), and Prin. Henry Resch (Warren Central H.S.), propose that the following be substituted for the existing requirement for Board of Control membership as now expressed in Article IV, Section 2-a: "To be eligible for membership on the Board of Control, one must be the principal of an accredited K.H.S.A.A. member school in the region he is to represent and must remain in a similar capacity in that region during his tenure of office."

Proposal IV

Prin. William Armstrong (Bellevue H.S.) et al (Simon Kenton, Highlands, Conner, Dayton, Campbell County, Newport, Boone County, Dixie Heights and Holmes principals) propose a new

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Stouffer's Inn, Louisville, on Thursday morning, March 18, 1971. The meeting was called to order by President Don Davis at 9:00, with Board members J. C. Cantrell, Morton Combs, W. H. Crowdus, Lee T. Mills, Richard Vincent, Roy L. Winchester; and Commissioner Theo. A. Sanford present. The invocation was given by W. H. Crowdus.

W. H. Crowdus moved, seconded by Roy L. Winchester, that the reading of the minutes of the January 23rd Board meeting be waived since the members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner reported the results of the recent balloting for Board membership for Sections 2 and 5. In Section 2 the votes were as follows: W. P. Wheeler, 16; Ben Topmiller, 13; Bowman Davenport, 8; Bob Burres, 5; W. M. "Mossy" Martin, 4. In Section 5 the votes were: William C. Doan, 27; Elza Whalen, 17.

There was a discussion of possible Board proposals to be submitted to the forthcoming Delegate Assembly of the Association. J. C. Cantrell moved that the Board consider a proposal to change Article IV, Section 1, of the K.H.S.A.A. Constitution to provide that the officers of the Association shall be a Commissioner and a Board of Control composed of nine members, one from each of the eight sections and one from Jefferson County. President Davis stated that a second would be needed in order that the motion be considered by the Board. Roy L. Winchester seconded the motion of Mr. Cantrell. After a general discussion of the motion, the Board declined to accept the proposal of Mr. Cantrell by a vote of 6-1.

The Commissioner made a report for the Building Committee. He stated that, acting for the Board, he had delivered to the University of Kentucky a check in the amount of \$27,000.00 for the lot on Cooper Drive on which the new

K.H.S.A.A. building will be erected, and that he had completed an escrow agreement with the Farmer's Bank and Capital Trust Company of Frankfort under which the bank is holding the sum of \$99,050.00 to be delivered to the K.H.S.A.A. when the Association is ready to give title to the University for its present property. He stated that he had received the deed from the University of Kentucky for the Cooper Drive property, and that the bank was holding the deed to the present K.H.S.A.A. building and lot, signed by all members of the Board of Control as trustees, to be delivered to the University when the sale of the present K.H.S.A.A. building and lot is consummated. He further stated that he had signed an agreement to the effect that, in the event the University at any time in the future deems it necessary to extend University Drive, the University shall have the right to construct said extension across the easement of access to the new K.H.S.A.A. building, said easement having been secured from ETV. Tom Mills moved, seconded by J. C. Cantrell, that the action of the Commissioner on behalf of the Board of Control, described in his report for the Building Committee, be confirmed and approved. The motion was carried unanimously.

The Commissioner reported that he had suspended the Powell County High School for a period of two weeks, beginning February 15, 1971, for violation of K.H.S.A.A. By-Law 5-2, Grade School Pupil Competition. The pupil involved, who was ineligible because he was repeating a grade, had been a junior varsity player.

Richard Vincent moved, seconded by Roy L. Winchester that all bills of the Association for the period beginning January 1, 1971, and ending February 28, 1971, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

In Memoriam

Sam B. Pollock

Samuel Baker Pollock, 68, prominent retired Madisonville educator, civic and church leader, died at his home in Madisonville on February 22, following an illness of several months.

A native of Germantown, Sam Pollock grew up in Pewee Valley, Kentucky. He graduated from Georgetown College in 1923, and accepted a basketball coaching-teaching job at Greenville High School in the fall of that year. He took over the duties as basketball coach-teacher at the Madisonville High School in 1924. He coached the Madisonville football team for several years, later becoming principal and then superintendent of Madisonville schools.

A prominent figure at local, district, regional and state levels in athletics as well as the teaching field, Mr. Pollock was a member of the Board of Control of the Kentucky High School Athletic Association for the 1946-49 period. For some twenty years he was one of the official scorers at the annual state high school basketball tournament.

In 1956 Mr. Pollock accepted the position of business manager for the Madisonville Trover Clinic. He held that position until his retirement in 1967.

Mr. Pollock was a member of the First Christian Church of Madisonville, serving on the board of deacons of that church. He held membership in K.E.A., N.E.A., Madisonville Country Club, Madisonville Kiwanis Club, Green River District of the Boy Scouts of America, and the Madisonville Elks Lodge. He was a member of the board of directors of the Hopkins County Youth Center, and during World War II was Captain of the Madisonville unit of the Kentucky Active Militia.

Survivors are his wife, Mrs. Billie Pride Pollock; two sons, Richard H. Pollock of Middletown and Samuel B. Pollock, Jr., of Madisonville; and two grandchildren, Steven R. Pollock and Anne Pride of Middletown.

1971 ANNUAL MEETING

(Continued from page One)

By-Law to read as follows: "Member schools whose athletic teams are composed of 20 percent participants or more (based on the number included on the official school eligibility list for a given sport and who play regularly in that sport), who reside outside the public school district within which the member school is geographically located are not eligible for district, regional or state championships of the association in any sport."

Proposal V

Prin. Paul Trimble (Paintsville H.S.) proposes that the By-Laws be amended to provide that all official timers and scorers shall be responsible and capable adults, with a minimum age of 21 years.

Proposal VI

Prin. William D. Snodgrass (Livermore H.S.) proposes that Section 12 be added to By-Law 29, to read as follows: "Any official who receives five ratings of poor during any one season from five different member schools shall be classified no higher than a registered official for the following season. On the second violation the official's registration shall be cancelled for one year."

Proposal VII

Prin. Cv Greene (Owen County H.S.) proposes that the By-Laws be amended to provide that the visiting schools in football and basketball employ and pay the officials.

The State Gymnastics Meet

The Iroquois High School and the Bates Creek High School won respectively boys' and girls' state championships in gymnastics during the 1971 K.H.S.A.A. State Gymnastics Meet, held in Lexington on February 20, 1971.

Total points scored by the Iroquois team were 81.9. The Bates Creek High School was second with 74.9. In the girls' meet the Bates Creek High School scored 73.2 points. The Moore High School was second with 73.0. U. K. Staff member James Nance, a member of K.H.S.A.A. Gymnastics Committee, was manager of the meet.

Five schools entered teams in the boys' division. They were: Iroquois, Bates Creek, Bryan Station, Lafayette, and Henry Clay. There were sixteen schools represented in the girls' division. They were: Bates Creek, Moore, Angela Merici Butler, Doss, Russell, Ashland, Bryan Station, Iroquois, Atherton, Henry Clay, Mt. Sterling, Lafayette, Seneca Male, and Paris.

DON'T QUIT

When things go wrong, as they sometimes will,
 When the road you're trudging seems all uphill,
 When the funds are low and the debts are high,
 And you want to smile, but you have to sigh,
 When care is pressing you down a bit —
 Rest if you must, but don't you quit.
 Life is queer with its twists and turns,
 As everyone of us sometimes learns,
 And many a fellow turns about
 When he might have won had he stuck it out.
 Don't give up though the pace seems slow —
 You may succeed with another blow.
 Often the goal is nearer than
 It seems to a faint and faltering man;
 Often the struggler has given up
 When he might have captured the victor's cup;
 And he learned too late when the night came down,
 How close he was to the golden crown.
 Success is failure turned inside out —
 'The silver tint of the clouds of doubt,
 And you never can tell how close you are,
 It may be near when it seems afar;
 So stick to the fight when you're hardest hit, —
 It's when things seem worst that you mustn't quit.

Minutes of the Annual Meeting

The fifty-fourth annual meeting of the Kentucky High School Athletic Association was held at Convention Center, Louisville, on Thursday afternoon, April 15, 1971.

President Don Davis called the meeting to order at 3:00, and asked the Commissioner to call the roll. Fifty-six regularly elected delegates and alternates answered the roll call.

James A. Pursifull moved, seconded by Bowman Davenport, that the minutes of the 1970 meeting of the Assembly, which had been sent previously to all member schools, be approved without being read. The motion was carried unanimously.

Commissioner Sanford then gave a report on the activities of the Association during the 1970-71 school year. (The report of the Commissioner appears elsewhere in this issue of the magazine).

President Davis announced the election to the Board of Control of Prin. W. P. Wheeler (Davies County H.S.) and William C. Doan (Harrison County H.S.), to represent respectively Sections 2 and 5. Mr. Wheeler was present at the meeting, and was recognized.

President Davis stated that consideration of proposals was the next order of business.

John H. Branson moved, seconded by W. W. Chumbler, that Proposal I, providing that the Board of Control be increased in number to ten members, be tabled. The motion failed to carry by a vote of 23-26.

Brother Kirby Boone moved, seconded by Byron H. Bell, that Proposal I be adopted. The motion failed to carry by a vote of 10-35.

Henry E. Resch moved, seconded by Paul E. Kerrick, that Proposal II, providing that each delegate and alternate to the Delegate Assembly must be a high school principal, be adopted. The motion carried by a vote of 44-6.

Henry E. Resch moved, seconded by Paul E. Kerrick, that Proposal III, providing that only the principal of an accredited K.H.S.A.A. member school shall be eligible for membership on the Board of Control, be adopted. The motion carried by a vote of 43-8.

Richard A. Williams moved, seconded by Clyde T. Lassiter, that Proposal IV, making certain changes in eligibility requirements for pupils of private and parochial schools, be tabled. The motion carried by a vote of 51-1.

Clyde T. Lassiter moved, seconded by James A. Pursifull, that Proposal V, setting up certain requirements for official timers and scorers be tabled. The motion failed to carry by a vote of 13-43.

Joe Ohr moved, seconded by Andrew J. Fultz, that Proposal V be adopted. By a vote of 31-15 the proposal was amended to provide that the qualifications for timers and scorers apply only to officials used in varsity athletic contests. The vote was then taken on the amended proposal. The proposal failed to carry by a vote of 15-36.

W. W. Chumbler moved, seconded by Joe Ohr, that Proposal VI, providing for the reclassification of registered officials under certain conditions, be tabled. The motion failed to carry by a vote of 14-27.

Bobby Green moved, seconded by Harry K. Hardin, that Proposal VI be adopted. The motion failed to carry by a vote of 18-38.

John H. Branson moved, seconded by Paul E. Kerrick, that Proposal VII, providing that the visiting schools in football and basketball employ and pay the officials, be tabled. The motion was carried by a vote of 40-11.

Permission was given Secretary Joe Ohr of the Kentucky High School Coaches Association to present a proposal providing that schools participating in football be allowed to schedule twenty-six basketball games. Keith P. Eiken moved, seconded by Bowman Davenport, that the proposal be adopted. The vote in favor of the motion was 26-23, but this was not the two-thirds vote necessary to amend the by-laws, and the proposal was declared lost.

James O. Gatewood moved, seconded by William D. Bruce, Jr., that permission be given for consideration of a proposal to substitute "boarding school" for "military school" in the second sentence of K.H.S.A.A. By-Law 36. The motion for consideration of the proposal was favorable by a vote of 45-1. Dr. William T. Simpson, President of K.M.I. was given permission to speak for the proposal. James O. Gatewood moved, seconded by Clyde T. Lassiter, that the proposal be adopted. The motion was carried by a vote of 50-0.

William D. Bruce, Jr. was given permission to present a proposal, suggested by Director J. C. Cantrell to the Board of Control during a meeting held on March 18, 1971, to the effect that the Board of Control be composed of nine members, one of whom shall be from Jefferson County. He moved, seconded by Keith P. Eiken, that the proposal be adopted. The motion failed to carry by a vote of 10-39.

John H. Branson moved, seconded by W. W. Chumbler, that the meeting be declared adjourned. The motion was carried.

The dinner meeting of the Association was held in the Ballroom of the Seelbach Hotel at 6:00 P.M., with some 400 school administrators and coaches present.

Recipient of the Game Guy Award was Rick Smith of the Ludlow High School. Presentation of the award was made by Board President Don Davis.

The address of the evening was given by Executive Secretary Bernie Saggau of the Iowa High School Athletic Association. Mr. Saggau spoke on the impact that good high school athletic programs may make on our times if they are well administered and directed by dedicated administrators and coaches. His address was well received.

1970-71 ANNUAL REPORT

(Presented to the Delegate Assembly)

Three hundred forty-eight schools have joined the Association during the 1970-71 school year. This number compares with 358 members last year.

Financial reports filed by the sixteen regional basketball tournament managers show total receipts of \$245,765.85. District receipts were \$311,-

Attention, Principals!

Approximately 100 principals of K.H.S.A.A. member schools have not as yet filed requests this school year for their insurance subsidies. If the school is underwriting all or part of insurance protection for its athletes, the Board of Control will allow a maximum credit or refund of \$60.00 to each school for "all sports except football," and an additional credit or refund of \$40 to each school maintaining a football team. Principals of schools which qualify for the credit or refund should write for reimbursement forms at once.

Attention, Officials!

The registration period for K.H.S.A.A. officials is and has been for several years the same as the Association fiscal year, namely July-June. Advance applications for registration in football and basketball are not now being accepted. Previously registered officials in these sports will receive their renewal application cards at some time during the summer months after the new National Federation publications have been received in the State Office. Previously registered officials should not send in their renewal fees until they receive these cards.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Stouffer's Inn, Louisville, on Thursday morning, April 15, 1971. The meeting was called to order by President Don Davis at 9:30, with Board members Morton Combs, W. H. Crowdus, Lee T. Mills, Richard Vincent, Roy L. Winchester; Commissioner Theo. A. Sanford, and Assistant Commissioners J. B. Mansfield and Billy V. Wise present. The invocation was given by W. H. Crowdus.

Roy L. Winchester moved, seconded by Richard Vincent, that the reading of the minutes of the March 18th meeting be waived since members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner stated that attendance at the 1971 State Basketball Tournament for the eight sessions was 126,299, this being somewhat lower than the attendance for 1970. He reported,

however, that receipts had held up well, total ticket sales for 1971 being \$241,507.50. He stated that tournament expenses were greater, one of the items being greater due to the lodging arrangements made for the teams. He further stated that the new lodging plan keeping the teams in several different lodging places had found favor with the school representatives, and would possibly be continued in the future with Board approval.

The Commissioner reported the need for basketball redistricting in three areas. After a discussion concerning redistricting requests, Richard Vincent moved, seconded by W. H. Crowdus, that the Board for 1971-72 redistrict as follows: The Dawson Springs High School is to be moved from District 8 to District 7, the Lexington Catholic High School is to be moved from District 43 to District 41, and the Lewis County High School is to be moved from District 39 to District 62. The motion was carried unanimously.

Chairman Tom Mills of the Building Committee reported that bids on the new K.H.S.A.A. Office Building are to be opened on April 29 at 2:00 P.M., the place being the present K.H.S.A.A. Building. He moved, seconded by Richard Vincent, that the Building Committee be given authority to act in the matter of accepting or rejecting the lowest and best bid, with the request that other Board members not on the committee be present at the meeting if this is at all possible. The motion was carried unanimously.

The Commissioner stated that it was the opinion of the Gymnastics Committee members that at least two regional meets in gymnastics, to screen participants in the state meet, be held in 1971-72, assuming that interest continues to increase in this sport. The Commissioner presented suggested rules and regulations for both regional and state meets in gymnastics, to be made a part of regulations to be adopted by the Board of Control for the sport. Roy L. Winchester moved, seconded by W. H. Crowdus, that the Gymnastics Rules and Regulations prepared by the Gymnastics Committee and the Commissioner be adopted by the Board and printed in the 1971-72 booklet. The motion was carried unanimously.

The Commissioner read a letter from Secretary-Treasurer Joe Ohr of the Kentucky High School Coaches Association, requesting sanction of the All-Star basketball and football games for 1972 and 1973. W. H. Crowdus moved, seconded by Tom Mills, that the request of the Kentucky High School Coaches Association be granted. The motion was carried unanimously.

The Commissioner stated that he had placed the Warfield and Pikeville high schools on probation for a period of one year for violation of the Association's Sportsmanship Rule on March 12, 1971, during the 15th regional basketball tournament. He stated that fighting had broken out between representatives of the two schools some twenty-five seconds before the end of the fourth quarter, causing the officials to terminate the ball game. Two Warfield players were suspended from athletic competition for the remainder of the school year, and another Warfield player had been placed on probation for a period of one year.

The Commissioner reported that the contract between the K.H.S.A.A. and the Kingden Company with respect to catastrophic insurance had been entirely satisfactory, and he asked that he be given authority to negotiate with Kingden for a contract embracing school years 1971-72 and 1972-73. Morton Combs moved, seconded by Roy L. Winchester, that the Commissioner be given authority requested. The motion was carried unanimously.

Richard Vincent moved, seconded by Tom Mills, that the insurance subsidy for each school during 1971-72 be a basic amount of \$60.00, with an additional subsidy of \$40.00 for each school maintaining football. The motion was carried unanimously.

W. H. Crowds moved, seconded by Richard Vincent, that Morton Combs and James T. Dotson be named delegate and alternate respectively to the forthcoming annual meeting of the National Federation. The motion was carried unanimously.

Tom Mills moved, seconded by Roy L. Winchester, that all bills of the Association beginning March 1, 1971, and ending March 31, 1971, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

The Cavana Award

The Notre Dame Academy of Covington won the M. J. Cavana Swimming Achievement Award for the school year 1970-71. This is the tenth year for the award to be given.

In determining the points which a school competing for the award may accumulate, the State Swimming Committee secures the following information: 1) current school enrollment (grades 9-12), 2) number of pupils who can swim 45 feet in deep water, 3) number of pupils who can swim correctly three strokes (crawl, back crawl, elementary backstroke, breaststroke, side stroke), 4) number of pupils who hold life-saving certificates (American Red Cross or Y.M.C.A.). The percentages of the student body qualifying are applied to items 2, 3, and 4, the maximum points for each of these items respectively being 40, 40, and 20. Ten points are given to a school having a swimming team which enters a minimum of three meets, six events in each meet. Ten points are given for team participation (six entrants) in the State Swimming Meet.

Kentucky's Game Guy

Rick Smith

The Kentucky High School Athletic Association gave its highest award to an individual on the evening of April 15 when Board of Control President Don Davis presented Rick Smith of the Ludlow High School the 1971 Game Guy Award. The presentation was made during the dinner meeting of the Association.

Rick Smith has been crippled since he was two years of age with a badly deformed left leg. When he was young, he could hardly walk. He has played basketball since he was a sixth grader, currently lettering for the second year in varsity basketball. He can play only for a limited time, but he does a very creditable job. Several years ago one of the coaches told him that he would probably not play. He asked permission to remain a member of the squad, and he has stayed with the sport ever since.

Prior to this year Rick has been a relief pitcher for the Ludlow High School baseball team. He pitched in nine games last year. A few days ago he pitched a three-hit baseball game.

President of the Senior Class, Rick ranks eleventh in a class of eighty. He plans to attend college and major in business administration or become a teacher and coach.

K.H.S.A.A. salutes Rick Smith, 1971 Game Guy.

Something To Remember

By Bill Ring, Secretary
Bluegrass Umpires Association

Being an umpire is a highly refined profession, honest and honorable, and should be regarded as such by everyone in it, and especially to those who contemplate entering. Many gratifying experiences and pleasures have come to men who are devoted umpires. To be a good umpire, one must have plenty of courage and a thorough knowledge of the playing rules a genuine sense of fair play; be strong physically and mentally; have self-confidence; use diplomacy well; be able to forgive and forget; close the book after every game and make a new start with every future game. Above all, have loyalty and respect for your fellow umpires.

Umpires are more likely to gain success when they enter each game with the thought of adding something to the game by a firm attitude to these fundamentals. We should always keep in mind that the playing rules cannot be overly read, studied and digested. Study the rules well so that you will be able to correctly apply them to any situation, routine, or emergency while on the playing field. All situations occurring during a game require immediate judgment and decision.

Review your experiences after each game and ask yourself "Was I successful in my job? Did I add anything to the betterment of the game? What mistakes did I make? Were the complaints of my work justified?" Whatever answers you may find to these questions, keep striving for improvement as an umpire for the purpose of improving the game as a whole. Do not expect, however, to become a success as quickly as some do. The greatest weakness of many umpires is their lack of patience in the matter of advancement. In many cases umpires want top assignments long before they are ready for them. Have patience as success usually comes in time with hard work, study, and experience. Remember, umpiring can make or destroy interest in the game and every umpire should strive to increase efficiency of the profession.

In order that umpiring may be kept on a high standard, the individual must have strength, physical fitness, mental alertness, and balance of control. These are the usual factors which go into the making of any successful professional man and should be no less a prerequisite for a successful umpire. He must have the strength to meet every trying situation with honest judgment, showing no fear, favor or lack of integrity in making decisions. He must be physically fit to meet all the requirements of a long and rugged season, wherein he worked several games a week. If he does not keep himself in good physical condition he cannot give the HUSTLE which is demanded of all good umpires, and leaves himself open for the criticism which could rightfully be leveled at him for his inadequacy in this area. Likewise, if you give hustle while on the field, you can demand hustle from the participating teams. Prod them with a firm and friendly "come on, let's go" and you will be surprised of the results as they go on and off the field between innings.

Promote the idea of hustle at every point of the game, as this meets with the approval of the players, coaches, and spectators, and gains their respect for you. Be on top of every play as this shows that you are hustling all the way. Mental alertness is a prime factor in the make-up of the good umpire. An indication of the alert mind is the ability to study and retain the many playing rules and to apply them with equal skill on the playing field.

Umpiring demands that we have a thorough knowledge of all these rules, old and new, and that we make a daily follow-up to see that our interpretations are in line with the accepted practice. Studying the rules is not wasted time, but a definite demand of all umpires and one that should be an honest must. By doing these things you can't miss in being a successful umpire.

ANNUAL REPORT

(Continued from Page One)

185.39. These receipts were considerably more than the 1970 receipts.

Attendance at the State Basketball Tournament for the eight sessions was 126,299. This was somewhat lower than the attendance for 1970. However, receipts held up well, total ticket sales for 1971 being \$241,507.50. Profits to the Association will be less than those of last year. Tournament expenses were greater, one of the items being greater due to the lodging arrangements made for the team. Fifteen different lodging places for the teams were involved, thus increasing this cost. However, the new lodging plan found favor with the school representatives, and will possibly be continued in the future. The profits derived from the State Basketball Tournament almost completely underwrite the K.H.S.A.A. budget. A complete record of all receipts and disbursements will appear in a subsequent issue of the Association magazine.

Fifteen hundred sixty-three basketball officials, 759 football officials, 531 baseball officials, and 36 wrestling officials have registered with the Association in 1970-71. Twelve football rules clinics were held under the direction of Assistant Commissioner Billy V. Wise, and 102 football officials took the National Federation examination for the higher ratings. Of this number twenty-two were added to the Certified list and there were sixty-six officials on the Approved list. Mr. Wise conducted seventeen basketball rules clinics. He conducted schools for area representatives in football, basketball and baseball. In the latter sport, the twenty-one area representatives have been holding clinics for umpires and coaches. One hundred fifty-nine basketball officials took the examination for the higher ratings, with fifty-eight being added to the Certified list and eighty-eight receiving the Approved rating. In 1969-70, seventy-three baseball officials took the examination for the higher ratings. Of this number twenty-five were added to the Certified list and thirty-nine were Approved.

It has been necessary to suspend only one member school from the Association for this year to date. Three schools have been placed on probation. Of the four schools, violation of K.H.S.A.A. By-Law 17, Practice of Sportsmanship, was involved in three of the cases.

The number of schools maintaining sports sponsored by the Association is approximately the same as that of last year with the exception of football, girls' golf, girls' track, and girls' gymnastics which show a slight increase. The 1970-71 figures are: boys' golf, 160; girls' golf, 48; boys' track, 199; girls' track, 138; boys' tennis, 84; girls' tennis, 57; boys' swimming, 33; girls' swimming, 30; boys' gymnastics, 20; girls' gymnastics, 31; wrestling, 43; baseball, 288; basketball, 333; football, 192; cross country, 112; rifle marksmanship, 9.

The Commissioner, his staff, and the Board of Control appreciate the continued cooperation, assistance, and constructive criticism of the administrators and coaches who represent our member schools. Your continued help is solicited.

Knee Injuries

During the past month more than fifteen running backs of the National Football Conference were assigned to the sidelines because of knee injuries. These injuries once again emphasized the tremendous forces generated in football. Press statements ranged from gimmicks to prevent all injuries to the elimination of football completely. It is unlikely that any group could eliminate an American cultural condition as reinforced as football, but there are ways to make it more enjoyable.

The anatomy of the knee is composed of two collateral ligaments at the sides of the knee which prevent excessive lateral motion and two cruciate ligaments which cross between the bone of the upper and lower leg and prevent excessive forward and backward movement. There are also two cartilages, side by side, between the upper and lower leg to prevent a friction build-up. The medial collateral ligament is attached to the medial cartilage. When an extremely hard blow is delivered to the knee, the collaterals, cruciates, and cartilage could all be damaged. This is referred to as the "Terrible Triad" of the knee.

Let's look at why it doesn't happen more often.

1. Many injuries of the knee are due to a rotation of the lower leg when hit. This is often prevented because the magnitude of the stabilizing force is greater than that of the rotation force.

2. Most of the injuries to the knee result in strain on the medial collateral ligament, but it is much stronger and thicker than the lateral collateral ligament.

3. A bigger knee with more musculature result will be less susceptible to injury. It has a greater surface area over which to dissipate the force of a tackle.

Injury prevention really begins in the spring when the coach coordinates health personnel regarding the fall football program. In early June, a letter to the fall athletic candidates suggests individual conditioning exercises for the summer. Let's be realistic. The rash of football injuries occur early in the fall season. The coach has got a very limited amount of time to prepare his squad for the first game. He cannot spend as much time on individual conditioning as he would like to. He must encourage the players to do this on their own before the fall season.

The knee can be strengthened. Klein and Allman maintain that the ligaments are the strongest structures in the knees. However, as the muscles surrounding the knee joints are strengthened, the density of the ligament increases provided that they are not overstretched with exercises such as full squats, duck waddles, and squat jumps.

Principles for Strength and Flexibility Development

1. To increase useful strength, the exercises should be as similar as possible to situations encountered during a game.

2. A warm-up cuts down on the possibility of muscle strain.

3. To build strength, the muscle must be overloaded. This can be accomplished through an increase in weight lifted or through an increase in the repetitions per unit of time executed.

4. Remember that there is no such thing as balanced muscular development of the knee, because the quadriceps muscles on the front of the thigh have approximately 40% more power than the hamstring muscles on the back of the thigh right from the beginning. All muscles attached to the knee should be exercised, but the strong semitendinosus, semimembranosus and vastus

medialis muscles are crucial in preventing knee trauma.

5. Continuous rhythmical exercises should be used during weight training. Ballistic movements not only lead to muscle strain, but they are not as effective in developing strength.

6. The exercise should be done through the full range of movement of the joint. This is to develop uniform strength in the muscle and to encourage the flexibility of the muscle. Also, the vastus medialis muscle doesn't become active until the last fifteen degrees of knee extension.

7. A stretch on the muscle at the termination of the movement, while the athlete is still actively contracting the muscle will develop flexibility in the muscle.

Why is flexibility necessary? Flexibility and strength at the knee joint seem like contradictory principles. Actually, the lack of flexibility, even though coupled with a great deal of strength, is a major factor in knee injuries. Why?

An analogy is the best way to consider this paradox. People normally consider something that is very rigid as being very strong. This is usually true except when a great deal of stress is imposed. A rigid bridge spanning a large distance is not as strong as a suspension bridge, because it must resist the forces against it, such as a high wind, or it will buckle. The suspension bridge which is flexible merely swings in the wind.

Similarly, the knee joint when hit from the side can withstand more stress before muscle tear if there is muscle flexibility. A strong flexible muscle is a greater asset than just a strong muscle.

In the final analysis, football will always be plagued with knee injuries because of the nature of the game, but wise conditioning methods will reap great benefits, in reduced injuries for the players.

Antiquated Rules

"State high school associations need to get rid of those antiquated rules." This statement is typical of comments made when a nonschool organization learns that a project it is promoting is in conflict with regulations schools have adopted through their state association. In most cases it concerns the eligibility of players. The two most frequent situations are: (1) an organization wishes to present an award to an athlete, or athletes, which would make the recipient ineligible, or (2) it attempts to sponsor a contest in which it wants outstanding high school athletes to compete which, likewise, would jeopardize their eligibility.

The same attitude often prevails in parents whose sons do not meet eligibility standards. Transfer of enrollment regulations are involved in most situations of this type, although the same point of view is frequently expressed toward most any eligibility requirement when it prevents an individual from competing on the high school team. "Those ridiculous rules are out-of-step with the times," we are told.

Are the standards adopted by the schools to guide interscholastic activities antiquated? Those who contend that they are have to assume that they were adopted at a time which is no longer relevant and that no attention has been given to changing them. The assumption is a false one because of the fact that constant study is being given by the schools and their representatives, and changes are made when their pooled judgment supports a need for change. However, they do resist the attitude which seems to be becoming increasingly typical of the time in which we are

living. It can best be described as the inclination to believe that one should be free to do what he pleases without regard to standards set by the majority. Unfortunately, many think this is being more democratic, but is it?

Relatively few people seem to understand that democracy is a sort of compromise between absolute authority on one hand (monarchy, totalitarianism, etc.) and anarchy on the other. In a democracy, a "rule of the majority" prevails somewhere between the two. A still smaller number in our society thoroughly realize that when we can no longer be guided by standards set by the majority, be they laws, ethics, or morals, we are heading toward anarchy or absolute authority. If the trend toward disrespect for law and order should continue over an extended period of time, we may well find ourselves facing one or the other of these extremes.

Standards developed from the experiences of schools and adopted to provide better educational programs for the great majority of youth will continue to be challenged as long as the attitude among many in our society results in attacks against laws approved by the majority or against those responsible for enforcing them. This will be more evident in the interscholastic area than in any other phase of the school program. Hence, we must continually re-evaluate the standards applied. Our guide should be whether they are in the best interest of the majority of students. If they are not, they should be changed. If they are, they must be supported and enforced. To do otherwise would be heading toward either anarchy or absolute control in interscholastics, and by that time we will be no longer living in a democratic society. The standards which we currently uphold would then be "antiquated" and "out-of-step" with the times!

The Sport of Table Tennis

By Ted Friedman, Director
Lexington Recreation Dept.

The sport of table tennis, on a high competitive level, requires quick reflexes, good eye-hand coordination, fast footwork and top physical condition.

Many people have played a basement game called Ping Pong, which is really the trade mark name for a brand of equipment. I am often asked what the difference is between this game and table tennis. My answer is that table tennis is played under strict rules and requires 10 to 15 feet behind each end of the table, six feet on each side and at least a twelve foot ceiling. In top competition, the ball, weighing a fraction of an ounce, may attain a speed of 50 to 60 miles an hour. It is for this reason that a well lit gymnasium is the best place for table tennis competition.

At a recent tournament, held at the new Henry Clay High School Gymnasium, two Henry Clay students, both Juniors, met in the finals of the Lexington Junior Championships. Bowen Caldwell was the winner. Two weeks before, the same pair had gone to the finals of the National Junior Doubles Championship, held in Atlanta Georgia. They are both members of the Lexington Table Tennis Club.

The requirements of age, weight, and size are such that almost anyone can play this sport. To reach a high degree of skill, one must learn the basic rules, practice constantly and maintain good physical condition.

A very important aspect of table tennis is the

fact that all the skills learned in this sport are useful in other sports. For example, Brooks Robinson, star player for the World Champion Baltimore Orioles, stated that table tennis had helped him develop the quick reflexes required in baseball.

The Lexington Table Tennis Club, affiliated with the United States Table Tennis Association, and sponsored by the Lexington Recreation Department is interested in promoting the sport of table tennis in schools. For any information on rules, instruction or organization, please address inquiries to Ted Friedman, 307 Lakeshore Drive, Lexington, Kentucky, 40502, or the Lexington Recreation Department, Bell Place, Lexington, Kentucky, 40502.

1971 Baseball Questions

EDITOR'S NOTE: These interpretations of the 1971 National Alliance Baseball Rules do not set aside nor modify any rule. The rulings are made and published by the National Federation of State High School Associations in response to situations presented.

Clifford B. Fagan

1. Play: How does one determine when a fielder steps or falls from the playing field?

Ruling: The playing field includes both fair and foul playing territory, and any other areas beyond the playing field are defined as being outside the playing field (dead ball area). Any wall, fence, barricade, rope, wire or a mark or imaginary line are considered to be a part of the playing field, therefore, any areas beyond these boundaries are outside the playing field. A fielder's status is determined by the location of his feet, and when a foot is touching a boundary line or the playing field inside the boundary line, he has not left the playing field even though his other foot might be in contact with the area beyond the boundary line. Umpires may use the following guidelines to determine the status of a fielder following his catching a batted or thrown live ball: (a) It is a catch when he has one or both of his feet touching the playing field, or with both feet in flight prior to his touching any dead ball area; (b) If, when making the catch, one or both feet remain in contact with the playing field, the ball remains alive; (c). If, after making the catch, neither foot remains in contact with the playing field, the ball becomes dead; and (d) If the ball is caught after he has established his position outside the playing field, it is not a legal catch. One must also keep in mind that whenever a dead ball follows a catch, there are instances when one or more runners may be awarded bases.

2. Play: R1 is on 1st when F1, with his feet astride the pitching plate and with the ball held at his side, faces F2 and appears to be taking a signal. Then with his eyes facing the ground, he assumes a legal set position and delivers a pitch without having faced any other person until his delivery motion is started.

Ruling: When the umpire realizes that F1 took his signal while not on the pitching plate and then delivered the pitch without taking a signal while in contact with the pitcher's plate, he will give the delayed dead ball signal and when the play has gone through to its completion, he will penalize for an illegal delivery, unless it develops that the penalty is to be ignored.

3. Play: With R1 on 2nd, F1 assumes a legal position and takes his signal from F2. He then turns and drives R1 back to 2nd base. Must he again take a signal before delivering the pitch?

Ruling: He may do so, but he is not required to take another signal, prior to the pitch.

4. Play: F1, when taking his signal, contacts the pitching plate with his non-pivot foot or holds the ball in his gloved hand.

Ruling: Both acts are illegal.

5. Play: F1, when taking his signal, holds the ball in front of him so that it can be seen by one or more umpires.

Ruling: This is not permissible. The rule clearly states that the ball must be held in the pitching hand either at the pitcher's side or behind him.

6. Play: Will the liner type of head protector comply with the 1972 requirements for use by the catcher as mandatory equipment?

Ruling: No. It is recommended that the catcher wear the hard plastic protector during the 1971 season. It will be mandatory in 1972.

7. Play: F1 has a white tape or a white wristband wrapped around the forearm or wrist of his pitching arm or is wearing white shoes.

Ruling: The umpire must require the removal of, or the covering of the tape or wristband with a dark colored tape or wrap. The wearing of white shoes is permissible.

8. Play: R1 hits safely to the outfield and is standing on 1st base during a live ball while there is no playing action. He removes his head protector momentarily to wipe his brow or adjust the protector to his head. Is he in violation?

Ruling: No. The rule applies only while he is running between bases or while a play is being made on him.

9. Play: The head coach and the assistant coach each occupy one of the coaches' boxes when their team is at bat.

Ruling: This is permissible provided they are in uniform.

10. Play: During a live ball, F1 positions himself less than 5 feet from the pitcher's plate without having the ball in his possession. There are runners on 1st and 3rd.

Ruling: F1 is charged with a balk and R1 and R2 each advance 1 base. There is no need for or merit to F1 being within 5 feet of the pitcher's plate without the ball and by using a definite length of measurement, such rule can be simply administered.

11. Play: B1 appears at bat without wearing a head protector.

Ruling: If, while batting, it is discovered that the batter is not wearing a head protector, there is no penalty. However, F1 shall be ordered to secure and wear a head protector. If he fails to comply with this order he is removed from the game. Should the violation of not wearing a head protector not be discovered until B1 becomes a batter-runner, the same regulations apply. However, if while batting he wears a head protector and subsequently, as a batter-runner, he deliberately removes his protector, his penalty shall be the same as for any other runner. When a batter or any other runner deliberately removes his head protector, the umpire shall give the delayed dead ball signal immediately. He shall then permit play to continue until no further action is imminent at which time the umpire shall then declare the ball dead. All runs scored during that play shall count. If the violator has ceased to remain a runner either by scoring or having been put out, there is no penalty. Otherwise, the violator shall be declared out and credited for any advance he had made on the bases.

12. Play: B2, while hitting either a fair or foul ball, has the toe or heel of either foot touching the ground; (a) on the boundary line of the batter's box but not beyond the outside edge of the

line; or (b) beyond the outside edge of the batter's box boundary line.

Ruling: Legal in (a). In (b) the umpire shall declare B2 out.

13. Play: With R1 on 2nd and R2 on 1st attempting to steal 3rd and 2nd bases, respectively, F2 receives the pitch and, in attempting to throw to 2nd, the back swing of his arm is such that his arm strikes the umpire and causes the ball to fall from his hand or be thrown into center field.

Ruling: If the umpire believes he was out of position and interfered with F2, he will give the delayed dead ball signal when the interference occurs. If R1 is safe because of the interference, after play is completed, the umpire will declare the ball dead and order all runners to return to the base each legally occupied when the interference occurred. If umpire believes he was not out of position, there is no interference.

14. Play: R1 is on 1st when B2 hits a ground ball to F1. R1 starts toward 2nd and F1 throws the ball to 1st, retiring B2. F3 overlooks R1, who is between 1st and 2nd, and he throws the ball to F2. R1 then returns to 1st without having touched 2nd or having been tagged with the ball while off base.

Ruling: R1 is safe at 1st. He was privileged to return there since the force on R1 was removed when B2 was retired at 1st.

15. Play: With 1 out, R1 is on 3rd and B3 is at bat. B3 bunts the ball into the air in fair territory between 3rd and home bases. As F2 attempts to field the ball, R1 advancing toward home base, collides with him, preventing F2 from catching the bunted ball, which prevented a double play.

Ruling: The ball becomes dead immediately when the interference occurs. R1 is declared out and B3 is also declared out since the action of R1 prevented a double play on R1 and B3.

16. Play: With R1 on 3rd, F5 hides the ball. F1 (without the ball) steps either on the pitcher's plate or astride it or stands approximately 3 feet behind or to the side of it while B2; (a) is standing in the batter's box ready to bat; or (b) is out of the batter's box applying dirt to his hands or receiving a signal from the coach.

Ruling: Balk in both (a) and (b).

17. Play: With 1 out, R1 and R2 are on 3rd and 2nd bases, respectively. B4 hits a fair ball which appears to be a 3-base hit. R1 crosses home base without touching it and R2 advances, touching 3rd and home base before B4 is tagged out at 3rd. F5 throws the ball to F2 who steps on home base and appeals the infraction of R1 (missing home base).

Ruling: The run by R2 counts. The appeal on R1 at home base is upheld. Even though the out made by R1 at home is the 3rd out insofar as the order in outs is concerned, it actually is the 2nd out of the inning and B4 made the 3rd out at 3rd base. When R2 touched home base, R1 already was out because of the subsequent allowed appeal. Rule 9-1-1 exception (c), states a run is not scored if the runner advances to home base during action in which the 3rd out is made by the preceding runner being declared out because he failed to touch one of the bases. Exception (c) does not apply to this situation. Had B4 been put out at 3rd before R2 touched home base and the appeal allowed on R1 at home, the run made by R2 would not count.

18. Play: With a count of ball 3, strike 2 on B1, he swings at the next pitch. The ball strikes on his fist and caroms into foul territory without being touched by the bat.

Ruling: B1 is out on strikes. The ball becomes dead as soon as it strikes B1. Had the ball struck

the bat and his hand it would have been ruled a foul ball.

19. Play: With R1 on 2nd and R2 on 1st with none out, B3 hits a low fly ball toward shortstop but F6 who has been busy holding the runner on base is out of position. F6 attempts to get to the ball by diving, but misses it. Neither umpire rules it an infield fly. Both R1 and R2 feel this is an infield fly and hold their bases. F6 recovers the ball and throws to F5 at 3rd who, in turn, throws to F4 at 2nd.

Ruling: Both R1 and R2 are out on a double play. Since F6 could not catch the ball with ordinary effort, the umpire was correct in not calling out and signaling an infield fly.

20. Play: With R1, R2 and R3 on 3rd, 2nd, and 1st bases, respectively, and none out, B4 attempts to bunt but pops the ball into the air between home and the pitcher's mound. The ball strikes the ground and spins back to the catcher who is standing on home base. F2 then throws the ball to F5 who is standing on 3rd and subsequently relays the ball to F4 on 2nd. All three runners held their bases believing the ball was going to be caught.

Ruling: R1, R2 and R3 are each out on a triple play. An attempted bunt can never be ruled an infield fly. All three runners were put out on force-outs.

21. Play: B1 appears at bat with a bat made of laminated pieces of bamboo. Is this a legal bat?

Ruling: At the present time it is not a legal bat except for Ohio high schools. The National Alliance Baseball Rules Committee has authorized the Ohio High School Athletic Association to conduct the testing of the bat for durability, safety and reaction to determine whether it will meet the standards required for approval.

22. Play: R1 and R2 are on 2nd and 1st bases, respectively, when B3 shortens up on the bat as if to bunt but at the last moment draws back and swings at the pitch. He hits a blooper not more than 10' to 15' off the ground toward the 3rd baseman. The umpire calls out "infield fly".

Ruling: There is nothing in the rules stating how high an infield fly must go. Since the batted ball is neither a line drive nor an attempted bunt the umpire would be correct in calling it an infield fly if he felt it could be caught by an infielder with ordinary effort.

23. Play: R1 is on 3rd leading off base and standing on foul territory. B2 hits a low line drive which strikes 3rd base in flight and bounces to foul ground where it strikes R1 standing there.

Ruling: The ball remains in play. This is a fair ball since it struck the base and R1 is not out because the batted ball struck him on foul territory.

24. Play: B2 hits safely to F9 which advances R1 from 1st to 3rd. Meanwhile, as B2 arrives at 1st, F3 straddles the base and hinders the progress of the batter-runner. B2 attempts to reach 2nd and is thrown out.

Ruling: The umpire shall signal a delayed dead ball as soon as he sees the obstruction and after the play has gone through to completion, he shall declare the ball dead and call obstruction on F3. B2 is advanced to 2nd and R1 is not advanced from 3rd since the play does not affect the preceding runner. Had the outfielder thrown to 3rd, and retired the runner there, R1 would be out since he was not hindered in his advancement.

25. Play: R1 and R2 are on 3rd and 2nd, respectively, with 2 out when the coach signals for a double steal. F2, in his anxiety to put out R1 who is advancing toward home base, jumps in front of the base and interferes with the swing

of B5. F2 receives the pitch and tags R1 before the runner can touch home base.

Ruling: If F2 was out of the catcher's box at the time of the pitch, the play is ruled a balk on the pitcher for pitching while the catcher does not have his feet in his box and thus both R1 and R2 are each advanced 1 base. If F2 was still in his box at the time of the pitch and he then stepped forward out of his box while the ball was in flight, the infraction would have been ruled as catcher interference on the batter and R1 and R2 as well as B5 each would have been awarded one base.

26. Play: R1, R2 and R3 are on 3rd, 2nd, and 1st bases, respectively, with 1 out. B5 hits a ground ball to F5 who steps on 3rd for a force-out retiring R2. He then throws the ball toward F2, however, his throw is wide and it permits both R1 and R3 to score. B5 reaches 2nd on the play. F4 then calls for the ball and appeals properly that R3 had missed 2nd base. The umpire agrees and declares R3 out. How many runs count?

Ruling: No runs score since this 3rd out, made on the appeal, results in a force-out at 2nd base on R1. No runs score when the 3rd out is a force-out.

27. Play: R1 and R2 are on 2nd and 1st bases, respectively, when B3 hits a ground ball to F5. F5 throws the ball to F4, the throw is too late to force R2. F4 then throws the ball to F3 and the ball goes into the stands.

Ruling: R1 and R2 are both awarded home base, since they had reached 3rd and 2nd respectively by the time the wild throw was made. B5 is awarded 2nd base because he had not yet reached 1st base when the throw left the hand of F4.

28. Play: B1 bunts the pitch down on the 1st base line. F2 retrieves the ball and attempts to tag B1 with it by diving at him from behind and accidentally stuffs the ball into the batter-runner's hip pocket. Then B1 advances and F2 loses his grip on the ball. B1 then proceeds to advance on the bases until he crosses home base.

Ruling: As soon as the ball is in possession of an offensive player, it becomes dead, therefore, the advance by B1 is not allowed. He is, however, awarded 1st base and F2 is charged with an error. B1 is not credited with a hit.

29. Play: With R1 on 2nd and R2 on 1st, on the next pitch both runners attempt a double steal. F2 throws the ball to 3rd which arrives there well in advance of R1, who stops short of the base, and the team in the field attempts to retire him in a run down. R2, believing that R1 apparently is going to make it back to 2nd safely, runs back toward 1st. As he is retracing his steps, a wild throw goes into the outfield. R2 again changes his direction and is able to advance to 2nd, 3rd and then score. He does miss touching 2nd. Is he obligated to touch it in such advance?

Ruling: Yes. Each runner must touch base in proper order whether advancing or returning from the base paths in such situation. R2 was obligated to re-touch 2nd and is, therefore, subject to being retired upon proper appeal.

30. Play: With R1 on 3rd and R2 on 1st, there is 1 out when B4 hits a fly ball to F9. R1, thinking there were 2 out when B4 hit the ball, advances to home base without re-touching 3rd. Following the catch, F9 throws the ball to 1st and catches R2 off the base for an inning-ending double play. The team in the field goes to the dug-out immediately after the play. The offensive team claims they have scored a run.

Ruling: The run by R1 does count. R1 did

violate the re-touch provision of the baseball rules, but the infraction must be appealed by the team in the field before its infielders leave fair territory. The fact that the team in the field did ignore the violation and R1 scored before the 3rd out was made results in the run counting.

31. Play: B1 hits low liner toward F4, who makes a diving stab just off the ground. He is so set in desiring to show the umpire his catch is legal that he quickly thrusts out his glove and the ball shoots away. Is this considered a legal catch?

Ruling: This is entirely a judgment play, but in this case, the umpire quite likely would rule "no catch."

32. Play: B1 swings at a pitch and tops the ball and it rolls slowly in fair territory near the 1st base foul line. F3 charges in to play the ball and seeing that B1 will be safe at 1st on a hit, makes a path with his foot so that the ball rolls in it and on into foul territory.

Ruling: This is a situation which the umpire-in-chief is authorized to cover under rule 10-2-g. This rule provides the umpire with the responsibility to make final decisions not covered specifically by the rules. In this situation, the umpire would be justified in calling the batted ball fair and award 1st base to B1. He would also see that the scorer credited B1 with a single.

33. Play: R1, R2 and R3 are on 3rd, 2nd and 1st bases, respectively, with 2 out with a count of ball 2, strike 2 on B6. F1 delivers from a wind-up position and R1 breaks for home base. R1 touches home base, and as he does so the ball strikes him on the foot. The pitch was not in the strike zone.

Ruling: The ball becomes dead immediately when a pitch strikes a runner. In this situation, the pitch is a ball on B6, and each runner is advanced 1 base from where he was at the time of the pitch, except when pitch is a strike for the 3rd out.

34. Play: R1 is on 1st, and on pitch he breaks for 2nd. B2 tips a foul directly back to F2. The ball enters the mitt of F2 and is covered, but F2 opens his hand and permits ball to drop to the ground. R1 reaches 2nd, but is he entitled to remain there?

Ruling: On a legally caught foul tip, the ball remains alive and all runners may advance without touching up. Actually, there is no rule to cover the above situation. The one rule on the deliberate dropping of a batted ball applies only to fair hit balls and not fouls. The umpire would not be out of order by applying rule 10-2-g, and permitting R1 to remain on 2nd.

35. Play: R1 is on 1st with none out when B2 swings at pitch which strikes his bat, then goes directly to mitt of F2 and it ricochets to strike his chest protector, and then lodges in the hand of F2. F2 throws ball to F4, who tags R1, sliding toward 2nd.

Ruling: R1 is out. The action at home base resulted in a foul tip. A foul tip is a batted ball which goes sharp and direct from the bat to the catcher's hand. It is not considered a catch when the ball rebounds, unless the ball has first touched the catcher's glove or hand.

36. Play: R1 and R2 are on 2nd and 1st bases, respectively, and with 1 out, B4 hits an infield pop-up which the umpire rules an "infield fly, if fair." F3 muffs the ball in fair territory. The ball bounces and rolls to foul ground between home and 1st. F3, in disgust, flings his mitt at the ball, striking it and stopping the roll. R1 and R2 stop at 2nd and 3rd, respectively, while B4 reaches 1st.

Ruling: B4 is out under the infield fly ball

rule. Both R1 and R2 are awarded home base because F3 struck a fair ball with detached player equipment.

37. Play: R1 is on 1st base when B2 hits fly ball toward right field. R1 rounds 2nd and heads for 3rd, however, believing ball will be caught he returns, touches 2nd and is part way back to 1st, when he sees ball fall to ground at fielder's feet. R1 returns to 2nd and slides into the base just after F4, standing on base, catches ball, but before F4 can tag R1 out.

Ruling: R1 is out on a force play even though he had previously touched 2nd. When he re-touched 2nd and started back to 1st, he then gave up the base and became liable to be put out on a force.

38. Play: R1 is on 1st with none out when B2 hits ground ball toward F4. R1, while advancing, stops momentarily in front of F4, obscuring his vision. F4 is unable to make the play. The captain of the team in the field claims R1 should be called out for interference.

Ruling: R1 is out for interference, not because he runs in front of a fielder, which is permissible, but because his hesitation was a definite act to obscure the vision of F4, which it did. It is possible the umpire might rule B2 out also, because of R1's interference and he would so rule in his opinion the action of R1 prevented the double play.

39. Play: With a count of 3 and 2 on B1 he hits next pitch which strikes dog running through the outfield. B1 is held to a 2-base hit and coach of team at bat pleads to the umpire that had the ball not struck the dog it could have rolled for a triple and possibly an inside the park home run.

Ruling: Umpire exercises good judgment in this play and rules that what happened was an act of God and he requires B1 to remain on 2nd.

40. Play: In the 1st half of the 1st inning, team at bat already has scored 7 runs and there is only 1 out when F9 is due to bat. Coach of the team sends a pinch hitter up to the plate to bat for his star hoping to save him for the 2nd game of the double-header.

Ruling: This is not permissible. Rules require that the pitcher listed in the batting order prior to the start of the game, shall pitch until the 1st opposing batter is either retired or reaches 1st base.

41. Play: Because of injuries to personnel the team in the field has no more pitchers and thus the coach desires to bring in F9 to pitch while the bases are loaded. The umpire notifies the coach of the other team that F9 must pitch without the warm up process. Is the umpire correct?

Ruling: The umpire is absolutely wrong as well as being arbitrary. The rules clearly states that a pitcher, at the beginning of each inning or when a pitcher is replaced during an inning, his replacement may have a maximum of 8 "warm ups" unless the umpire authorizes more because of injury or inclement weather.

42. Play: In the last half of the 6th inning with runners on 3rd, 2nd, and 1st bases, respectively, and 2 are out, coach of team in the field requests time to remove F1 and replace him with S1 to pitch to B6. S1, from the set position, while the ball is alive, wheels and throws ball to F4 who tags R2 while he is sliding toward 2nd base for the 3rd out. S1 will be the first batter in the first half of the 7th.

Ruling: No. It is permissible for the coach to put in a pinch hitter for S1. A substitute pitcher must pitch only until the first batter he faces is retired, or reaches 1st base, or until the offensive team is retired.

Team Teaching

By Supt. Julius G. Truelson
Fort Worth Public Schools

"When will the coaches have to start teaching? They're out there just watching while we're in here explaining factoring or teaching Chaucer or listening to current events." These critical commentators didn't realize it, but they were in the dark ages of teaching.

The coaches were "where the action is"—they were with it—perfectly executing team matching long before it was fashionable or the latest innovation among other educators.

Coaches Lead the Way

The coaching situation is the best method to explain what team teaching involves. Coaching shows how team teaching is vital to the betterment of classroom instruction.

Now let's see what a football coach does. First, he sits down and studies each individual boy under his direction. He finds what he can do, what he can do best, what his weaknesses are, and then builds on his strengths and overcomes his weaknesses.

A Boy Is An Individual

The coach thinks about each boy as an individual and sees where he can fit best into the total picture. Then he gives each boy the special training that he needs. He divides the boys into small groups and works with them—the ends together, the tackles together, the guards together, the centers and the backs together.

The boys work as a group on their patterns. Soon they can do them automatically. They do them over and over. After they get through prac-

tice, they sit down and discuss them—how did John do this; how did Joe do that; how did Bill do that; what can be done to improve John, Joe, Bill. On every play in football, 11 players must all mesh together and do something that comes out with one single answer that has to do with moving the ball forward.

Complicated Study

There are many football plays for any given high school team. Each play is designed to do a certain thing, and this must be done against an opponent who is actively trying to keep the play from being successful. The coach has to anticipate this and, benefiting by team teaching, plan for what can be restructured to meet the needs at the moment.

The team has to do each play just right. If they make a mistake, they fail the test. The coaches are taking pictures so they can go back and study them. You then have instant evaluation.

The Team Develops

How does a football team develop through this team teaching? The boys are involved. They are given short segments of information—a lot of doing. It is relevant to them and they want to participate. They are emotionally involved; they like what they are doing; they get instant evaluation; they get recognition when they do it right; they get instant correction when they do it wrong. When they get through, they feel like they are better for it. That's why football is a tremendous success. The team is involved. One day we will discover this in all of our success.
